YOUR WASHINGTON REVIEW

Members of the House of Representatives are nominated and elected every two years. The 24 months between elections come and go pretty quickly. Several days ago I heard an old-timer in the House define a congressman as the shortest distance between two years. These first two years have gone that fast for me.

This all leads up to my decision to be a candidate for another term as the representative from Kent and Ottawa counties. I hope my past efforts have justified the confidence you placed in me when you sent me to Washington. The work has required long hours and the decisions on occasion have been difficult but at all times I have acted as my judgment and conscience dictated. I do not say this lightly, but it really has been fun—serving you to the best of my ability.

Some folks might say "What makes a man want to put himself to all the trouble of running for election every two years?" Well, I guess that's a question of temperament and character as much as anything. The truth is I enjoy working with people. I like to feel I can help them when they've got problems and no one can deny the fascination of grappling with modern political problems.

A few months ago I read an article in a national magazine purporting to reveal the unhappiness and misery of a man who served several terms in Washington. His complaints were numerous. His disillusionment bitter. I feel very grateful that I have had none of those reactions. To me there is nothing disillusioning about an "inside picture" in Washington. Congressmen are like all other human beings—some good and some bad.

The week in Washington hasn't been one of spectacular news. We're all happy the railroad strike got wound up without too much loss of time. Mr. Truman, of course, returned from his barn-storming tour and yielded for the scalps of all "obstructionists." I wonder if by his definition I'd be placed in that category? It seems to me someone ought to remind Mr. Truman of that famous saying, "I wholly disapprove of what you say but will defend to the death your right to say it." Voltaire makes the distinction in spirit that makes the difference between fascism and democracy. Mr. Truman seems to think that anyone who disagrees with him is an "obstructionist." On that basis, there would be literally millions of Americans who ought to be liquidated. Does that sound like America?

Where else could it happen but in the United States? I ran across these figures and was quite astounded.

Michigan pitches into the Federal Treasury 6.34 percent of all the nation's revenue. We get back only 3.8 percent in the form of federal aid money. Thus we take quite a licking in dollars every time the federal government encroaches on local authorities. Some of the loss, of course, goes for the "general welfare." What part, however, goes up in bureaucratic smoke?

Visitors in Washington last week: Floyd A. Thornton of Grand Rapids, member of the Michigan State Letter Carriers' Association, also SI Alberts and Bill Boyle of Grand Rapids.

Camp Fire Girls Hold Annual Council Fire

The Camp Fire Girls held their annual Council Fire Wednesday evening as a part of the PTA program in the high school gymnasium.

Certificates of rank were given to the girls who had completed the requirements for the ranks of Trail Seeker, Wood Gatherer and Fire Maker. Brenda Rankin, Nancy Alice Outley.

Maureen Rankin gave summaries of the work done in the fifth, sixth and seventh grade groups, respectively. Major projects for the year included tests given for mothers and teachers, favors made for the Veterans' Facility, assistance given on the Lily Sale for Crippled Children and the presentation of the annual Dad-Daughter dinner. Symbolic evidence of past work in Camp Fire was apparent in the designs and beads decorating the ceremonial jackets made and worn by the girls.

Several eighth grade girls were awarded the rank of Torch Bearer in Home Making, and Sylvia Denny told of the work they had completed.

The Lowell Moose lost to the Rylee Howard team by a 13 to 7 margin at Recreation Park Friday night. The local team jumped to a 5 to 0 lead in the early stages of the game but the Grand Rapids lads, who represented that city in the State tournament sportsmen league last season were just a little too hot for the Moose to handle so early in the season. Features of this game were home runs by Jack Fonger, Seelye and Jim Briggs. Seelye pitched all the way for the Moose.

Monday night at Recreation Park Jay Boelens home run boys routed the Doehler-Jarvis team by a 15 to 4 margin. Jack Fonger matched his Friday night performance by hitting another home run. Seelye was the hitting star of this game with three home runs. In sixteen times at bat Seelye has hit 6 home runs and a triple, which is top-notch performance in anybody's league. Potter worked on the mound for the Moose in this contest.

WALKER TAVERN WAS COMMUNITY CENTER IN VERGENNES TOWNSHIP A CENTURY AGO

High in the hills east of Ada, at a point figured in the days of horses as half-way between Grand Rapids and Ionia, is the site of the Walker Tavern, built in 1836 by Eliba Walker, Vergennes township pioneer.

Looking for an ideal home-site Walker found this location a few miles east of Ada on a beautiful spring-fed creek with hundreds of tall pines covering the virgin soil of the rolling hills. Not satisfied with just farming Walker built a large tavern building with his family living quarters in the rear.

According to old timers the Inn had sleeping rooms, sitting room and bar across the front on the first floor with some of the best quarters for the help and the post office in the rear. The bar room had a mammoth fireplace where a six-foot log could be laid. The second floor was all one large ball room, with what the dancers of the period called a "spring floor." Here, over the years, the parties, meetings and community gatherings took place, building serving as the post-office and township hall in that period.

The Walker Tavern was for many years the half-way stop on the stage route to Ionia which came over the hills and crossed the Flat River about three miles north of what is now Lowell. Travelers came to the tap room to refresh themselves while horses were being changed, or spent the night when necessary. The bar was famous for the whisky made on the site, using the isecold waters of Cherry creek to cool the stills. Water for the inn was brought from springs high in the hill behind the tavern building in hollow log piping.

The old inn suffering from the ravages of time was torn down in 1928 and now no trace remains but a group of towering pines with traces of the old foundation.

Case of the fire is unknown and these buildings less than an hour before and saw no signs of fire at that time.

There is some insurance and Mr. Frederick will rebuild.

Tuberculosis and Diet

Tuberculosis was never cured by diet alone. There are many aspects of the treatment of this disease, basic among which is complete rest under medical supervision, preferably in a tuberculosis hospital. At such a hospital, in addition to supervised rest, the patient may receive surgery or drugs, depending on the type of his illness. His diet is planned to fit his needs and to give him strength to fight his illness, according to H. D. Ireland, M. D., Medical Superintendent of Sunshine Sanatorium.

The patient's food must serve the double purpose of helping the body to repair the damage the germs have done as well as to build up his body's defenses against the spread of the disease. Meals served to tuberculosis patients are usually simple, well balanced and contain calories and vitamins needed. In general, the diet includes milk (a quart a day), meat, eggs, fish, cheese, fruits, vegetables, cereals and desserts. At one time great emphasis was placed on fattening the TB patient with great quantities of eggs and milk.

Patients sometimes feel that the menus in the TB sanatorium lack variety. Usually the food is of good quality, prepared by expert dietitians under medical supervision, with the aim of giving the patient's body the proper "fuel" to help him recover.

The patient need not worry about the diet if he takes prompt steps to enter a tuberculosis hospital.

V. F. W. Post Gears for '50 Buddy Poppy Sale

Comrade Boone of VFW Post 8308 has been selected to direct the 29th annual Buddy Poppy sale, to be held in Lowell May 25, 26, 27, Commander Wesley Adrianse announced.

Assisting with the direction of the sale will be Mrs. Cora Troy. Comrade Boone explained that the real job will be performed by the Ladies' Auxiliary who have volunteered their help in the sales work. "We are confident," he remarked, "that this year we will exceed our goal in the sale of VFW Buddy Poppies."

"Last year," he recalled, "we set a quota of 2,000. This year's goal has been placed at 2,500. All funds raised from the sale will be used to help destitute veterans, the dependents of disabled veterans, or the widows and orphans of deceased service men.

"These benefits," he pointed out, "are extended to all needy veterans—not merely VFW members.

"This year's need is urgent. We can glimpse the magnitude of the task when we face the fact that America's veteran population numbers nineteen million. The Veterans Administration cannot possibly care for the multitude of cases that come up for immediate attention. Therefore, the Veterans of Foreign Wars, and other patriotic organizations, must assume the responsibility of attending to the more urgent problems.

Lowell Places Third Regional Track Meet

Coach Steve Nisbet's Red Arrow lads placed third in the Regional track meet held at Hastings last Saturday. Marshall grabbed top honors with 60 1/2 points, followed by Charlotte with 54 1/2 points. The Lowell lads accumulated 21 1/2 points finishing ahead of such schools as Eaton Rapids, Hastings, Battle Creek, Lakeview, Grand Lodge and Otsego.

Along Main Street

We noted in passing the Christmasen's Drug Store window, made up of the trophies of the first Annual Bowling Tournament and names of the winners.

Four arrests were made in Lowell over the week-end reports Deputy Frank Stephens. Two were for speeding, one for interfering with fire apparatus and one for careless driving. Summons were issued in each case.

From one end of Main street to the other business places are looking up and getting a new spring atmosphere which is attractive and prosperous appearing. The Lowell Granite Co. has done a complete job of interior decorating which makes a nice improvement in the east end of the village center.

In the west end of the village we note with approval the beautiful tulips and window boxes at Gerald Rollins Ins. office. And Alexander's Standard Service is another shop which is glistening with new paint and a general "Adieu" to winter's smudge. At Roth & Sons Furniture Store there is a program of re-adjusting in progress with the removal of the funeral equipment and chapel which is now so well located in its new quarters on Hudson St.

Spring and summer trade is bound to be better when the place of business has an appeal in its outward countenance.

Sunday afternoon a little Grand Rapids girl two years old, who with her parents, was visiting friends on Vergennes Rd. near Richards Park, was struck by a car as she was crossing the street. Luckily the driver had his car well under control and the child was not hurt though she was knocked down. This park in a public playground and the streets near are properly marked to warn drivers. This accident should be an object lesson of what can happen here unless special care is exercised. Children should be, and are, taught the dangers of crossing streets but they do forget sometimes.

Young Livestock Club Sponsors Fine Meeting

The Walter Bergy farm south of Lowell was a lively spot Wednesday evening, May 17, when the Bergy's played host to 200 4-H and FFA Boys and Girls and their parents. The meeting was sponsored by the South Boston Up-to-Date Livestock Dairy club.

Dairy Specialist, Paul Jackson, from McMillan Feed Mills of Fort Wayne, Ind., was the principal speaker. Mr. Jackson is concerned exclusively with contacting leading dairymen and interesting future herd-owners by means of showing feeding and fitting demonstrations.

A fine cooperative community spirit was evident at this meeting and reflected the desire of these farmers to continue improvement of herds.

Louis Webb, Ionia County Agricultural Agent, who is always cooperative, was present and passed a few well received remarks preceding Mr. Jackson's talk.

The Bergy barn was open for inspection and it was generally agreed that Walt's livestock bore out Mr. Jackson's contention that proper breeding, good management and balanced feeding results in fine animals.

The services of Mr. Jackson were obtained through efforts of the Bergy Elevator of Alto.

Business Places Will Close Decoration Day

Any kind of worn out jacket, whether it is for man, woman or child, can be renewed by sewing patches of leather or suede, on elbows, around pockets, sleeve edges. A heavy repairman can sew the leather or suede for you. A woman's jacket can be made attractive by bright colored felt, also.
A Pretty Garden
Don't be so fond of certain flowers that you neglect to have blooms of many selections from spring to fall. Tulips are well for spring and chrysanthemums for fall but it is important to plan a succession of blooms, with a number of different flowers showing different colors. You must think of color, height, soil and sunshine. Have perennials and annuals, one completes its cycle from seed in a few months; and the other, not needed to be seeded each season, blooms and rests year after year. There are so many of each, perennials as phlox, daylily, columbine, coral-bell, iris, peony, bleeding heart, platycodon, oriental poppy, adding lupine, hollyhock, foxglove, roses. If you have the room. You need catalog or store will give hundreds of ideas for annuals.

WHAT MAKES THEM STEAL? One sleight of hand \$500. Another woman embezzled \$9,000. In the American Weekly, with this Sunday's (May 25) issue of Detroit Sunday Times, there is a dramatic report that reveals that more than four times as many women were caught stealing that year as in the year before.

Rural Tele-news
CHAMPION—Even if a champion caller could shout loud enough to talk to a person in California, it would take his voice about 2 hours and 40 minutes to reach there. When you talk between Michigan and California by telephone, your voice travels the distance in a tiny fraction of a second. And it can be heard as well as though you were face-to-face with a person out there.
THE FEWER THE BETTER—No more than 8 parties on all rural lines is Michigan Bell's goal. But to reach it will require lots more equipment and facilities. Money to pay for those facilities must come from investors, who will put their savings in the telephone business only when it's earning a reasonable profit. So, it's a good thing for rural telephone customers to have Michigan Bell make a fair profit.
THERE'S COMFORT IN CALLING—The daughter of an Upper Peninsula farmer, attending a Michigan college, was taken ill and ordered to the hospital. Her roommate notified her family. The farmer and his wife, naturally, were worried. But they solved the problem by having the roommate call Long Distance "collect" each evening. That way, they kept tabs on their daughter's condition until she was well again. Freedom from worry is worth many times what a Long Distance call costs.

Ford-Rickett Rites At St. Mary's May 20

The wedding of Morna June, daughter of Mr. and Mrs. Paul Rickett and Robert George Ford, son of Mr. and Mrs. James Ford, was solemnized Saturday morning, May 20, at 11:00 o'clock in St. Mary's Church, the Rev. Fr. John Graybowski performing the ceremony. Mrs. Ervin Kutchy played the wedding music.

The bride wore an embroidered white organdy gown with fingertip length veil held in place by a heart shaped tiara, and carried a white prayer book topped with an orchid. Her sister, Vivian, as maid of honor wore a matching dress of pastel green and carried a colonial bouquet of peach gladiol.

The bridesmaids, Josephine Reynolds and Juni Stieflich wore identical dresses like that of the maid of honor and carried colonial bouquets of yellow gladiol. Their headresses and mitts were of material matching the dresses.

The groom was attended by his brother, James Ford, Jr., as best man, and Darle Rickett and Bill Condon. Ushers were Berwyn Kloosterman and Wayne Beak.

Mrs. Ford graduated from Lowell High School in the class of 1948, and Mr. Ford was a member of the 1947 graduating class. They will make their home at Salamanca, N. Y. and left on Sunday for their new home.

CARD OF APPRECIATION

I wish to express my appreciation for the many gifts, cards and flowers sent me during my recent illness.

CARD OF THANKS

Our heartfelt thanks and sincere appreciation are extended to our relatives and friends who so kindly assisted us in caring for our father, Mitchell N. (Mike) Baker during his recent illness. We also thank Rev. Fay Logan for his kind words and

all who sent flowers, also the pallbearers. Mr. and Mrs. Melvin Miller and grandchildren.

We thought the family moppet was the only one that brought home things we'd never seen before—but then there's the laundryman.
