

Vote Saturday on Bonding Proposal

Object Is to Secure New Source of Water

A proposal of great importance to the future welfare of this community is to be decided by Lowell voters at a special election to be held this week Saturday, June 29, and it goes without saying that every voter should exercise his right of franchise on this important question.

Misbranded Foods Appear on Market

Warning to Public From State Ag. Director

Preventing the manufacture or sale of adulterated or misbranded articles of food and drink in the State of Michigan is one of the major objectives of our Food and Standards inspection staff, says Charles Flyg, Director of the State Department of Agriculture.

In the month of May alone, Department inspectors placed under seizure or stopped the sale in Michigan of 145 different lots of food or drink that were found to be adulterated, misbranded, or in violation of some other state law governing the sale of food.

Special reference should be made to a method of food adulteration that is injurious to health. The use of mineral oil in food products, which is a non-edible oil, has become prevalent because of the shortage of the more expensive edible oils.

In order for the village to have a new supply of water, the bonding issue must carry by two-thirds majority vote. Village President Peter Speerstra and all six members of the Common Council namely, L. W. Rutherford, Wm. Christiansen, Henry Weaver, R. D. Hahn and Jay Soelens, also Albert Roth, the consulting engineer, have given the matter much thought and investigation and fully realize the necessity of improving and extending Lowell's water supply.

Ten Commandments For Your Vacation

By William DeKleine, M. D., Com. Michigan Department of Health

- 1—Do the things you enjoy most, provided your doings are safe and sane. Avoid hazards to mind and body. 2—Eat sensibly—choose a balanced diet—avoid overeating. Eat lots of fresh fruits and vegetables. 3—Select clean eating places when dining out. Avoid insanitary ones—always. 4—Exercise moderately in the open out-of-doors. Take advantage of the invigorating influence of fresh air and sunshine. 5—Peel off some of your clothes and gradually develop a coat of tan. Avoid long exposure to the sun and prevent severe sunburn. 6—Drink only pasteurized milk and only water that is known to be safe. 7—Sleep a third of the hours every day in comfort and quietude. 8—Bathe only in waters that are known to be safe. Avoid sewage-contaminated streams and lakes. Do not swim alone in deep water nor dive in shallow places. 9—Do not attempt anything that will tax your physical endurance. 10—For your peace of mind, avoid arguments and unpleasant situations. Spend only within the limits of your vacation budget. Be moderate in all things. Observe these commandments and keep them wholly; herein lie physical, mental and spiritual values.

Michigan Greatest As Vacation Land

"Michigan can confidently look forward to the biggest year in her history," declared Ben Wright, in the state's tourist council office in Lansing, Wright, the executive secretary of the council, said he based his optimism on several promising factors.

"Most Americans haven't had a real vacation in four years. Now with all travel restrictions removed, the nation's favored vacation lands can expect record-breaking throngs," he asserted. Wright then emphasized Michigan's preferred place in the vacation picture, pointing out that no state in the union can offer a wider variety of vacation pleasures. From Michigan's mild, summer climate to her many lakes and forests, the tourist will find practically everything necessary for a perfect vacation.

CHANGE OF OWNERSHIP

The Lowell Drycleaners, which has been operated under the ownership of Fred Shinaberger, has been sold and will be continued under the management of Frederick C. Gault. Business will be continued at the same location, Bannan's Barber Shop.

Notices of Annual School Meeting and Election

The annual meeting of the Township District Number One of the Township of Lowell, Kent County, Michigan will be held at the Central School Building on Monday, the 8th day of July, 1946, at 8:00 o'clock p. m., E. S. T. to transact such business as may lawfully come before it. Notice relating to election of Board members will be found posted below. Dated this 20th day of June, 1946.

CHILD STUDY CLUB

The Child Study Club has elected the following officers for the coming year: president, Mrs. Jas. Gee; vice-president, Mrs. William Cole; treasurer, Mrs. Clinton Christoff; secretary, Mrs. Abe Verwys.

Many VFV's Available

Victory Farm Volunteers in larger numbers are expected to go into Michigan's crop fields now that large city schools have dismissed for the summer.

Any requests for youth must be made in the office of the local county agricultural agent immediately. While in some localities the available youth is limited, there seems to be a surplus of Victory Farm Volunteers on the whole, especially in heavily populated areas. The workers, however, can be shifted into areas needing help, Mrs. Shimkus stated.

WAR MEMORIAL BOOK IN PRINTERS HANDS

The World War II Memorial Book containing pictures of dead, list of wounded and roster of all men from this district, John Zoodema, chairman of this committee disclosed Monday, has gone to the printers and will be ready for the public in August. The book will be formally dedicated at VJ Day ceremonies.

Respected Citizen Dies in Vergennes

Thomas W. Read passed away at his home in Vergennes township on Wednesday, June 26, at the age of 80 years, 1 month and 21 days.

Mr. Read was born in Norwich, England, on May 5, 1866, and came to Vergennes township at the age of 19 years. On January 1, 1888, he married Gertrude L. Pett, who was also born in England.

Intensified Drive To Curb Accidents Is Underway Here

In an attempt to curb the rising accident rate, Lowell will be the scene of an intensified drive to stop violations of traffic rules.

Since VJ Day the accident rate in Lowell has risen 50 per cent and most of these accidents can be traced to violations of the every-day traffic regulations and carelessness. Leading cause of accidents has been spreading and failure to have cars under control.

The offense to be corrected which is most frequently violated in Lowell is double parking which during the war was not checked so closely. This must be stopped because of the congested condition and increase in traffic parking on the wrong side of the street is another violation to watch.

Laura P. Davis Gives Hints On Saving of Soap

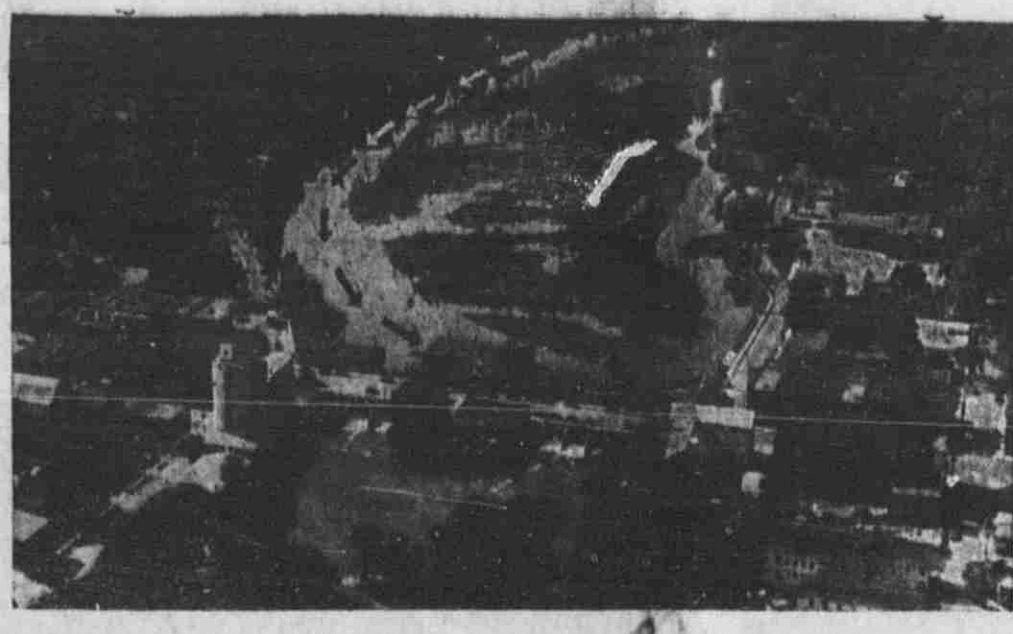

It's needless to tell the housewife that soap saving is a real necessity these days. But Miss Laura P. Davis, extension specialist in home management, gives the homemaker a few tips on how to make the soap go farther and how to make the clothes cleaner.

Water softener, however, should be thoroughly dissolved before the soap is added. It will, however, reduce the amount of soap required if you give it a chance to do its job before you add the soap. Five to three to five minutes. Always measure the quantities to be used, after determining by experimentation the right amount necessary for the water you use.

Special Election Notice Village of Lowell, Mich.

To the Qualified Electors of the Village of Lowell: You Will Please Take Notice That pursuant to a call of the Common Council of the Village of Lowell a special election will be held on the 28th day of June, A. D. 1946, in the City Hall in the Village of Lowell to consider an act upon a proposal as to whether or not said Village shall borrow the sum of \$48,000.00 which shall be sufficient for the purpose of making the following extensions and additions to the existing water system, namely:

A new well water source of supply, including exploration wells, final wells, pump houses and equipment, and force main connection to existing water system, and shall authorize the issuance of General Obligation Bonds of said Village to defray the cost of construction thereof, which cost has been estimated at \$48,000.00.

LOWELL GETS SET FOR SHOWBOAT REVIVAL, JULY 23, 24, 25, 26, 27

Birdseye view of a portion of Lowell with arrows showing the course of the Showboat down Flat River. Why Lowell has such a colorful spectacle can easily be seen from her advantageous position, perched across Flat River. The old buildings make the picture of the Showboat's nightly journey a realistic replica of the oldtime southern showboat arrival in town.

Four Local Teams Playing Softball

Softball got underway under sponsorship of Lowell Board of Trade at Recreation Park Tuesday of this week. Games will be played every Tuesday and Friday nights at 6:30 until July 19, then skip Showboat week, resuming on July 30 and continuing until Friday, Aug. 9.

Four teams will play, each being represented by a number, namely: 1, Sprayer; 2, A & P; 3, Moose; 4, Forman's. The schedule follows:

- Tuesday, June 25, 7-1/2
Friday, June 28, 3-4
Tuesday, July 2, 4-2
Friday, July 5, 1-3
Tuesday, July 9, 1-4
Friday, July 12, 2-3
Tuesday, July 16, 3-4
Friday, July 19, 1-2
Tuesday, July 30, 1-3
Friday, Aug. 2, 4-2
Tuesday, Aug. 5, 2-3
Friday, Aug. 9, 1-4

Eddie Kiel is sports chairman for the B. of T. and Chris Burch is in charge of activities at the park.

Police Car Carries Two-Way Radio Set

Lowell as well as the rest of Kent and nearby Ionia county will have better police protection since the installation this week of a high-frequency two-way radio in the police car operated by our most deputy, Frank Stephens.

With the new radio set, Mr. Stephens will be in constant contact with the Kent County Sheriff's department, Grand Rapids police and the Michigan State police.

Poultry and Eggs in The Post War Period Need More Attention

During the war, partly due to the scarcity of competing foods, the consumption of poultry and eggs reached high levels. However, when other foods do become plentiful, says Charles Flyg, Director of the State Department of Agriculture, the poultry producer, and the poultry industry as a whole, will have to give more attention to the wants of the consumer and make available better quality eggs and poultry or we cannot expect to maintain the high level of consumption.

The rate of consumption of poultry and eggs will largely depend upon consumer satisfaction resulting from their use. Therefore, our goal should be to satisfy the consumer. One bad egg in a dozen or one poor chicken may drive the consumer to purchase some other product. We must be sure that each item is satisfactory, both as to quality and price, and we must continue to improve the quality of these products.

One of the first essentials in maintaining egg quality is frequent gathering and prompt and thorough cooling. Eggs should be cooled in a moist atmosphere to prevent evaporation of the egg contents. Soiled eggs usually sell for three or four cents less than clean ones. Frequent gathering also helps prevent dirt and when cleaning eggs, a sandpaper brushing is preferred to washing.

Fun Will Feature B. of T. Supper Meet

Secretary Carl Freyermuth announces that a Board of Trade dinner will be held next Monday evening, July 1, at 5:30 o'clock in the Methodist church dining room. All members should plan to attend as the program committee which is composed of W. W. Gumsier, E. C. Freeman and Harry Day state that the hot weather is being taken into consideration and that fun will be the main feature following a short business program.

COORDS FARMER DIES AFTER LONG ILLNESS

Walter Clark, life-long resident of Kent County, died Monday morning at his farm home near Mc Cords after a long illness. He was 83 years old.

Mr. Clark lived his entire life on the farm his father acquired as a land grant in 1844. He was married to Ida Vanderlit in May of 1882.

In addition to his wife he leaves a daughter, Mrs. Jennie Williams of McCords; a son, G. H. Clark, of Grand Rapids; two sisters, Mrs. Olive Tracy and Mrs. Flora C. Stone of Carleton, N. M.; two granddaughters and four great-grandchildren.

Legion Post Buys East Ward School Officers Elected

At the regular meeting of the Clark-Ellis Post of the American Legion Monday night, William Christiansen, chairman of the building committee, was authorized to negotiate for the purchase of the old East ward school on Main street. The building which has stood idle or been used for storage purposes, was agreed upon by the members as being more quickly available than to try to build a new building.

As soon as the purchase is completed, plans will be made for converting the building into a recreation and social center for Legion members.

Election of Officers

The following officers were elected for the ensuing year at the regular meeting of the Clark-Ellis Post, American Legion, Monday night: Commander, Roger McMahon; 1st vice commander, Peter Mulder; 2nd vice commander, Wm. J. Ost; treasurer, Lee Johnson; adjutant, Charles Hill; chaplain, John Zoodema; sergeant at arms, D. Rogew; executive committee, term of 1 year, Frank Stephens, Charles Houseman; term of two years, Royden Warner, Phil Alton; service officer, George Hale. These officers will be installed at the first meeting in July.

Lowell Rotary Club Starting 12th Year

Lowell Rotary Club began its 12th year on Wednesday of this week with a dinner meeting at Fallasburg Park which was followed by the installation of the following officers: President, Theron Richmond; vice president, Dr. James A. MacDonnell; secretary, Frank F. Coons; treasurer, William Lee; directors, Jay Soelens and Bruce Walter.

One of the features of the occasion was the presentation of a past president's button to retiring president, L. W. Rutherford. The Lowell club was organized in 1935 with 17 charter members, which number has now increased to 43. Frank Coons has served continuously as secretary since the club was organized. E. C. Foreman was chairman for the day.

Nation to Profit From Investment in Youth

Our educated American youth who won the fighting war also can win the fight for a better world," believes Leo B. Durham, who takes office July 1 as president of the Michigan Education Association, the state organization numbering 31,000 teachers and school administrators. He predicts that this nation is going to benefit greatly from its investment in public education. Mr. Durham has great faith that the young men and women who in recent years have had the privilege of attending American schools and colleges are going to do a better job than their fathers and grandfathers—because they are better prepared.

HEART ATTACK FATAL TO NORVAL ANDERSON

Norval Anderson, a life-long resident of Vergennes township, was found dead in his bed Tuesday. Deputy Frank Stephens said a physician attributed death to a heart attack.

The body reposes at the Roth chapel. Funeral arrangements have not been made at the time of going to press.

Notice To Patrons

Weeks Dry Goods Store will be closed every Thursday, all day, during July and August.

LOGAN SCHOOL REUNION

The report of the Logan school reunion could not be handled this week, but will be printed in next week's Ledger.

First back in town after only an hour of fishing on Tuesday morning were Curly Howard and Pete Kerr with their limit of bluegills from the Pond. Very few others have had such good luck in the first two days of the fishing season.

George Herald, who has operated a bakery in Lowell for nearly 20 years, has sold his equipment for lack of a location to move into. Mr. Herald is remaining in Lowell for a time to see if he can find a small building where he can bake pastries, cookies and doughnuts.

Mr. and Mrs. L. E. Johnson have sold their home on Vergennes Road and have to give possession July 23. They will move to the new home they are building on the east side of town and that entails a problem for the Johnsons, viz., Carl's glass, so will cover their window with cardboard for the time being.

A town where people take pride in their homes and institutions and business development, is likely to be making constant gains and further improvement. We owe much to those of our citizens who are constantly giving so much of their time and effort for the advancement of Lowell.

The Pere Marquette Railway took delivery last Friday of the two new Diesel locomotives which will power the "Pere Marquette", Michigan's first diesel-drawn train and the country's first post-war streamliners which are to be commissioned into service this summer. The Diesels are of the type used on the nation's fastest scheduled passenger trains. Pere Marquette officials asserted, Engineer and fireman sit in deeply upholstered swivel armchairs, intended to lessen fatigue and hence aid alertness, and in the sound-proof cab can converse in ordinary tones, facilitating exchange of signal observations.

Jokes, jests, jabs and jibes got by Jeff Lester and manager, went are at such odds that an employee doesn't consider it necessary any longer to laugh at his boss' poor jokes. . . . With the government sending so many boys to college, you won't be bothered with the young men taking magazine subscriptions in order to get there. . . .

According to a woman, the reason Hollywood actresses can suffer so convincingly on the screen, is probably because they have undergone two or three divorces themselves. . . . Well, it looks like youngsters can go back to singing about the Atchison, Topeka and Santa Fe without a sob in their voice.

Take It Easy On the Fourth Alive on 5th

This Fourth of July may see a holiday-starved public roll up the greatest mileage ever recorded on the nation's speedometers in any one week-end, the National Safety Council said today.

More important, the Council fears it will be the deadliest week-end in the country's accident history—unless the emergency is met with emergency caution by everybody.

More than 30,000,000 vehicles will pack the highways during the four-day holiday period, the Council estimated. They will travel more than four billion miles.

Mobilizing to avert the threatened disaster, 150 national organizations are cooperating with the Council in a nationwide Fourth of July campaign to consolidate public and official support behind the slogan, "Be Alive on the Fifth!"

Voters Must Register To Vote in November

Make it an immediate date to register with your township clerk. Every voter must be re-registered before the November election, no matter if he has voted in every election since the Civil War. This is a new law. It was not necessary before the recent primary, but it is a "must" before the November election.

Pleads for Party Harmony

Kim Sigler, who received the Republican nomination for governor by a plurality vote of more than 52,000, has issued the following statement: "All Republicans in Michigan are now concerned with one goal—harmony in the party and victory this Fall. The hard fight in the primary must now be forgotten and the party must pull together in this common objective for building a better Michigan for all its citizens. The good of the state and nation is our common purpose."

Obituary

Rosa Ella Porritt

Rosa Ella, daughter of Peter and Margaret Bergy, was born in Caledonia township, Kent County, Mich., November 22, 1874 and departed this life June 16, 1946. At the age of seven years she moved with her parents to Bowne township. In her early years she was converted to the christian faith, uniting with the Methodist church of Bowne Center.

She was united in marriage to Joseph Porritt of Bowne, January 22, 1896, settling on a farm, where they resided until 1927, then moving to Alto, where they made their home until their deaths. To this union were born three children, two of whom died in infancy. Mr. Porritt preceded her in death by almost 9 years.

She leaves to mourn their loss, a son, Clare of Bowne; two brothers, M. E. Bergy of Grand Rapids and Alvin H. Bergy of Bowne, also a host of relatives and friends.

Funeral services were held from Roth's chapel on June 18, with the Rev. William E. Timms of the Alto Methodist church officiating. Burial was in Bowne cemetery.

News of Our Boys

L. Carroll Kyser is home from Great Lakes on a thirty day convalescent leave.

Pvt. Robert C. Chrouch of Ft. Monmouth, N. J., arrived in Lowell Friday night to spend three days with his parents, Mr. and Mrs. R. G. Chrouch. Robert returned to New Jersey, where he will enter Radar school.

Mr. and Mrs. Ernest McWilliams of Belding were Sunday guests of Mr. and Mrs. T. H. Conant. Mr. and Mrs. Norris Ferguson of Grand Rapids were Tuesday evening visitors.

The woman who believes the man who says he would go to h-1 for her usually goes with him.

Up and Down Kent County Roads

K. K. Vining, Kent County Agricultural Agent

Kent County's two soil conservation districts are developing very fast. The board of directors have held several meetings and made progress in developing their programs of work. A technician has been appointed for each district. Wilbur Kellogg of South Haven will work in the northwest district and Glen Converse of Greenville in the northeast district.

Both districts are now ready to receive applications from farmers who want assistance in making plans to control erosion and for better land use.

Applications should be made to the director of the association or to the county farm agent.

The directors of the northwest district are as follows: Arthur Edson, R2, Grand Rapids; Russell Braman, R4, Grand Rapids; Lloyd Hill, R2, Grand Rapids; Erwin Klenk, Sparta; and Norris Heise, Kent City. This district comprises the townships of Tyrone, Sparta, Alpine, Walker, Plainfield and Grand Rapids.

Directors of the northeast district are Carl Hessler, Rockford; Victor Weller, Rockford; John Jakeway, Belding; Merle Cramton, Ada; and Lynn Post, Rockford. This district is comprised of the townships of Solon, Algoma, Nelson, Spencer, Courtland, Oakfield, Cannon, Graitan, Vergennes, and Ada.

Kent county folks who remember the Old West Michigan Fair grounds at Comstock park wouldn't recognize the place, were they to drive by there today.

The cement grandstand has had the top cut off. All trees are cut down. The old race track is no more and where cattle and livestock barns once stood are now replaced by hangars for airplanes. Over on the river across from the Old Boat and Canoe Club a couple of seaplanes stand at anchor in Grand River.

The old fairgrounds which once held a most prosperous and entertaining fair will soon be a modern up-to-date airport for both sea and land planes.

The 4-H camp lodge fund is \$50 richer as the result of a successful box social and evening's entertainment put on by the Oak Grove Ladies Extension group in Walker Township. In addition to the fun of selling all the boxes of which Art Hilzey of Dutton did a good job, there was a varied program that provided a lot of entertainment. Many thanks to the Oak Grove ladies for their generosity.

Seymour Heeche of Lowell is building a new tool shed and repair shop. The building will be 36 x 50 feet, built of lumber cut on the Heeche farm. The laminated rafters were made on the farm. In our travels we couldn't help but notice the following sign on Chase Brothers farm in Alpine, "Chase Brothers Fruit Farm," also that Clarence Crawford in Alpine has been filling in around his apple storages and improving his yard. In Cascade township Minor Patterson has given his barn a good coat of grey paint and is telling those who drive by that Minor G. Patterson and Son own the farm.

The 4-H Club camp gets under way the middle of July. A group of Congressional church youngsters move into Camp Vining July 8 and from then on until in August the camp will be in constant use.

Two other groups of church youngsters will use the camp. 4-H club groups will be there two weeks. Farm Women's camp and Good Will camp are also on the schedule.

The cabins and grounds are being cleaned, screens put up, lights connected and the many things done to get ready for the summer season. Each year from 500 to 600 youngsters and adults use this camp.
