

FIFTY-SIXTH YEAR

LOWELL, MICHIGAN, THURSDAY, OCT. 7, 1948

NUMBER 23

SOMETHING TO WORRY ABOUT

It is predicted that the current shortage of high school teachers, will be soon over and that there will be an over-supply in certain lines of instruction. There is little hope though, for help where there is a lack of grade school teachers.

This said that if Junior gets well-trained grade school teachers, within the next few years, Junior is fortunate. With the influx of youngsters into the elementary schools, the well-trained teachers to be found, are less than in 1941.

Frequently, emergency certificates are issued where the regular teacher's requirements are lowered and applicants have had little or no instruction in teacher's training. Teachers' salaries are higher, in many communities, but in too many instances, the salary level has no connection with the teacher's qualifications.

### THEY NEED EMPLOYMENT

"Employ the Physically Handicapped," is observed October 3-9. Those physically disabled, often feel there is no room for their services, where fitness seems to be the keynote. Physical fitness is necessary in many trades but there are occupations where such handicapped persons might be employed, to the satisfaction of the one who hires and for the morale of the handicapped man who wants to improve his worth.

Given the right job, they become self-supporting, contribute to the economy of the community, add increased output of goods through service. They try especially hard to be capable, and those who have positions open, here in Lowell, might well consider such an applicant.

The physically handicapped are examples in courage, and we benefit through finding them jobs, economically and spiritually.

### FIRE PREVENTION

A week is set aside to remind us to organize against fire loss, through laws and ordinances, cooperative effort in broadcasting the need of safety, the stressing of intelligence and carefulness.

A successful fire prevention program must include the children. Traffic safety has been taught in schools and fire safety is equally important. If we had started twenty-five years ago to present the facts, children might have suffered less from this cause.

There are simple ways to picture the devastation to the very young. In advanced grades the subject might include the fire laws and ordinances, statistics of loss, technical information that deals with the more complex angles.

It is the duty of Lowell to make fire prevention a positive program, for both young and old, that will bring safety to Lowell homes, businesses and public property.

### STITCHIN' TIME

Those who joke about women not being able to cook without an opener, just about a modern girl being unable to sew on a button—cut your words! Without salt and pepper.

Statistics for stitching report that more women today are sewing the fine seam, than ever before. The oldest and largest manufacturer of sewing machines reports a 100 per cent increase over pre-war classes in sewing instruction in their 1000 instruction centers.

A Lowell woman says the main reason for more women sewing is due to the drastic changes in styles. Buying ready-made clothes to keep abreast with the fashion trends, costs too much for the average pocketbook, she believes. Lots of women are expert with the needle, others will soon become so, by following the charts and guides offered today's seamstress.

Clothes don't have to look "homemade," any more. And, it isn't only the sewing machines that are keeping busy. According to a leading publisher of books on knitting, crocheting, needlework and leatherwork, the trend is for milady to keep her hands busy with other feminine pursuits.

Well, we have always been for the ladies. God bless them, except when they chose their hats!

When you spray your lawn with 2, 4-D it will kill weeds be careful around shrubs and flowers, MSC specialists advise.

## All Are Invited To Join the PTA

### Drive for Membership Ends On Saturday Night Enroll Now

If you haven't signed up as a member of the Lowell PTA for the coming year, there is still time to join. A drive for more members closes this week Saturday.

Representatives of the organization are located daily at Gee's Hardware, Thompson's Market and at the grade school building to enroll new members. Membership dues are 50c per year per person.

October has been designated as membership enrollment month by the national PTA. Governor Sigler recently issued a proclamation endorsing the PTA membership drive in Michigan this month.

You don't have to have a child in school to be a member. Membership is open to all citizens, both rural and village, sincerely interested in the education, health and general welfare of our children.

The Parent-Teacher Association affords an opportunity for every citizen to participate in activities which will bring about better cooperation and understanding among school officials, children and parents.

The PTA needs you whether you're a mother, a father, a teacher, or any other civic minded adult. It needs you for your ideas, your interest, your zeal, your strength, your support and your cooperation.

You are needed in PTA because: (1)—children's needs don't wait; (2)—the ideas of many are better than those of a few; (3)—by joining hands with others who are working for better homes, better schools and better communities, you can bring about a better future for our children.

## Clarence Trowbridge Laid to Rest at Age 61

Clarence Jay Trowbridge, eldest son of Jay and Anna Trowbridge who was born October 3, 1887, at the old Trowbridge home, two miles west of Clarksville, died October 2, 1948, the day preceding his 61st birthday. He was a fine man and a wonderful neighbor.

He was united in marriage November 12, 1913, to Agnes Hughson. To this union were born five children: Mrs. Mildred Bashore of Pottsville; Richard of Grand Rapids; Clarence of Elsie; Mrs. Mary Showers of Lansing and Mrs. Beatrice Kelly of Lowell.

He is survived by 14 grandchildren, one sister, Mrs. Myrtle Jordan of Detroit; two brothers, Perry of Lapeer and Grant of Kalamazoo. A sister, Rita, preceded him in death.

Funeral services were held Monday, Oct. 4, at Clarksville with the Rev. Carl Welch officiating and Rev. Paul Boger assisting. Interment was in Clarksville cemetery.

## RACES SUNDAY

The Owosso Motor Speedway announces a change in the schedule for its weekly card of hot rod racing for the balance of the 1948 season. Due to the fact that the weather has become so chilly for comfortable night racing, Promoto: Lyle May has announced his intention of holding hot rod, modified and semi-stock car races every Sunday afternoon for the remainder of the current season.

Time trials will start at 1:30 p. m. and the first race will get under way promptly at 2:30 p. m. every Sunday afternoon.

Cloves are the dried flower buds of a species of myrtle ground principally in the East Indies.

## Lowell High Football Sportlights

By Bruce McMahon of McMahon & Reynolds

Gordon Nowell: Gordie plays halfback for the Arrows and is the "speedster" of the Lowell team. He is in his Junior year of high school and will have another year with the team.

Wayne Beck: Wayne hails from Cascade and plays in the backfield for Lowell. Wayne is a good tough competitor and alternates in the backfield, at the halfback and quarterback positions. This is his Senior year at Lowell.

Joe Potter: Another halfback playing his last year for Lowell. Joe has been hampered this year with injuries, but is expected to see plenty of action for the Arrows. Joe is a good passer and defensive back.

## Red Arrows Bow to Greenville; Play Lee This Friday Night

Lowell played host to a good Greenville team, and came out on the short end of a 19 to 9 score at Recreation Park, Friday night.

The Montclair county lads featured a hard driving offense built around Pearl and Jorgerson. The Arrows held the visitors at bay for the first quarter, but mid-way of the second period, Jorgerson smashed off tackle from the fifteen yard line to score and give the Greenville team a 6 to 0 half-time lead.

Electing to gamble, the Arrows tried a lateral on the first play of the second half which ended in a loose ball being recovered by Greenville, setting up a touchdown by Pearl early in the third quarter.

The Lowell attack picked up momentum with Sterrick, Collins, Newell and Jorgerson carrying the ball. However, Greenville's defense braced whenever Lowell threatened and eventually took over the ball on their own 13 yard line. From this point, Pearl smashed off right tackle and sped the entire distance for a touchdown, giving Greenville their 19 to 0 margin of victory.

In defeat the Red Arrows still showed good fighting spirit. Considering the fact that Greenville has yet to be scored upon and is favored to win their conference title, the locals turned in a creditable performance against their heavier opponents.

League Game This Friday Night This week Lowell will meet Lee High, the power-packed team who many claim will win the league crown. The Arrows have a tough assignment ahead of them. If the locals reach a fighting pitch for this game, sharpen up on their tackling and blocking, they may spring a surprise or two on the Lee High Rebels.

The game will be played at Godfrey Lee Field at 7:30. The Lowell fans and local Boosters' Club are behind their team 100% win, lose or draw.

## Community Chest Drive Begins On Friday; Benefits to Lowell Explained by Local Chairman

The benefit of the Community Chest to Lowell is explained by Theron Richmond, regional chairman for this area. The drive opens October 8 and runs through October 23.

The acceptance of greater responsibility for providing free hospital care in Blodgett, Butterworth and St. Mary's hospitals, the increased costs of the 26 Red Feather Agencies for food, clothing and personnel, and the addition of one new agency, has brought the minimum needs of the Community Chest Drive of Grand Rapids and Kent County to \$715,053 this year, of which the County division quota is \$33,462, or 4.7 per cent of the total goal.

"The quota for Lowell is in process of being set and will be announced within a few days," explained Frank Freeman, local drive chairman.

Improved Hospital Service A new arrangement with the hospitals whereby the Community Chest will pay hospitals for services rendered to needy citizens of Kent County was recommended by a recent regional hospital and health survey, and is being put into effect. While costing more money, it is believed that those who really need help in meeting hospital bills will be more directly helped. Previously, Chest funds were paid to hospitals on all operating deficit basis.

This new hospital arrangement will be as available to Lowell citizens, as those in other parts of Kent County, based only on the individual basis of need.

All 26 Red Feather Agencies experience rising costs in food, clothing and personnel. If these costs are not met, services must then be curtailed.

Lowell Organization Benefitted The addition of the Girl Scouts to the Community Chest adds to the total goal, but it does eliminate another campaign previously conducted in Kent County.

In Lowell, there are 74 Camp Fire Girls whose activities are supported by the Chest. Services include the training of leadership provision for program, and the camping program.

For the boys, there are the activities of 32 Boy Scouts in Lowell provided for by the chest. A full scouting and camping program is financed by Chest contributions.

Each Monday a well-trained social worker from the Family Service Association holds office hours in Lowell. Her services are immediately available to all citizens for family problems, legal aid and financial problems as they affect the family. Last year this trained caseworker carried 15 Lowell families over the year's period, and made 39 community calls where information was needed, but casework was not necessary.

Finally, the Association for the Blind rendered services to 18 citizens of Lowell, most of them not blind, but persons who have defective sight, and need the skill of a trained worker in order to maintain their activities in life or to prolong their sight as long as possible.

## Emanuel D. Yeiter Succumbs at 82

Funeral services were held last Thursday afternoon at the Alto Methodist church for Emanuel D. Yeiter, 82, who passed away Tuesday morning, Sept. 28 in Penneck hospital, Hastings, where he had been a patient for three days. Burial was in Merriman cemetery.

Mr. Yeiter was born July 17, 1866, in Lowell township and lived in Cascade township, Kent county, for 50 years, later moving to Barry county. If this sudden illness hadn't interrupted their plans, Mr. and Mrs. Yeiter would have returned to Alto to a home recently purchased by them. Mrs. Yeiter has returned there by herself and will observe what would have been their 57th wedding anniversary this December 23.

He is survived by his wife, Nellie; a daughter, Mrs. V. R. Jacobs of Akron, O.; a son, Everett of the State of Washington; a sister, Mrs. Mary Thomas of Cascade and two grandchildren, David H. and Richard E. Jacobs.

## Nazarenes Observing Fortieth Anniversary

On October 10 the Churches of the Nazarenes, located at Lowell and Elmdale, will join a churchwide celebration of the Fortieth Anniversary of the organization of the Church of the Nazarenes as a Protestant denomination.

The Lowell Church of the Nazarenes was organized in 1908 according to Rev. Paul E. Hoornstra, pastor of the congregation. Special Fortieth Anniversary services honoring the founding of the denomination will be held next Sunday. The public is cordially invited to hear Rev. Hoornstra's sermon-subject: "Backwards and Forwards" this Sunday a. m.

## Fact Is, Farmer Not to Blame For High Food Prices

Farmers should feel flattered that they are being blamed for high food prices thinks Arthur Mauch, agricultural economist at Michigan State college. That would mean, he concludes, that the farmer has the power to fix the prices the consumer pays. If he had that power, the farmer would not worry about the depression.

But, recalling a little history and using a little simple arithmetic, Mauch shows that it isn't so. Farm prices are always the first to drop in a depression. The farmer always takes for his product what the consumer is willing to pay after the middlemen get their costs of processing, transportation, and selling, plus profit.

The real reason for high food prices, Mauch believes, is that consumers have two and one-half to three times as much money to spend as they had in 1929. That represents a demand—power to buy foreign relief project. A. G. Kettunen, State club leader, says such package contained enough seed to produce 20 tons of food.

The votes taken by the Lowell Board of Trade to determine how many members were in favor of contributing \$1,000 from their reserve funds to the Community Memorial Building, passed by a large majority. The money will be available for the American Legion's use as soon as the bonds can be cashed.

Lloyd F. Eagan, editor of the Detroit Sportsman, sent Elton R. Eaton, Editor of the Plymouth Mail, a copy of his very worthy publication the other day.

In looking over its many interesting pages we came across a brief criticism of people who place their dogs in the trunks of their automobiles when leaving on an automobile trip. Editor Eagan says every year thousands of dogs are put to death by the thoughtless owners who follow this inhumane practice. It's O. K. providing some sort of opening is made for the automobile trunk—but this is seldom given any attention.

We agree with Editor Eagan that here is a practice that should be stopped. This is a good way to now hunting season is on.

## Credit Restrictions Fixed by Congress

Credit restrictions, as enacted by Congress became effective September 20. Automobile financing contracts, for example, will require 33 1/3 % minimum down payment and 18 months' maximum maturity. A 20% minimum down payment and 15 months' maximum maturity will apply on the following:

- 1—Cooking stoves and ranges, designed for household use.
- 2—Dishwashers, mechanical, designed for household use.
- 3—Ironers designed for household use.
- 4—Refrigerators, mechanical, of less than 12 cubic feet storage capacity (

## Quick Yeast Rolls

1 cup hot water, 1/4 cup sugar, 3 tablespoons shortening, 1 teaspoon salt, 2 tablespoons lukewarm water, 1 teaspoon sugar, 1 egg (beaten slightly), 3 1/2 to 4 cups of PURE GOLD FLOUR, and 1 cake compressed yeast.

Combine hot water, 1/4 cup sugar, shortening and salt. Cool until lukewarm. Dissolve yeast in 2 tablespoons of water, add the 1 teaspoon sugar and stir in first mixture. Add the egg and enough of the flour so the dough can be easily kneaded. Turn onto lightly floured board and knead until dough can be easily handled. Pinch off small pieces and roll into balls with the hands. Place 3 balls in each well greased muffin ring, cover and let rise until double in bulk. Bake 12 to 15 minutes at 425° F. As soon as taken from oven brush with melted butter. Makes 15 rolls.

Variation—Cheese Rolls: Add 2 cups of finely cut up cheese

### WEDDING BELLS

#### CONDON-JOHNSON

Delphia Joyce Johnson, daughter of Mr. and Mrs. Calvin J. Johnson of Grand Rapids, became the bride of Claude K. Condon, son of Mr. and Mrs. William H. Condon of Lowell Saturday evening at East Congregational church, Grand Rapids. Rev. Charles M. Houser performed the ceremony.

A background of palms was banked with four candelabra as a setting for the ceremony, and a basket of white gladioli and pompons was placed at the pulpit. The pews were marked with white satin bows.

Traditional wedding music was played by Helen Haws, organist, with solos sung by Duncan Ross. His numbers were "At Dawning" and "The Lord's Prayer."

The bride was attired in a caudilla white satin gown designed with a sweetheart neckline, a scalloped hipline and long tapered sleeves. Self-covered buttons fastened the back of the bodice and the full skirt extended into a chapel train. Her fingertip-length veil of bridal illusion was edged with lace and held in a tiara of orange blossoms. She carried a cascade bouquet of white roses and pompons with ivy showers.

Mrs. Marvin Mullenberg, matron of honor, wore a fuchsia taffeta gown styled with pleated drop-shoulder bertha and a fitted bodice accented by a pleated sash. Her cascade bouquet was of pink roses and white pompons and matching flowers formed her tiara.

Mrs. Edward Repik, sister of the bridegroom, and Mrs. Edward Mock, bridesmaids, wore peacock blue taffeta gowns styled like that of the maid of honor. Their bouquets and tiaras were made up of yellow roses and pompons.

William Condon assisted his brother as best man and guests were seated by Nell Lamper, cousin of the bride, and Edward Repik.

Mrs. Arthur Andree, in a wine colored dress with white rose corsage, and Mr. Andree were master and mistress of ceremonies. A toast colored dress, brown accessories and a corsage of bronze pompons were chosen by the bride's mother while the bridegroom's mother wore a black crepe dress with a yellow pompon corsage.

### IN MEMORIAM

In loving memory of our departed sister, Mrs. Nellie Yelter.

I do not need her pictured face To bring her back to me. She comes like morning out of space,

Just as she used to be. Sweet memories of her in by gone days

And the songs we sung of yore, Have faded into a misty haze, Now our happy walk is o'er.

With a radiant face and an out-stretched hand, Our dear sister Nellie will wait. She has gone to her home in that promised land,

Enclosed by a beautiful gate.

Mrs. Margaret Stowell.
