Rev. Chas. W. Boman Dies Unexpectedly

Funeral services were held at Wayland Monday afternoon for the Rev. Chas. W. Boman who passed away at his home west of Lowell Saturday. Death was attributed to a heart ailment from which he had been suffering for a few previous years. He was 73 years old and had retired from the ministry.

Rev. Boman was formerly pas-tor of the Lowell Baptist church, serving this pasttorate for several years. He was also an evangelist of note having traveled in that service with singing and preaching both in Canada and the States. He was a natural artist and had painted charts which he used to llustrate his Bible lectures.

The past three years he has been unable to lecture and was confined ins and alling friends.

Smith, Hartley and MacGregor Show Unusual Promise

A team is only as strong as its reserve and utility strength-and in Jack Smith Coach Burch has an excellent utility man. This big aggressive boy plays defensive half but can also be used as an end.

One of the outstanding men on the field last Friday was Doug Hartley. This boy has all it takes to make a great back . . . he is fast, shifty, can pass and punt with the best of them and shows a lot of poise. The fact that Doug is only a Sophomore should give many Grand Valley coaches headaches for the next two years, and if he continues playing the type of ball he did last Friday night, aspirin won't help in the least!

Jim MacGregor plays the pivot position and gave a good accounting of hizaelf last week. Jim is big and should develop into a fine line man. A Junior from Cascade, MacGregor will see plenty of action this season. This feature is sponsored by McMahon-Reynolds. THE LOWELL LEDGER CATHOLIC MEN'S SOCIETIES

The eyes of the racing world will be focused on the Owosso Motor Speedway on Sunday afternoon, when the stars of the Central States Racing Association will be racing against time on the world's fastest semi-banked half-mile track in trying to lower the present world's record which is now 19.74 secords, set by Jimmy Wilburn of Inoianapolis at Owosso last fall.

This will be the season's final big family and Mr. and Mrs. Clare Stahl and family and Mr. and Mrs. Horace

New battery helps telephone service

In Michigan Bell's telephone central offices

there are giant storage battery cells, some of them

5 feet high! They operate some of the telephone

switching equipment, and provide power to carry

your voice over telephone lines. Not long ago

Bell Telephone Laboratories developed a new type

battery which uses calcium instead of antimony

as a hardener in the battery lead. It holds its

many months without attention, and stands up many more years. Bell System research is one of

the reasons why the most efficient telephone serv-

It Takes Lots Of Good Feed To Fill The **Egg Basket**

You can't have full egg baskets if you do not pour into your hens plenty of the things they require to make eggs. An egg is made up of a lot of elements. Proteins, minerals, vitamins, water-all must go into the hen before the egg comes out. All these things are found in our egg feeds-and in the right proportions needed for top production. If you have good stock that have been raised right and are being cared for properly, we can supply the feed that will make them turn a pretty profit for you .
