

Along Main Street

All Lowell is basking in the colorful month of October when the gorgeous tints are creeping into the ripened leaves of all kinds of trees, some in gold, others in red, purple, russet, browns and tans. Some of the trees are bright with berries, little clusters that were at first orange then became brilliant flame. There is the dogwood tree that is a show-piece with its brighter than holly berries, the mountain ash that vies with it in fall beauty. The red of sumac, and the gold of the sunflower, marigold, goldenrod and sunshine. Truly this is the month that shows the work of the artist's brush, wielded by Nature.

Meteorists are driving all over Michigan on color tours but where are the colors more strikingly beautiful than those to be found around Lowell on any highway or byway.

Jokes, jests, jabs and jibes, just by Jeff: Some children have begun doing their Christmas hints early. It is no wonder cows are contented when you consider the price of dairy products. . . . A Lowell suburbanite warns don't count your chickens if you live near a highway. . . . The poet who wrote that man wants but little here below, might have been a Townsdenite. . . . And so the 1950 baseball story might be entitled, "Gone With the Windup."

Republican Women Of Lowell Vicinity Form Organization

A very interesting GOP meeting was held at Lowell City Hall last Wednesday afternoon for the purpose of forming a permanent organization of the republican women in Lowell township and villages who are interested in good government.

Mrs. John B. Martin, Jr., of Grand Rapids was the speaker and brought a fine message. Mrs. Martin has been active in PTA and other worthwhile civic developments in Grand Rapids and writes an interesting weekly column for the Press. She is the wife of State Senator John B. Martin Jr., a candidate for Auditor General.

Mrs. Martin asked the questions, while not on the surface significant, but study a little more carefully, are women away from the glamour boys and boys, or good government? Did you look into the padded budget, or just take for granted that the state legislature did not and would not appropriate sufficient funds for mental hospitals, roads, schools, educational funds, etc.?

A fine film, Korea, was shown, compliments of the county committee, and it was gratifying to have with us the Senior public speaking class of Lowell high school. It should have made a lasting impression on these young people, why the boys in Korea are being killed and maimed from gross neglect, lack of leadership, playing both sides against the middle, and making our young men pay the penalty.

WHY are the people so paralyzed they cannot read, do not pay any attention to voting? It is not only in the state governments but local governments as well. Are you willing to give up all of your freedom? Or, is it better to take out a few minutes time to show you have at least a thought for something except pleasure, or it is more important?

Officers elected for the ensuing year were, president, Mrs. Frances Jefferies; secretary, Mrs. Charles Rivette; after which light refreshments were served.

Someone may call you reminding you to vote if you have been registered.

Highest Tribute Paid Ralph Broadbent, 56 Former Alto Resident

A high tribute was paid to Ralph A. Broadbent last Friday afternoon by the Rev. D. Stanley Coon, pastor of the Central Methodist Church at Lansing, as he officiated at funeral rites for Mr. Broadbent. He spoke of him as a "grand fellow to play next to in the game of life," and also pictured him as "a man who bore success with humility." The minister described the death of the pharmacist who had endeared himself to the youth of Lansing's east side as having "a big gap in the ranks of useful Lansing citizens."

Ralph A. Broadbent, who passed away unexpectedly of a heart ailment Tuesday, Oct. 1, while attending a health group meeting in East Side school, Lansing, at the age of 56 years, was a former resident of Alto. He was also interested in the health department and twice was president of the unit.

Mr. Broadbent was interested in fraternalities and social groups also. He was a member of the county druggist group and was its president at one time; a member of Alto Lodge No. 809, F. & A. M., Tonia Chapter, R. A. M., No. 9 Lansing; Lansing Commandery No. 25, K. T.; and Capital Caravan Club; a former member of the Kiwanis Club.

Gary, 6-months-old son of Mr. and Mrs. Robert Kropf, is the youngest member of the four generations of the fine old family pictured above and he may be justly proud of his ancestry.

The other grandparents are Mr. and Mrs. Chas. Colby of Alto. The great-grandparents are, Mr. and Mrs. Chris Kropf of Moseley, Mr. and Mrs. Jay Cater of South Lowell and Mr. and Mrs. Earl Colby of Alto.

B. A. McQueen Hears Advance Information 1951 Chrysler Line

B. A. McQueen of McQueen Motor Co. was among 200 Chrysler-Plymouth dealers of this region attending a special meeting this week at the Chrysler Division in Detroit to hear plans for the 1951 Chrysler line.

David A. Wallace, president of the division, and Joseph O'Malley, the general sales manager, gave the dealers advance information on the 1951 models. Plans for the remainder of this year and company policies in general were also discussed.

Mr. Wallace declared that Chrysler apparently has every reason to expect a banner year in production because of an improved product and increased manufacturing facilities. He qualified his statement, however, with the warning that certain elements in the future are problematical and that nobody can be sure what the materials situation will be next year or to what extent the government might deem it necessary to curtail those available for general manufacturing purposes.

Mr. O'Malley included in his talk a discussion of parts and service of existing and anticipated conditions in the industry.

The meeting was one of a series that will eventually cover most of the country.

Plans Approved for Main Street Sewer Bids to Be Taken

Bids are expected to be let on the Main street sewer project at the next meeting of the Village Council on Nov. 6, Peter Speersta, village president, revealed to the council members at Monday night's regular meeting.

Albert Roth, village engineer, brought a new plan for a high level sewer which was proposed by Dave Clark, local plumber and surveyed by Mr. Roth, which is expected to save the participating property holders as much as \$1,300 over the cost of other proposed sewer plans.

Plan Approved

The plan was approved at a special meeting of the council on Wednesday, October 11 and bids will be taken on this plan at an early date in November. The sewer will be laid a few feet below the sidewalk and will not require the tearing up of the street in front of the stores. It will extend from the Vanity Beauty Shop building to Monroe street, turning at Lafayette street and going down the alley back of the stores just below the front line. The cost estimated by Albert Roth for 915 feet of sewer was \$5,200. Installation cost is expected to run about \$400 a foot which will no doubt mean that main street sewer owners will have to pay in the neighborhood of \$8 a foot of store frontage because of the part of the sewer running down the street and alley on which no direct charge to the property owners can be made as the other 6 will not be able to use this sewer.

The only thing holding up the sewer now is the procurement of cast iron pipe and approval of the State Health department of a six inch public sewer.

Building Permits

Building permits were issued to the following: C. E. Justice, 612 N. Monroe, 18 x 30 garage; Larry Miller, 430 N. Jefferson, 21 x 26 garage.

South Boston Grange Registers Protest Against Colored Oleo

The farmers of Michigan are asking every voter to vote against the bill, which will allow the manufacture and sale of colored oleo. If yellow oleo is permitted in Michigan, it will open the door for other substitutes for dairy products—oleo milk, oleo ice cream and oleo cheese, which will at first damage and then ultimately destroy the prosperity of one of the largest industries in the state—dairy.

Damage to dairying in Michigan, would adversely affect the economic life of every person in the state, no matter what he or she was doing for a living. The men and women in the cities, who make or sell the goods which the farmers buy, have as much at stake in keeping imitations of dairy products out of the State, as the men and women who milk the cows.

Yellow oleo will mean higher oleo prices. In states where yellow oleo is permitted, the prices range to 85 cents a pound and in many instances, white oleo has disappeared from the market. Imagine the profit to the oleo manufacturer as a few cents worth of coloring will color a thousand pounds of oleo.

It has been said, "Destroy your cities, but leave your farms and your cities will rise again as if by magic. Leave your cities but destroy your farms and grass will grow on the streets of every city in the nation."

Please, do not destroy us. Vote NO on the yellow oleo bill.
