# For Your Food Dollar Today?

A&P IS THE STORE THAT KEEPS PRICES LOW BY KBEPING PROPITS LOW (Last 5 Year Average: only about 1c on a dollar)

Especially nowadays, when your food dollars count, you can count on your A&P to give you a lot for those dollars. Day in and day out A&P's money-saving prices offer you more good eating . . . not merely a few special items - but on every item of food for your table . . . not occasionally — but every day of the week. Your A&P is able to do this because A&P keeps both expenses low and profit low (A&P's profit has averaged only about le on a dollar in the last five years). We repeat — when dollars count — when you want to get the most food for your dollars, then A&P is your kind of a store.

The death rate has been lowered, life expectancy increased. The physician's work has been ever onward to the discoveries of causes and cures of our ills. May the next 100 years be as full of accomplishment and execution for the American Médical Association as has been the past century.

Ledger want ads get resuits.

E. C. Foreman. Lowell poultry man talked to the Grand Rapids Breakfast Club last week. His discussion centered around the development of the poultry industry from the days of the selling hen to the large chick business today. No doubt the large share of his listeners knew more about fried chicken or ham and eggs before the talk but when Ernie got through they should have had a good picture of the poultry industry today.

Foreman and this county agent traveled together in Emmet county giving poultry culling demonstrations and did the same thing early in our sojourn here in Kent county. Foreman hasn't lost his ability to teach and tell the poultry story.

E. C. Foreman. Lowell poultry man talked to the Grand Rapids Breakfast Club last week. His distance in goods instead of a cloth as rubbing removes the gilt and causes the binding to look shabby. Leather-bound books should be wiped occasionally with a slightly olded cloth to restore some of the old which has dried out. Keep books from becoming shabby by covering them with pieces of glazed chintz or oldoth, sewing on covers are stening with adhesive tape. Do not dry a wet book by the fire or it will warp. When water has good picture of the poultry industry industry to or it will warp. When water has good picture of the poultry story.

Highway No. 16; to the east-west center line of Section 9, Cascade Township; east to the center of Section 10; south to the Thornappie River; thence southward along the Thornappie River to the Fere Marquette (C. & O.) Railroad; west and north along the Pere Marquette (C. & O.) Railroad to the east line of Section 19, Cascade Township; north to the northeast corner of Section 19; west 4 miles; south 3 miles; west 2 miles; south 1 mile; west 5½ mile; south to the center of Section 30, Gaines Township; west 10 miles; north 15 miles to the northeast corner of Section 19, Wyoming Township; west 1 mile; north 15 miles to the northeast corner of Section 10, Wyoming Township; west 1 mile; north 15 miles to the Grand River; southwest along the Grand River to the west line of Section 3; north to the mortheast corner of Section 10, Wyoming Township; west 1 mile; west 1½ miles forth to the mortheast corner of Section 31, Walker Township; west 1 mile; north 1½ miles to the center of the east line of Section 24; north 8½ miles to the starting point.

Toll rates presently applicable between the exchanges named above would be eliminated and instead flat rate calling privileges or message-unit charges, depending upon the class of service selected by the customer and the sone in which a message originates, would be instituted. Message-units would be charged for at 5c each (4c each with the message rate services shown below), and one, two, three or four message-units would be applicable for each message, depending upon the location of the called point with relation to the location of the calling point. The message-unit charges would be for 5 minute messages and additional message-units would be applicable for messages of longer duration. The proposed rates for the Grand Rapids District exchange are shown below:

Message rate trunk lines used by transient hotels for sunst lines, are not charmed

Rate is for 75 message-units; additional message-units are 4c each. Rate does not include a message-unit allowance; all message-units are 4c each.

Message units used with flat rate service are Sc each.

With message rate service the extension telephone rate is \$1.00. Rates include cells to Ads customers who have Extended Area Service to Grand

Monthly message-unit allowances are: 40 for business service; 20 for residence service. Additional message-units are 5c each for 5 minutes. (Ads only).

urnished only outside base rate area. 25c additional for service at locations more than 3 miles from base rate area. f) For each telephone. However, the mini-muss charge per line is the charge for 6

The present Extended Ares Service arrangement in effect between certain Ada customers and Grand Rapids customers would be replaced by the plan outlined as it concerns Ada and Grand Hapids.

fin addition to the local calling privilegas within the propagand Grand Rapids District Exchange, as callinad above, Alto, Rockford and Sparts some customers also would have included in their local flat rate calling archeoutest communities beyond the District Exchange, as listed below, and the toll charges now ingelicable on calls from Alto, Rockford and Sparts, to the communities shown, are the communities shown,

Afto, Reckford and Sparts message rate customers also could call the same communities at one message-unit or within their message-unit allowances, one message-unit at 4c to be applicable for each five minute message over the silowances; coin box customers would pay 5c per 5 minute message, the receipts applying against the guarantes.

indicated at left, under the Grand Rapids

WEDDINGS

Klapperick of Ontonagon, Mich., Ed Anderson, near Alto, was united in marriage to Ralph M. Roth, son of Mr. and Mrs. Fred Roth of Vergennes, Friday evening, neighbors for remembering me The candlelight ceremony was read neighbors for remembering me by the Rev. C. E. Pollock at 8 p. m. in the Vergennes Methodist church

before 200 guests. The church was beautifully decorated with palms and gladoli. Miss Elaine Houghton sang "Be- A d m i s s i o n

ters, flowers, plants, candy, fruit and gifts which I appreciated durmarriage by her father, wore a ing my stay at the hospital and my pink satin gown fashioned with marquisette yoke, edged with tufted ruffle. A fitted waistline accented the full skirt which fell in a long train. Her fingertip veil was held in place by a braided net crown and she carried a bouquet

of pink roses and white baby's Miss Arleen Roth, sister of the groom, was bridesmaid. Her pink gown was fashioned with a drop shoulder neckline, following the exact style of the bride's gown, She wore a matching Queen Victorian hat trimmed with orange blossoms and carried a bouque

of pink roses. The groom was attended by his brother, Allen Roth. Ushers were Floyd Bennett of Flint, Quinten Wilcox of Lansing and Gordon Ed-

wards of Lansing. The bride's mother wore a black and white dress with white accessories and a corsage of white roses. The groom's mother wore a black dress with white trimming's and white accessories with a cor sage of red roses.

A reception was held at the Lone Pine Inn immediately following the Out of town guests were from

Chicago, Detroit, Flint, Lansing, Ontonagon, Ionia, Sparta, Greenville and Saginaw. When Columbus discovered the New world in 1492, he opened the

way for the discovery of food crops that have become extremely important in European life, such as potatoes, corn, beans, peanuts and squash.

Nearly the entire neighborhood attended the wedding and reception of Mr. and Mrs. Ralph Roth Friday evening. Congratulations to the couple.

Malaria Control. The Office of falaria Investigation (United Sta B Public Health Service) reports on a malaria-control test in the share cropper cotton belt of Ar-kansas in which all houses in a 36square-mile area (except every 25th se, which was taken as a control) were sprayed with a 5 percent DDT solution. This cat down by 94 percent the number of live mos-quitoes in the houses. The cost of 82 cents a gallon for the solutio will soon be greatly reduced, as the original cost of \$1.60 a pound for DDT has already been lowered to
