You'll be amazed by that easy "Finger-Tip" Steering. You'll be amazed by the smooth surge of power from the great 100-h.p. V-8 or 95-h.p. Six engines. They make driving fun. You'll feel that new "Mid Ship" Ridebetween wheels, not over them. It puts Ford five years ahead of its field. You'll feel the bump-erasing amouthness of new "Hydra-Coil" and "Para-Flex" Springs. Drive the car that the New York Fashion cademy judged "Fashion Car of the Year." One ride and you'll want to order.

No matter how expensive a car you've been driving, you'll be amazed by the

The young woman on trial, accused of stealing secrets from the Department of Justice and passing shem to a Russian spy, really must have had a pocketbook! With all the days of testimony, the array of names and incidents that involves so much intrigue and so many persons, that all started with the lady's purse, is the basis for our wonderment. But, ag any mank knows, it is amazing how much can be crowded into a woman's handbag.

I—Safer Driving! Through the years, the greatest advances in driving safety come to you first from Chrysler. Now there's a great new advance in steering... Chrysler's exclusive "center control" steering! Your days of fighting a wheel are over. There's greater road stability, easier handling, less road shock. Even the leather covered foam rubber Safety-Cushion dash, the new "Bulls-Eye" headlight lenses, and the Safety-Eye instrument cluster were all designed to give you extra protection.

Prestomatic Fluid Drive* Transmission . . . "drive without shifting

2-Safer Design! Now the engineers who pioneered the first all steel car bodies have developed a still safer body and frame design-23% more rigid. Again, you have full control of your automatic gear shifting car. With Prestomatic Fluid Drive Transmission, the Safety Clutch enables you to take over in emergencies and select the gear you need.

hydraulic brakes 25 years ago—they brought to the automobile industry a new idea. The idea of design that begins with safety, then builds beauty, comfort, performance! You can't appreciate the difference until you actually drive this car. Come find out how much more confident you feel in this Chrysler with its mighty High Compression Spitfire engine. Even the non-stop constant speed windshield wiper, operated electrically so power applied to the engine won't slow its speed-demonstrates greater built-in safety.
