The peope who sing in church choirs render a most valuable service. Their musical ability and vocal gifts make a wonderful addition to the beauty of the services of worship. The directors, the organists, the soloists and all who sing or who take any part in these programs, made a grand contribution to the church services. The truths of religion as precented in Patly Put by Peripatetic songs and anthems come close to the heart, and congregations are stirred by this appeal.

Because . . I don't like to be pushed around. Neither do I like to be led around with a ring in my nose like one of my bulls.

My farm is MY property. Operating it is MY business. I want to be allowed to run it in the best way I know how, in order to produce my share of eatables and provide for my family.

My grandfather cleared the land and made it into a good farm. My father improved it. They didn't have any Bureaucrats in Washington telling them what to grow and what not to grow and what prices to charge.

They wouldn't have stood for such dictation. I stood for it during the War, because I tried to be a good American and make allowances for war-time conditions. But the War has been over for a year now, even if the New Dealers don't seem to know it. That's why I'm going to vote the straight REPUB-LICAN TICKET November 5.

A Big Vote of Confidence for Senator Vandenberg

We believe that the re-election of Senator Vandenberg presents a challenge to the people of Michigan. The Senator has taken the voice of our State into the highest councils of domestic affairs and into the peace deliberations of the world. He has given our State a prominence and an influence in world events that is unequalled in our history. His re-election becomes a matter of State pride.

We are proud of Arthur H. Vandenberg. We are proud that he comes from Michigan, He should be re-elected to the U.S. Senate with an extra big vote of confidence.

And remember this - no matter how heavy his responsibilities around the world, he has never failed you and our home State when Michigan interests have been at stake in

Let's get out and vote on Nov. 5. Let's "tell the world" that we support our Senior Senator from Michigan.

This message is published in behalf of 100,000 citizens from all 83 Counties of Michigan who placed Senator Vandenberg in nomination in June.
