Distinguished visitors have re cently been seen in Lowell including Gov. G. Mennen Williams who breakfasted Friday morning in the Lowell Cafe. Accompanying him was Secretary of State Fred M. Alger, and it is understood they were enroute to Newaygo to do some fishing in the Muskegon river for wall-eyed pike. The Newaygo Republican was quoted as saying these officials have buried the political hatchet for a good fishing

The previous week Guy Lombardo, famous bandman, was a Lowell visitor. \* \* \*

trip together.

More detailed information is given herewith regarding the article last week's Ledger concerning improvements for the Lowell public This information shows that of the total enrollment of 762,

This fact is greatly appre-ciated by the citizens of Lowell and thereby makes a friendly relationship between village and rural folks.

The "big freeze" hasn't frozen, stabilization hasn't stabilized. Money is living up to only half of its past reputation of 100 cents to a dollar. Attempts are made to stretch the dollar by using cheaper cuts of meat, meat substitutes, more home sewing and "making over', cutting auto costs by driving less, making home repairs, carry-ing lunches, planting larger gar-dens. Many Lowell families have their various methods of reducing living costs to wage their war on

It is a stand for strength. \* \* \* \* Many a green thumb in Lowell already busy at work; may

### **100 Kent Teachers Attend MRTA Meet** At Houghton Lake

Michigan Rural Teachers' Association held its annual convention at Houghton Lake last week.

This meeting was well attended from this area. With eighty-three counties in Michigan, Kent County representatives were pleased to find that one hundred of the nine hundred and thirty teachers registered were from Kent.

Alice Mueller, Irma Richmond Zana Postma, Arlene Biggs, Essie Baird, Dolores Keefisch, Emmo-gene Gates, Nellie Tiffany, Alice Fox, Mary Judson, Elizabeth Kerr, Lucille Knowles, Nellie Rollins, Marabelle Houseman, Beulah Havward, Dorothy Stahl, Barbara Bird, Eleanor McCall, Bessie Coger, Eleanor Green, Eva Kauffman, Addie Dalstra, Estella Hunter, Jane Bar-Lester Bailey, Mr. and Mrs. Dan Kauffman, Mr. and Mrs. Dick Lester, and Mr. and Mrs. Reed attended from the immediate vicinity of Dr. Beck and his Lumberjacks of

radio fame entertained at Thursday Evening Coffee Hour. Clyde Williams, famed Alaskan

and C. W. Otto of Lansing Chamber of Commerce were some of the informative speakers.

### **Arrows Down East** In Conference Tilt

Lowell Red Arrow hitters enout three triples and four doubles off the slants of three East Grand Rapids pitchers, for a 12 to 6 Grand Valley victory.

The Arrow cause received a severe jolt when Bill Roth after pitching shutout ball was carried from the field with a badly sprained ankle after doubling in the fourth inning. In spite of his injury Roth was credited with the Smith took over the mound

duties after Roth's injury.

Lowell built up its winning mar gin by crashing out 18 hits and capitalizing on four East errors. This victory gives the Red Arrows two wins against no defeats in Conference play.

### Lamb Gets Contract For Newaygo Bridge

4-lane bridge to carry 237 over the Muskegon river at Newaygo, the received many lovely state highway department to build a new wiches, cakes and coffee were served to about 30 guests. Phyllis nounced. It is to be completed August 1, 1952, at a cost of \$825,-

The new 63-foot span will replace the present 17-foot bridge which en the scene of many accidents, including the fatal plunge of a truck two years ago which

# TO MICHIGAN BELL TELEPHONE CUSTOMERS:

Notice of Application to the Michigan Public Service Commission by the Michigan Bell Telephone Company For Authority to Make Effective Certain Schedules of Rates, Rentals, and Charges

Higher costs inevitably mean higher prices, and the cost of furnishing your telephone service keeps on going up. As the result of wage increases for our employees last November, greater taxes, and the higher costs of services and materials, the rates authorized by the Commission to set a date for a hearing on our request.

**EXCHANGE RATES (Excluding Federal Tax)** For rate purposes, exchanges are divided into groups according to the total number of telephones that can be reached without a toll charge. The present grouping is based on the number of telephones on December 31, 1950. PRESENT SCHEDULES OF BASIC MONTHLY EXCHANGE RATES

B Group 7 rates, as shown in the following table, now are applicable in LOWELL.

SENATOR DUDLEY J. LeBLANC

Whose Tireless Efforts For Relief Of Suffering Have Brought Humanity Today's Great HADACOL

This great product, that has brought so much This great product, that has brought so much happiness and contentment to thousands, is a fitting tribute to, and high point in, Senator Dudley J. LeBlanc's ever-continuing fight for the cause of the oppressed, the underprivileged, and needy in every walk of life.

The Father of Old Age Pensions in Louisiana, Senator Dudley J. LeBlanc was the first candidate for governor to advocate a specific plan for the for governor to advocate a specific plan for the aged. To his critics, his opposition, in the long,

lone fight, he has continually stated, "If you do not believe in Old Age Pension, remember the mandate of the Lord himself— Honor thy Father and thy Mother that thy days may be long upon the land which thy Lord thy God giveth thee."

And the Senator has championed the cause of the veterans. In him they have found a true friend. He introduced and successfully passed the law that created the State Service Commissioner whose duty it is to see that every

service man receives his just compensation from both State and Federa governments. His activities in public life in behalf of the working man are too numerous to mention here. And now, through endless effort and study, he has developed today's great HADACOL, one more addition to his long record of service to humanity. It was logical that with service to mankind uppermost in his mind that the Senator would seek and find this wonderful HADACOL formula.

Why Wait? Why experiment? Why give up? Why suffer from a lack of Vitamins B., B., Niacin and Iron? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you if you suffer from such deficiencies or the Senator will gladly send back your money? You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does.

Ask for HADACOL right away. Trial size bottle only \$1.25; large family economy size \$3.50. There is only one true and genuine HADACOL. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

Elsewhere in this newspaper, in accordance with state law, you will find a notice of Michigan Bell's intention to ask the Michigan Public Service Commission for a further increase in telephone rates. Included in that notice are details of the new rates proposed.

> What would YOU do about were in our shoes

Ouppose you were managing Michigan Bell. Suppose that your job was to continue supplying the kind of telephone service that Michigan and the nation can depend on in these critical times.

Immediately, you'd run up against these inescapable

l. To maintain the quality of service expected by the public, to provide improved service for many thousands of present users, and to meet the needs for new service in growing communities, your Company must continue to expand.

2. On top of that, the grim shadow of war demands that telephone service be ample for the giant job of national defense. New communication facilities must be added to handle the vital needs of military establishments, defense projects, and expanding production programs.

3. But the millions of dollars to finance this essential expansion and improvement of the telephone system must come from thousands of people who have savings to invest. They'll put their money in the telephone business only if they're assured that the Company's earnings will provide them a reasonable return.

4. You'd find that Michigan Bell's earnings-the money left over after expenses are met-are far below the earnings of other businesses. In the postwar period, Michigan Bell averaged only a little over 5 cents on each dollar invested compared with 12 to 16 cents for leading industrial concerns. The Telephone Company must compete with these other concerns in attracting money from investors. And the prospects for present telephone rates to produce adequate earnings from

now on are mighty slim.

D. You'd realize that previous adjustments in telephone rates haven't caught up with the increases in the Company's cost of providing service. The last rate increase in June, 1950, substantially improved Michigan Bell's earnings. However, a lot has happened since then. Wage increases, made effective last November, have added 5 million dollars a year to operating costs. Taxes, too, have been increased and it seems certain that they will be going even higher. Costs of materials and supplies have hit new highs. And there's no getting away from the simple fact that higher costs mean higher prices.

O. As a public utility your rates are regulated by the Michigan Public Service Commission. So, it would be your responsibility to propose-and among the Commission's responsibilities to establish-rates adequate to (a) assure continuation of high-quality service; (b) pay fair wages to telephone employees; and (c) permit earnings that will protect the savings of telephone investors and attract the additional capital needed to do the job.

Faced with those facts, what would you do?

Sit back and do nothing . . . stop adding facilities . . get along as best you can with what you have and let it go at that?

Of course you wouldn't.

Even though you'd rather not ask your customers to pay more for their service, plain horse sense would tell you that you should apply at once for increased rates to make your Company's earnings adequate for the job that has to be done.

And that is what Michigan Bell is planning to do

MICHIGAN BELL TELEPHONE COMPANY

rersus telephone rates 1941-1950

rates have gone up 21% while the

Size of "telephone package" is larger-more telephones can be reached without a toll charge.

Average worker earns enough to pay telephone bill in one-third less time than it took in 1940.

For most residence customers; the increase needed is less than 3c a day.

Telephone service would still be one of the cheapest things in the average family budget.
