

THE LOWELL LEDGER

ESTABLISHED JUNE, 1893

LOWELL, MICHIGAN, THURSDAY, JULY 21, 1949

NUMBER 12

Along Main Street

A white Rock hen on the Hesche farm laid two out-sized eggs last week, one of which is on exhibit at the Hesche Farm Market on East Main Street. Mrs. Hesche broke the first large egg, which was about the size of a duck egg, and found an egg within an egg complete with hard shell.

We have heard much comment on the chicken-of-tomorrow and this, no doubt, is a demonstration of the egg-of-tomorrow.

Mr. E. D. Slack of Michigan Bell Telephone Co. in this area, had as his guests at Michigan Bell's "Looking Ahead with the Bell System" in Lansing on Friday, Gerald Rollins, Norton Avery and Harold Jeffries.

The exhibit is open to the public at the Olds Hotel week-days from 10 a. m. until 9 p. m. until July 28th. On display is an electrical brain for automatic message accounting, operator toll dialing to all points of the United States, radio relay stations, the translator, a midjet amplifier.

Michigan Bell is to be commended for its enterprise and all who can do so should plan to see the marvelous exhibit.

"Sing While You Drive"—At 45 miles per hour—Singing. "HIGHWAYS ARE HAPPY WAYS."

"I'M BUT A STRANGER HERE, HEAVEN IS MY HOME."

"NEARER MY GOD TO THEE." At 75 miles—Singing. "WHEN THE ROLL IS CALLED UP YONDER, I'LL BE THERE."

"LORD, I'M COMING HOME." The 4-H groups in and around Lowell have been very progressive and are probably responsible to some extent for Kent being one of the 17 counties in Michigan to win cash awards for outstanding accomplishments in 4-H recreation and rural arts. This program is new having been organized last year and was conducted under supervision of the Cooperative Extension Service.

The Lowell village council voted Monday night to construct rest rooms on the 4-H Club fair grounds at Recreation Park to accommodate the large crowds expected at this year's event August 16 to 19.

Angleworms were stewed and eaten as a delicacy by California Indians before the white man introduced more modern foods. Many a fine fish has been caught on a bait of the same lowly worm.

But their greatest value to man, as Darwin showed, is in stirring up and fertilizing the soil. They tunnel tirelessly in the dirt, providing passages for moisture and air and beneficial bacteria. Also, they fertilize the soil on a really large scale.

Darwin estimated that earthworms add ten to fifteen tons of excellent manure to each acre of ground every year. Silent and for the most part unnoticed, they are nature's gift to the farmer.

Jokes, jests, and jabs just by Jeff—opportunities knock only once but temptation bangs on the door for years. Not advertising your business is like kissing your girl in the dark; you know it but nobody else does. Wolves are like railroad trains—you like to hear the whistle even if you don't want to go any place. A man was overheard to complain about a serum to cure laziness. A woman is a person who reaches for a chair when she answers the telephone. You may take the postmasters out of politics, it has been said, but you can't take the politics out of postmasters.

Eighty-six Present At Florida-Michigan Picnic

They came from Grand Rapids, Postle, Jackson and eight other Michigan towns for the annual Florida-Michigan picnic which was held in beautiful Fallsburg Park on Sunday.

At one o'clock a moment of prayer was announced by the president, John Jacobson of Muskegon, and led by the Rev. David F. Warner of Lowell. Then 86 people who had wintered in Florida shared a bounteous meal and subsequently enjoyed an afternoon of visitation and goodfellowship.

In God's watching care, it is Fallsburg Park again for 1950.

Six Winners Chosen In Search for Stars For Lowell Showboat

Six winners of the Search for a Star Night for the Lowell Showboat were chosen Saturday after a trial performance before a packed grandstand, the judges being William Gram of the Grand Rapids Press, Mrs. Crosey Miller, a former professional singer who now lives at Ada, and Lenore Little of Grand Rapids.

There were 39 entries and they were excellent. It was not an easy matter for the judging team to make the final decisions. All types of entertainment were on exhibit and to choose six from 39 was to try to give to the public the kind of entertainment most universally liked.

Six Best Amateur Features

Those selected were Maureen Sheehan of Detroit who features singing and dancing numbers; Joan and Janice Williams, identical twins, of Eaton Rapids, Western Sereaders; Dale Alexander of Flint, exceptionally fine accordionist; Carol Lynne Rens of Grand Rapids, acrobatics; Gerry Mitchell, 9-year-old of Lakeview, singing and playing guitar; and Vern and John Pierce of Lansing, with a clever pantomime skit.

The crowd seemed to be very well pleased with the decisions of the judges but appeared to be partial to the Hungry Eight German Band, who really did make a big hit and though they did not get on the Showboat program, they were greatly enjoyed.

Amateur Act Each Night

There will be one amateur act each evening during the Showboat week and the order in which they will appear has not yet been announced.

Each evening is filled with entertainment of high class which is announced elsewhere in the Ledger.

Mrs. Nora Hudson, 77 Dies During Sleep

Funeral services were conducted by the Rev. Philip R. Grotzky at Both Chapel Wednesday afternoon for Mrs. Nora Hudson, 77, who passed away in her sleep at her home on Pleasant Street in Lowell early Monday morning. Burial was in Oakwood cemetery.

Mrs. Hudson, who was born January 28, 1872, spent practically all of her life in Lowell. She had been in declining health for the past several months but her condition was not considered serious. Her brother, Frank Fenning, went to her home where she lived alone, Monday morning to see that she was alright, as was his custom, and found her dead in her bed.

Besides the brother, she is survived by two nephews and many friends.

Editors of Michigan Coming Monday Night To See the Showboat

Daily and weekly editors from all over Michigan will be guests of the Showboat on Monday night, designated as Press Night. There will be a dinner at the City Hall preceding the show and about 150 editors and their wives are expected. One of the editors will be Honorary Captain.

Also coming Monday night will be secretaries of Michigan Chambers of Commerce of West Michigan and Rotary officials.

On Tuesday evening hundreds of American Legion officials will be here to honor the Michigan Commander who is to be Honorary Captain. The Legion Auxiliary will serve a lunch for Legionnaires at the City Hall after the show.

Gov. G. Mennen Williams will be here on Thursday evening and will act as Honorary Captain of the Showboat. All Board of Trade members and Legionnaires working on the Showboat that night are urged to wear "bow ties" as a gesture to the governor.

YOUR WASHINGTON REVIEW

The 1949 Department of Agriculture Yearbook, "Trees" is ready for distribution and on a first-come-first-served basis. I can have copies sent to about a hundred folks in Kent and Ottawa Counties. Many farmers find these books extremely useful, and others simply enjoy reading them for general information. On my allowance list of "Public Documents," are numerous other titles such as "Agriculture, Diseases of Cattle," "Cookbook, Money Saving Dishes" and "Minerals Yearbook." As one of my colleagues, Mr. Donald Jackson puts it, with only five hundred copies of a title called, "Mist Netting Birds in Peru" available, you'd better hurry with your requests! One wonders how the taxpayers' dollars get spent on some of these publications but no doubt many bureaucrats could explain it.

A week from today, I'll be home for a short visit. The Reserve Officers Association is holding its convention in Grand Rapids and I've been given a chance for a plane ride to the airport. I also hope to attend the American Legion State Convention in Detroit that week-end and one of these days I'll be home to stay for awhile.

The biggest question before the House last week was, "Should Congress amend the Rural Electrification Act and provide loans for the expansion and improvement of rural telephone service?" My answer was "Yes—BUT . . ." And here's the reason I voted "No" on the showdown.

The proposed amendments provided for government loans for the improvements at 2% interest. Furthermore, the bill as originally drafted would have permitted R.E.A. loans for the construction of duplicate lines and service. The proponents of the bill were able to show beyond a shadow of a doubt that in many areas of the country—particularly sparsely settled areas—rural telephone service is inadequate. However, the fact that I stuck in my craw was the idea of lending government money at 2% when it actually costs the treasury more than that to borrow! For example, US Savings Bonds pay 2.5%. Who would pay the other 0.5%? The general taxpayer, of course!

Listening to Mr. Truman's radio address the other night, I was particularly impressed with the loose way in which he discusses financial matters. The term "rubber dollars" recently coined by Senate Republican leader Wherry hits the nail on the head. It is good business for the Federal Government to borrow money at nearly three percent and turn around to lend it for two? Perhaps I'm old-fashioned, but I can't understand this kind of financial manipulation.

Watching the passing parade in Washington, however, it's very plain there's a deep-rooted belief on the part of some Americans that the government can do most anything like Aladdin and his lamp. "What you or I could not do with our personal finances without being branded 'bankrupts,' the government does in the name of 'social justice.'" I have never considered myself by such terms as "conservative" or "radical" but I do insist on valid and logical reasoning.

Visitors in Washington last week were few and fleeting. Harold Felkema from Rockford, Brit Gordon from Grand Rapids and our leading Grand Rapids female attorney, Rosemary Scott and her mother. Enjoyed seeing those who dropped in the office.

It appears that even a cold war costs money and lots of it.

Lowell Showboat Garden Club Invites Flower Growers to Show At City Hall, July 29 and 30

The Lowell Showboat Garden Club invites flower growers to exhibit their flowers at the Showboat Flower Show to be held in the city hall on July 29 and 30. Exhibits are to be placed on Friday morning and after the judging in the early afternoon the public is welcome.

Mrs. Ora Chadwick of Grand Rapids will judge the flowers at 9 o'clock when the show will be open to the public. Mrs. Chadwick will give a walk talk in which she will discuss her choice of flowers.

Rules and Instructions Are:

- All classes are open to the public except class 44, dinner table settings, which is open to clubs and organizations.
- Exhibitors may enter in as many classes as desired but only one entry to a class.
- Exhibits must be entered between 8 and 11 a. m. on Friday, July 29. Exhibits may be removed from the show room between 9 and 10 p. m. Sunday, July 31, or on Monday morning before 11 o'clock.
- When possible, variety names should be known and will be placed on entry cards.
- Exhibitors are asked to replace wilted flowers. The committee has the right to remove exhibits in wilted condition.
- Exhibits will be judged Thursday afternoon by out-of-town judges and awarded 1st, 2nd and 3rd prize ribbons.

Flower growers are urged to clip this classification to help them in making their exhibits.

1949 Wheat Loan Rate Is Announced

The government farm price support program for the 1949 crop of wheat at a loan rate of \$2.02 per bushel, basis U. S. No. 1 wheat, will be available to Kent County farmers this year, according to John McCabe, chairman of the Kent County AAA Committee.

The rate was established on the basis of 90 percent of the parity price of wheat on July 1, 1949. The national average support rate for 1949 wheat is \$1.95 per bushel.

Price support protection will be made available to farmers by means of loans on farm-stored or warehouse-stored wheat or by means of purchase agreements, McCabe said. Farmers may apply for loans or sign purchase agreements any time from harvest until January 31, 1950. The loans will mature on April 30, 1950, or earlier on demand, and bear interest at the rate of 3 percent.

The details of the program are practically the same as last year except that the losing date of eligibility is a month later this year than last. The necessary forms and full information concerning the wheat price support program can be obtained at the County AAA office.

Moose Team Scores First Time In Years

The Moose team traveled to Coopers Springs Wednesday night and came home on the long end of a 9 to 5 score. This was an Inter city League contest.

A capacity crowd turned out Friday night to see the Moose play the Miller Belding team of Grand Rapids. The Beldings came to town as the champions of Grand Rapids, and as far as the Moose are concerned, they still are the champs. The early stages of the contest promised a close struggle, however, at this time the Moose decided to put on one of their poorest showings of the year which dragged them down to a 12 to 9 defeat. This is the first time the Moose have been held scoreless in many a season.

The locals resumed their winning ways when they took the measure of the Catholic War Vets of Grand Rapids by a 12 to 5 score at Recreation Park Monday night.

Thursday the Moose will play a contest at Carson City on their newly lighted field. Friday Belding will come to Lowell in a League contest.

Because of the Showboat there will be no games at Recreation Park next week, however, on Wednesday night the Moose will travel to meet their arch rivals, the Wolverine Shoes at Rockford. The Wolverines hold a 3 to 1 victory over the locals which the Moose would like to avenge on the Rockford field. Forrest Buck, Reporter.

Booklet Tells How to Identify Native Trees

For the camper or cottager who wants to distinguish one tree from another on that summer vacation, the conservation department is offering a guide to Michigan's native forest trees.

Descriptions of 34 trees are contained in the illustrated 62-page booklet. Photographs and botanical notes are a convenient guide in identifying the different trees, and the accounts of the species relate their economic and historical importance to Michigan. Copies may be secured from the department's educational division for thirty cents.

4-H YOUTH LEARNS TO SAVE TRACTOR FUEL

Two million gallons of tractor fuel will be saved this year by 30,000 rural boys and girls as a direct result of putting into daily use practices recommended in the National 4-H Tractor Maintenance program, according to a recent analysis.

Potential value of the program was estimated by an oil company official when he stated that if some three million American farm tractor operators had a chance to learn the 4-H way of tractor care, 200 million gallons of tractor fuel could be saved annually.

DANCING AT CAMPAU LAKE

There will be dancing at Nite Hawk Casino, Campau Lake, every Saturday night starting July 23, featuring Art Gunton and his orchestra, in both round and square dancing.

Mr. Gunton has been instructor of square dancing for years and more recently is instructing dancing at the City Recreation Center in Grand Rapids.

It is the intention of the management to make these parties interesting to all members of the family and good clean fun is promised.

CARD OF APPRECIATION

We wish to express our sincere appreciation to each and everyone who in any way contributed to the pleasure of our golden wedding day. For the flowers, gifts and numerous other thoughtful acts, we thank you.

Mr. and Mrs. Anton Kallinger.

State Progress Day For Farm Families Wednesday, July 27

More than 100 persons will represent Kent County at the State Progress Day meeting to be held at Michigan State College by the Farmers Home Administration next Wednesday, July 27, it is estimated by Jay C. Hansen, FHA County Supervisor here.

Those planning to make the trip include FHA families and agency "graduates," present and past County Committee men, U.S.D.A. County Council members, other agricultural leaders and friends. All will be guests of the College. Assisting Mr. Hansen (co-SI) in organizing the trip, are the three FHA Committeemen for this county. They are Adelbert Odell of Lowell, chairman; Gerald Kitson of Rockford and Harry V. Carlson of Rockford.

Families will take their own lunches and have a picnic together on the campus. Home talent entertainment with group singing, accordion music, stunts and skits, is planned during the picnic.

The afternoon will be spent in educational tours of the college farms, including the dairy herds, artificial insemination station, barns and sheds, farm machinery exhibits, experimental plots, and horticulture gardens.

For the women there will be special trips through the Home Economics buildings to see the home equipment laboratories, model kitchens, home furnishings, labor-saving devices, and clothing displays.

Wheat Always Welcome At King Milling Co.

The first wheat arrived at the King Milling Company on July 5th but due to rains the harvest slowed to a walking pace. Now again this week the trucks are in line waiting to unload the golden grain.

Mill officials want to correct a rumor that keeps going the rounds that they are not accepting wheat. Local wheat is always welcome at the King Milling Company.

SOCIAL EVENTS

Endmen and Chorus

This year's Showboat will have five oldtime endmen but something new has been added. Jack Howe will replace Frank Newell, who will be out of town on important business part of the week, so while Jack will not have a very big pair of shoes or costume to fill out. (Frank wears a 34 suit and Jack a 44). He nevertheless will replace one of the famous old Showboat troopers. Jack will sing, "Five Foot Two."

The other endmen are: Forrest Buck, who sings "Sailing Away on the Henry Clay"; Bill Jones, "Honeybun"; Chris Burch, "Can't You Hear Me Callin', Caroline"; Walter Gumsier, "Old Man River"; John Roth, "A Good Gal is Hard to Find."

The chorus this year will number nearly 90. Conductor Jessup states that the chorus is rounding out in nice shape and will be one of the best. According to Norm Borgerson, we are sometimes liable to overlook the importance of the endmen and chorus, but that they represent the spirit, life and fun that has made the Showboat one of Michigan's greatest evening attractions.

Odts and Ends Here and There

National Farm Safety Week, to urge elimination of costly and unnecessary farm accidents, is to be observed from July 24 to 30 this year. Agricultural leaders are now planning to stress all phases of farm safety during the week to help cut the annual toll in lives, injuries, and money.

Barn hay driers have attracted a lot of attention recently and many Michigan farmers are thinking of installing equipment for higher quality hay. Information on barn hay driers can be had at your county agricultural agent's office.

No uranium so far, but a generous amount of rock and other non-uranium bearing minerals are being sent by prospectors to the Conservation department's geological survey division for testing.

An American morgan horse, apparently adopting several broods, was spotted recently with 41 young in the Portage marshes of Little Bay de Noc.

FAMOUS COMEDY DANCE TEAM ON SHOWBOAT

Buster West and Lucille Page

Galaxy of Stars on '49 Lowell Showboat Eighteen of Nation's Star Acts Will Be Featured at Great Show

The 1949 Lowell Showboat is to be bigger, better and more beautiful than ever before according to Admiral C. H. Runciman, who reports that a total of eighteen star acts have been booked for the week's most outstanding evening event.

Highlighting the program is the famous dance comedy team, Buster West and Lucille Page, two of the funniest people in the show business, whose act is a riot of laughs from start to finish. They have featured in fourteen Hollywood movies and Broadway shows, and appeared in the original "Showboat" produced by Ziegfeld, one of the greatest showmen this country has ever known.

Showboat Toots

Frank McMahon and Charles Houseman visited the Cheesing Showboat last week. They were extended the courtesy of riding down on the boat and examining the entire setup. Frank thinks that Lowell's production is quite a lot better, but warns that this is no time to go to sleep and be satisfied. He says you must remember the old saying, "you can't stand still, you either get better or worse."

One of the dancers who won in the Showboat amateur contest last year will go with the Horace Heidt Show in Hollywood in August of this year.

Harold Washburn is probably more responsible than any other person for the new building which carries the new grandstand. He wanted the committee to build last fall so he could rent it for a body shop. The committee was a little slow in starting so he is erecting his own body shop on S. Hudson Ave.

Frank Stephens reports the weeds in the river thicker than ever this year. Frank says enough sea weeds can stop a battle ship and too many river weeds can stop the Showboat. Frank also reports that bringing the new bigger Robert E. Lee around Cattail Point is like trying to maneuver the Queen Mary without tugs.

A. H. Stormsland still has the honor of holding the most thankless job. He is the head usher and reports that on real quiet nights he only has a couple of hundred complaints about seats, but he has the knack of settling them to the satisfaction of all. One of his toughest ones was on a night when a group of 90 from Kalamazoo had reservations for Friday night and arrived by mistake on Thursday. They saw the show and went away happy.

Who is the unsung hero that turns the paddle wheel when the boat comes down the river? The Ledger doesn't know, either.

One night last year the Admiral forgot to toot the whistle on the way down stream. Pretty dangerous in terms of the heavy river traffic.

Frank Newell says Bud Howe will soon find out how you can tell an endman at least 30 days after the Showboat. Frank says don't shoot an endman for his jokes until you see the black in his hair.

FIRE AT FAIRCHILD HOME

The Vergennes Fire department and Kent County truck of Ada responded to a call to the Ansel Fairchild home on McPherson Rd. Monday evening about ten o'clock when an electrical fire was discovered in one of the partitions.

Mr. Fairchild was successful in bringing the fire under control before help arrived, but appreciated knowing the new fire-fighting apparatus was available and they did make a quick trip.

NOTICE, ALCOHOLICS ANONYMOUS

O. E. S. Picnic Well Attended

Among those from Ada attending the Kent County Association O. E. S. picnic held at Caladonia Park on Sunday, were Mr. and Mrs. Marie Cramton and Mr. and Mrs. Ben H. Hill of Tampa, Fla. and Mrs. James Peterson of Ada.

The various O. E. S. chapters in Kent County, a delicious potluck dinner, enjoyed the picnic at noon in the shelter house and games were the afternoon's diversion.

News Traveler

Little do we realize how far a news item will travel or the keen interest it may excite in some one who has not visited in Michigan for a number of years. Your Ada correspondent has received letters this month from New York State.

Further news regarding Ada is read in recent issues of the Ledger. To us a visit from a relative or friend or a social event is a person far away lonely for news of the old friends and neighbors, such as it is next thing to a visit back home, thus they learn what is occurring in their old neighborhood and among old friends.

Send in your news, you may be sure it will be read with real interest.

Ada Students at Summer College

Among 1802 students enrolled for the week-end in a combine section of Western Michigan College are four from Ada. They are: Lynn E. Parrill, Barbara J. Bird and Lucille A. Atherton.

News From Grand Rapids

Home near Clarksville Monday.

We discovered an omission in our report of Logan School. The original notice written and given by Mrs. Thurstie Thompson of South Boyne. This poem was about "The Boys and Girls of Other Years" and was exceptionally good and met with high favor among pupils of years ago. We humbly apologize to Mrs. Thompson for our omission.

Mrs. Clara Brandabury called on her old friend, Mrs. John Overholt, at St. Mary's hospital last Wednesday afternoon.

Will Glasgow and daughter Mildred attended the wedding of the latter's cousin, Louise M. Hogan, a home of her parents near Grandville Saturday evening. A very pretty lawn wedding was solemnized when Louise M. Hogan and Roland R. Wilde were united in marriage. Mildred Glasgow, Mrs. Lena Schultz, last Thursday, and Mrs. Bar. Eldred visited Mrs. John Overholt at St. Mary's hospital Saturday afternoon.

Overholt has improved so much that she was able to return to her home.

EASH FAMILY DOES GOOD JOB ON 375 ACRES

Clare Eash, progressive farmer living two miles north of Pigeon on his fine 200 acre farm also works his mother's farm of 175 acres. This is a large acreage for one man to handle and requires the best equipment available.

Seen in the picture with him are his two sons, David, 9, and Johnny, 8, who are his handymen.

He also has five daughters and his wife, who is the business manager and general supervisor Mr. Eash says.

These Eash acres are kept in high state of fertility producing high quality grains as well as cultivated crops and supplying feed for the fine herd of Herefords, besides marketing large quantities of hay and grain.

The West Ottawa soil conservation district is now 10 years old. It was the first in Michigan and also the first in that area of the United States east of the Mississippi and north of the Ohio.

All Should Join In Boosting Michigan's Tourist Resources All Communities Would Gain

By Gene Ahmann, Sec'y, Manager Michigan Press Association

Is Michigan slipping as a tourist state? James Welsh, the "Old Traveler" of the Automobile Club of Michigan, thinks so.

In fact, he provoked quite a controversy among Michigan newspaper editors by saying just this at a summer meeting of the Michigan Press Association at Hotel Top-in-a-bee on Mullet lake, Cheboygan county.

"I know what I am talking about," he declared. "I travel about the country constantly. Each month I write a travel article on some Michigan city or region for the Motor News, monthly magazine of the Automobile Club. Michigan is not keeping up with the progress made by other states in attracting tourists. We are definitely slipping."

It is the Welsh contention that Michigan people lack pride in their home state. They fail to brag (or even talk) about Michigan's wealth of natural resources, its air-conditioned summer climate, its thousands of white-sand lakes, leadership in hunting and fishing, and such unique scenic attractions as Mackinac Island, Porcupine mountains amid a forest wilderness, and the Tahquamenon Falls.

Why? Michigan people are too complacent. They neglect to greet outstate visitors with warm friendly hospitality and say, "Be sure to see this-and-that before you leave."

While the prodding "Old Traveler" may have a good point or two, his general thesis of a decline in the Michigan tourist industry was immediately challenged by many booster-minded newspaper editors. Robert Furlong, secretary of the Michigan Tourist Council, added his conviction to the controversy: "All available statistics about Michigan's role in the tourist field contradict and deny Welsh's contention that Michigan is falling behind."

"Traffic at the Straits of Mackinac from July 1 to 5 inclusively was 20 percent higher than one year ago."

"Despite a state advertising budget approximately one-half that of the leading states, Michigan ranked third among the 48 states in 1948, according to an independent national survey, and this year should be tied with California for second place in dollar volume."

"New York, surprisingly enough to some people, leads all states in tourist travel business. New York City is chiefly responsible for this. New York's state advertising budget for vacation promotion is \$300,000—just double that of Michigan. California's state budget is nearly as high."

"Don't overlook these facts: Michigan has 3,000 miles of shore line on the Great Lakes. Michigan possesses 11,000 inland lakes, 26,000 miles of rivers and streams, game and fish for more license holders than any other state in U.S.A. "Our bathing beaches are nationally famous. White sand beaches are the rule, rather than the exception. And then there is the prevailing westerly wind from Lake Superior and Lake Michigan which all conditions all sections of the state."
