Ledger Reporter Visits Jap Newspaper Plants; Tells About Meal at Famous Press Club

Being interested in newspapers it is quite natural that at the first opportunity in Japan I should go in search of a newspaper to investigate. In Tokyo this week I visited three papers, two printed in Japanese and the other an English-language Jap paper.

Cut of a section of a page of a Jap Newspaper. You start at the top and to the right, read down and to the left.

Having friends working on the Stars & Stripes, the Army newspaper in this area, I called on them first. They are located on the top floor of the Jap-English language paper, the Nippon Times.

One of the interesting facts about the type setting on this paper is that the linotype operators can copy English letters from written copy but not understanding a word of what they are setting.

The meal was very well cooked and tasted alright although that fish looking up at us from the plate caused some comment. There being a slight inflation in Japan the meal came to 500 yen or \$33 for the four of us.

The smartest man in town is the fellow who will continue to watch his auto tires because he figures it will be quite a time before he gets new ones.

People will travel many miles next summer to see famous scenes, when many of them never visited many of the splendid points of interest in Michigan.

The home town newspaper not merely prints all the local news, but it is the means by which the people of a community communicate with the world, and tell what is going on in the home town.

Full particulars regarding the Victory Clothing Drive which is underway in Lowell this week will be found in another column on this page. Mrs. H. J. Englehardt and Suplt. W. W. Gumsier are serving as co-chairmen.

It seems quite natural to see Dr. D. H. Oatley back in his dental office after two years of service as lieutenant with the U. S. Navy in the Pacific theater of operations. The Doctor says he is being kept as busy as the proverbial bee in a tar bucket and that he is glad to be back with the home folks.

Word has been received here that Frank Houghton of Lowell and Arch Wood of McCords, both of whom have been basking in Florida sunshine for the past month, were basking at Daytona Beach the other day. The boys were gathering sea shells, no doubt with a big group of ladies looking on admiringly.

It is reported that there is considerable sentiment about town in favor of prohibiting the sale of beer on Sundays and the employment of minors in places where beer is sold.

The attention of every citizen of this community is called to the article elsewhere on this page entitled "Community Council Organized." This article deals with the acute housing shortage and of the steps that are being taken to meet the situation.

William Christiansen, well known local druggist and otherwise active in civic affairs, suffered a slight stroke early last Friday morning at his home, 605 E. Main St.

The former governor, who has many friends in Lowell, is blind and crippled as a result of a fall that fractured his right hip a year ago, but otherwise in good health.

A newspaper paragrapher remarks on the difficulty which wives and husbands often experience in having to listen to and laugh at the stories told by their wedded mates, when they hear these incidents and victims over and over again.
It is pretty hard for anyone to be always original, and always coming out with new stories and flashes of humor. Even the good talker will frequently tell the same old story over and over, as he meets people. The wife or husband may be supposed to laugh at the proper place, if there is real love between them they can stand that repetition, and be pleased that the wedded mate's tale or humor provokes laughter or interest.

Ruhr Magnates Arrested

EXTRICATION OF GERMAN MILITARISM and Nazism was effected at the Potsdam Conference between President Truman, Prime Minister Attlee and Generalissimo Stalin. One of the steps necessary to this was carried out when British Field Security Police recently arrested thirteen international leaders in the Dortmund area of the German Ruhr. This picture shows a British sergeant questioning some of them in the line-up after their arrest.

THE OLD JUDGE SAYS...

DICK: "I wonder how the distillers feel about that new movie built around an alcoholic." OLD JUDGE: "It's funny you asked that, Dick... I was just reading a piece about it." DICK: "What did it say?" OLD JUDGE: "A very sensible statement. It said the beverage distillers are fully aware of this problem and are cooperating in every way possible to help solve it. The alcoholic is to the beverage distilling industry what the reckless driver is to the automobile industry. There is nothing wrong with the automobile, but in the hands of a man who doesn't know how to drive it or is reckless, it becomes a menace. Likewise, it's not the use but the abuse of alcoholic beverages that causes trouble." DICK: "Wonder why it is most men drink moderately and others can't?" OLD JUDGE: "Intensive research at a great university has shown that most excessive drinkers are really sick people. They are suffering from some physical, social or moral ailment. And great strides have been made in developing clinical methods of helping these unfortunate people."

FREEDOM! to Fend for Herself...

WHAT CAN YOU SPARE THAT SHE CAN WEAR? What You Can Do! THIS LITTLE GIRL is free—to fend for herself! Free—to face a multitude of problems. Her problems are the world's problems. Let's face them. For instance, let's face the desperate need for clothing now in Europe and Asia. Goal of the Victory Clothing Collection is 100,000,000 garments, plus shoes and bedding. If your contribution seems negligible, bear this in mind: Every garment you give means one more human being saved from cold or sickness or possible death. About 25,000,000 people overseas received clothing collected from Americans last spring. But for every person clothed so far, a dozen more remain virtually threadbare. Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East. In most any town or city overseas there is someone who can translate English. You can help build international friendship by writing a simple, friendly letter to pin to the clothing you contribute. Dig into your attics, trunks, and closets today. Dig out all the clothing you can spare. Take it to your local collection depot now.

VICTORY CLOTHING COLLECTION for Overseas Relief JAN. 7 to 31 HENRY J. KAISER National Chairman Full particulars regarding the Victory Clothing Drive in Lowell will be found on first page of this issue. Mrs. H. J. Englehardt and Supt. W. W. Gussner are co-chairmen.

Up and Down Kent County Roads

K. K. Vining, Kent County Agricultural Agent

Dick Machlele and the County agent went to Kalamazoo last week to see the 1946 Caravan of Progress, the Michigan State College farm labor saving show in action. We came home well pleased with what we saw. Kalamazoo folks turned out in force to see this exhibit, in fact, attendance at the show has been running from 1400 to 1800 per day per county.

The exhibits are good with plenty of pertinent information. The models, both stationary and operating are good and draw plenty of attention. The display of home made equipment wasn't too large but of good quality.

We were struck by the display of interest to the farm wife. A set of kitchen cupboards, wood finishes, demonstrations. The poultry display had as many women around them as there were men. Ladies, you are invited to attend, and there will be demonstrations on modern mending methods and time saving methods in ironing. Kent County farmers are lining up home made equipment for the show. Quite a display has been promised.

Remember, the date is February 7, one day only. Kent County Road Garage at Rockford—from 10 a. m. to 4 p. m.

A new certified seed directory for grains, corn and soybeans came to our desk the other day. We were interested for two Kent County farmers have seeds listed. Raymond Yost of Alpine Township, growing his first certified seed, has listing of both Marion and Huron oats.

Don McPherson in Vergennes, who has been at the certified seed for sometime has been at the certified seed for sometime has listings of both Marion and Huron oats, also four hybrid corns and Golden glow, an open pollinated corn.

The Grand Rapids Guernsey Breeders' Association will hold its Annual meeting at the Grand Rapids Y. M. C. A., February 8. Plans

call for a morning session starting at 11 o'clock, dinner at noon and an afternoon program. Alden Cole, State Secretary, will be in attendance and it is expected that R. L. Holden of the American Guernsey Breeders' Association will be present. Mr. Holden is the new field man for this area. E. W. Ruesha of Caledonia is president and Raymond Jost of Alpine is secretary. This association covers Kent, Ottawa, and Muskegon counties.

Another meeting we have overlooked announcing is one for small fruit growers, strawberries and raspberries, February 28 is the date at the Grand Rapids Township hall. T. A. Merrill of the horticultural department at Michigan State College will lead the discussions. More about the meeting later.

Kent County farm folks are seeking warmer climates for vacations. The Lynn Post family of Algoma Township have just returned home from a trip to Florida. Carl Hessler and wife are in Phoenix, Ariz. for a month or more. In Gaines Township Mr. and Mrs. Leo Riggs, Mr. and Mrs. Otto Leatherman and Mr. and Mrs. F. S. Brown are on their way to St. Petersburg, Fla. Frank Houghton is in Florida. Representative and Mrs. Maurice Post of Courtland are planning to go to Sarasota when the special session of the legislature ends.

The County agent's feet are itchy to travel and who knows but someday he and his wife may get going.

We were glad the other day to have John Potts, former C. T. A. tester for the South-Kent Association came to see us. John saw plenty of action in Italy, France, and Germany. The same day Gordon Smith, of Algoma, a former 4-H club member ad leader came in. Gordon saw his service in the Pacific seeing a lot of territory and water between San Francisco and Manila. Then as we were going home Carl Snow, former superintendent of schools at Caledonia called us. Carl has been in the navy stationed on the west coast. Mighty glad to see and hear from all these folks again.
