The FATAL FOURTH is coming up again. Fourth of July holiday accidents took 69 lives last year, 50 lives in 1949 and 63 lives in 1948.

You may save your life this holiday if you drive with care when you must drive, if you swim at a public beach, remain seated aboard small boats, watch where you are walking and take it easy if the weather is hot.

Let's keep Michigan free from accident.

Jokes, jests, jabs and jibes just by Jeff: A hangover is said to be the morning after the night before. . . . Three great menaces to driving in America today, are hic, hic and bug. . . . Some folks have ears like a steam shovel—always picking up dirt. . . . Someone has said women are like newspapers: There is a bold face type, back numbers are not in demand, they have a good deal of influence, every man should have one of his own and not chase after his neighbor's.

Majestic Edition Lowell Showboat To Sail July 23rd

Making the best better, could be a slogan that describes the unified efforts of the Lowell Showboat committees in providing entertainment for the forty thousand patrons and spectators that are expected to attend the six nightly performances of the 1951 Showboat starting Monday, July 23rd and continuing through Saturday night, July 28th.

Admiral C. H. Runciman, a seasoned skipper, will again be at the helm of the famous Lowell Showboat, the Robert E. Lee, when she makes her sixty-fourth voyage down Flat River the night of July 23rd. It was in July, 1922, the Robert E. Lee made the maiden voyage and it is a tribute to both skipper and boat that over a period of nineteen years no mishaps have occurred and the boat has docked on schedule for the sixty-three Showboat performances that are now a pleasant memory for a great many spectators.

Currently the Robert E. Lee is in dry dock undergoing a little face lifting but will be ready to sail again soon with added brilliance, glamor and majesty. As usual she will be manned by an experienced crew to provide safe passage for a distinguished passenger list that includes many of the finest professional and amateur entertainers in the country.

Community Project The Lowell Showboat is a community project in which almost every citizen participates directly or indirectly and the 1951 edition scheduled for the week of July 23rd promises to surpass all preceding shows for good wholesome entertainment that can be enjoyed by all members of the family.

The Showboat committees have been busy for weeks getting the 1951 edition ready and C. H. Runciman reports he has booked some of the finest professional acts this community has ever seen. Five big acts and the Showboat band were booked in February to assure Lowell of the best.

Admiral Runciman states it is not difficult to secure top performers for the week when there is but one show each day. Most of the professionals are expected to put on their acts two or three times daily for each booking.

Tickets On Sale July 5

L. E. Johnson at the Postoffice Garage has received the reserved seat tickets for the Showboat and they will be placed on sale July 5.

The schedule calls for six performances again this year and the dates are July 23 through 28.

Amateurs Aplenty Apply

Already twenty amateur acts which show much promise have been booked and there will be others to make a full program for Amateur Night, Saturday, July 14. The grandstand has been packed on this occasion during the past years and all who attend will agree that the amateur acts must be outstanding to get on the bill.

Two of the amateur acts booked for the 1951 Showboat have had national recognition and one will be on the Ted Mack show in August.

Send in Your Prize Jokes

The editors of the minstrels are looking for the country for new jokes for their part of the big event and everybody is invited to send jokes to C. H. Runciman for this purpose. This gives everyone a chance to help in making the entertainment the kind they like to hear. For each joke which is sent in and used on the program a free ticket to a Showboat performance will be awarded to the sender.

Information Regarding Electors' Registration For School Election

In another column of this paper will be found the official notice of registration of electors in Graded School District Number One, Township of Lowell. It is to be noted that this is not a re-registration, but merely a registration for those who are qualified, reside in the school district, and have not previously registered in the school district, township or village. Registration in the village or township qualifies one to vote in the school district, if the elector resides in the school district. Anyone may register for school elections who is above the age of twenty-one years and has resided in the state six months and in the district thirty days preceding the elections. It is no longer necessary to be a parent or guardian of a child who is on the school census. However, it is still necessary to be the owner of property assessed for taxes in the school district before electors can vote on matters pertaining to the direct expenditures of money.

Fourth of July A Holy Festival

The Fourth of July should be a religious festival according to Dr. James W. Fifield, Jr., of Los Angeles, Calif., formerly of Grand Rapids, whose concept is to have the 174th anniversary of America's freedom under God celebrated not with fire-crackers and accidents on the roads but as a national religious festival.

This is the plan: "The celebration involves: Bells of every church in the nation ringing for 10 minutes at noon on Independence Day; clergy members of all denominations preaching sermons on freedom under God on the Sabbath preceding the 4th of July, and each citizen taking time on the 4th of July to read the Declaration of Independence."

The Ledger feels that Dr. Fifield has suggested a wonderful opportunity for churches to sponsor a more sane and sane observance of the meaning of Independence Day.

YOUR WASHINGTON REVIEW

The Congress recently voted to prohibit any further American aid to other nations which continued to trade with Russia and her satellites. In other words, the House and Senate felt it wasn't good sense to help any nation with American dollars or materials if that nation continued to trade with the enemy.

How has the President used this law? Mr. Truman has recently made a "blanket" use of the "escape clause." The President decided that American aid should be given to all the various nations, even though these nations continue to trade with the enemy.

Mr. Truman by this action has clearly circumvented the will of the Congress and the American people. This White House disregard for the legislative intent undoubtedly will lead to more stringent restrictions in future laws.

Naturally I disagree with the decision of the President to continue American aid and assistance to all nations even though these nations send materials to Russia and other Communist countries.

In addition, I strongly disagree with the general trend in recent years whereby the Executive Branch of the federal government nullifies or thwarts the acts of the Congress and the decisions of the Courts. There are many examples of this, perhaps the worst being President Truman's impounding of funds Congress appropriated for a 70 group air force.

To refresh your memories, Congress several years ago appropriated almost a billion dollars to build up a 70 group air force. The President simply directed that these funds should not be spent and as a result the Air Force was not up to essential strength when the Korean War broke out.

Some folks will contend that no real harm is done by the President overriding the clear directives of Congress. Such an attitude is extremely dangerous for every time the President thwarts the will of the 531 Members of Congress I intend to fight for the traditional concepts of our tripartite system of government. America grew strong under a balanced form of government.

Our Nation will continue strong only if the Executive, Legislative and Judicial branches of the government work as a team. The domination of one over the others will inevitably lead to dire results. Our citizens should be cognizant of what the President has done for our liberties can be lost if we are not alert.

Agriculture
An almost final report especially on apple trees has been called for our attention during the past few weeks. This is called blight and appears as small green and red bumps on the leaves. There is a severe infestation this year. Now that can be seen. It is not yet over. As the tree grows older it will outgrow this condition. However, if you have an application of lime sulphur during the dormant stage in early spring might help. However, don't worry about it too much.

Please notice the time of church service at the Brethren church. Preaching will begin at 8:45 a. m. The Sunday school hour will follow. Rev. Martin will speak at the Brethren church at 11 o'clock.

Jake Hutter and daughters Doris and Pearl of Grand Rapids were Sunday afternoon callers at the Keim-Seese home.

God's Open House
Lesson for November 28, 1950

IT IS A WARM chapter, this 28th of Isaiah. Some false ideas about God melt away fast when they are brought close to it. Let us take a look at some of these notions and see how they will in the light of God's Word. Sometimes these notions are held sincerely, sometimes they are mere excuses to keep from facing God. One of the mistaken notions is the idea that God has two lists: one is a list of people on whom he intends to have mercy, and the other list heave by card only, then cut out those on whom he intends to have mercy and will not save. If your name is on the first list, fine; but if it is on the second list, you are in a hopeless fix. If God is not going to help you, who can?

This is a terribly wrong notion. It confuses the true God with some sort of deity in the sky who has a "social register" of persons he will admit to his palace. "The list heaves by card only, then cut out those on whom he intends to have mercy and will not save. If your name is on the first list, fine; but if it is on the second list, you are in a hopeless fix. If God is not going to help you, who can?"

It is the feeling that God may be sensitive to the prayers of people coming before him. It is the notion that if God wants me, he will knock me down and drag me where he wants me to be. A man with a notion like that, of course, is likely to meet with God. He spends his life paying God no attention whatever, not even thinking about him, perhaps. He may even go as far as to call on the Father's house, believing that God's love has reached him. He will reach after him and get him in case God ever wants him.

Now this is a ridiculous idea and a bad one too. Isaiah would not think it true for a minute. "Seek ye the Lord," he says, "Call on God your father and get him in case God ever wants him."

"Spur-of-the-moment" picnics are more fun than one planned for days. You know the kind—the family or the gang decides it's a lovely day for a picnic, and you're off.

First, you'll need to gather a few supplies—the stumper the better. Supplies are quick and easy, they're often the mainstay of the meal. For just such occasions as this, Ruth Ingalls, of foods and nutrition department at M. S. C., suggests making up a quantity of sandwiches and freezing them in a home freezer or the frozen food compartment of the refrigerator.

Make a variety of the family's favorite sandwiches—cheese, meat, peanut butter, chicken, and fish. Fillings will freeze well. Spread the bread with plenty of butter, but make it extra buttery. Michigan Republicans United In Opposing More U. S. Consumer Taxes

Michigan Republicans have opened a campaign to present a united front against more federal consumer taxes. In telegrams sent to several congressmen, Owen J. Cleary, chairman of the state central committee, suggested a solid bloc to oppose further taxes on income, gasoline, cigars, automobiles and other items.

Not missing an opportunity to blast the governor, Cleary said: "While Gov. Williams, as a Democrat, says he is opposed to consumer taxes, he hasn't raised his voice about the Democratic plans in Washington to grab millions of dollars more from Michigan people... the federal government is bleeding Michigan...."

The new 1961-year-old draft has caused the greatest furor in the state the last few weeks. Despite assurances that "it will be months or even years" before any men under 19 are called, eligible men are as reluctant to enter colleges as employers are to hire them until the new law has been tested.

Reports in the college draft deferment tests show that some two-thirds were above the passing mark of 70. Seventy doesn't mean deferment for sure... this phase of elective service is as confused as any other.

Michigan's first draft call for doctors has been chopped from 67 to 41. The medical will get the nod July 28. The number was cut because "it was impossible to recruit 67."

The Jolly Community club met last Wednesday afternoon in Lowell with Mrs. Paul Rickett. Sixteen ladies and three children were present. After the meeting three nice contests were given, Mildred Shores, Lola Baird and Mrs. Smith being winners. Picnic plans were discussed. The annual picnic will be held July 15 near the pavilion at Fallsburg Park. All members and their families try to be present. The July meeting will be held with Louise and Geneva Barkley.

The Bunco club will be held next week Thursday afternoon with Mrs. Russell Feuerstein. Please be there by 1:30 and bring tables, dice and sandwiches.

Mr. and Mrs. Rickett and Marilyn attended a party given for the 4-H delegates to Michigan State College last Wednesday evening at Bertha Brock Park.

Little Joan Blough, four years old, was taken to Butterworth hospital Wednesday suffering from pneumonia and appendicitis. They had to operate Thursday night at nine o'clock. Saturday she had a bad day but by Monday she was much better and considered out of danger. She is a daughter of Mr. and Mrs. Louis Blough. Friends hope for her speedy recovery, and in the meantime, lets send Joan lots of pretty cards.

Mr. and Mrs. Homer Thornton were guests one day last week of Mr. and Mrs. James Baird.

Harry and Dell White of Grand Rapids were Sunday dinner guests of Louise and Geneva Barkley.

Mr. and Mrs. Howard Palmer and Bunny of Grand Rapids were Sunday evening guests of Mr. and Mrs. Frank Tompco. The latter couple and Mr. and Mrs. Milton Wilcox attended the funeral of Mrs. Mary Ritzema in Grand Rapids Saturday.

Mr. and Mrs. Don Shores of Alto were dinner guests of Mr. and Mrs. Frank Shores and family. Evening guests were Mr. and Mrs. Hugo Connor and family and Mr. and Mrs. Carl Shores and daughter of Lowell and Mr. and Mrs. Roger Dean of Saranac.

Mrs. Minnie Finkney and Leona and Mike Hale are spending this week in Mason with Mr. and Mrs. Chas. Dent and baby.

Mr. and Mrs. Philorus Hale and family were Sunday supper guests of Mr. and Mrs. Paul Detzner and family.

Mr. and Mrs. Roy Gage went to Muskegon Thursday evening and brought Mary Lou and Virginia Sweet back with them to spend this week. On Sunday all were dinner and supper guests of Mr. and Mrs. Willard Michaud and family near Lake Odessa.

Tuesday afternoon caller of Mrs. Paul Potter was Mrs. Gerrit Dierman. Thursday evening, Mr. and Mrs. Rollo Dean and family of Lake Odessa and Mr. and Mrs. Hills Tischer of Saranac. Sunday evening guests were Mr. and Mrs. James Dean of Lake Odessa, Mr. and Mrs. Roy Whitesell and Mrs. Betty Edilia of Ionia.

Gerrit Dierman called at the Ed Potter home Tuesday afternoon. Wednesday evening guests were Mr. and Mrs. Byron McKelvey of Milford and Mrs. Edna Hopper and son of Ionia. They were supper guests at the Byron Potter home and called at the Paul Potter home and were overnight guests of Mr. and Mrs. Eddie Potter and family.

Mr. and Mrs. Ralph Wheaton were Sunday afternoon callers at the Eddie, Paul and Ed Potter homes.

A Correction

Mr. and Mrs. Howard Vermerris and daughter were guests of Celia Bos and not Paul Smith as was stated last week.

Michigan Republicans United In Opposing More U. S. Consumer Taxes

Will there be inflation or deflation this summer? Economists say it depends on Russia and whether she cools down her war plans. But does it HAVE to be one or the other? There was a time.....

A safety program has been started to reduce the number of small plant accidents. There are 22.5 accidents for every million man hours in small organizations while large plants have a casualty rate of only 8.95.

Is there too much industry in Detroit? A Washington house- senate committee has warned against too much concentration of defense industry in the Motor City. Threat to national security, the committee calls it.

A bill providing \$2,000,000 for county and city hospitals has become law. The money will be distributed by the emergency appropriations commission ("Little Legislature").

Average price of farm real estate on March 1, 1961 in Michigan was nearly 24 times that of March 1, 1941. As a whole land prices have risen 14 per cent in the last year.

CARD OF THANKS

I wish to thank the relatives, friends and neighbors for cards, etc., sent me during my stay at Blodgett Hospital.
