

THE LOWELL LEDGER

Established June, 1893

LOWELL, MICH., THURSDAY, NOV. 29, 1951

Number 31

Clarence Smith has been building a garage and making other improvements on his store property on East Main street.

Because of illness Lester Weaver has been away from his store the past week or more. Mr. Weaver will take an extended leave of absence from the Red & White Grocery and his son, Robert has taken over the management for the present.

Robert plans to continue giving their customers the same courteous and efficient service to which they are accustomed in the past.

Avery Jewellers is in charge of Mrs. Bernis Bodell and Mrs. Bradford White since Mrs. Avery is still confined to her home from injuries received in a recent automobile accident. Mrs. Avery has been in Grand Rapids with her sister while under treatment and returned to her home here last week.

We hope Marian will be able to supervise her window trimming this season which has always been a feature along Lowell's Main street.

Postmaster George Hale is reminding patrons to do their Christmas mailing early this year to insure better and more satisfactory handling. This not only helps the postoffice staff here and the thousands of other mail handlers all over the country, but is gratifying to the sender as well.

Early mailing means surer delivery before Christmas and better condition of packages on their arrival.

Again this year Lowell's Main street is to have an arched canopy of evergreen boughs interspersed with colored lights throughout the length of the business section to herald the approach of the Christmas holiday season.

This gorgeous decoration has been highly commended in past years and will be fully as attractive this year. Lowell has state-wide admiration for this novel and impressive decorative scheme.

Tuesday morning the village electricians began getting the lighting project in order.

In computing the number of miles-of village streets for the state to be used in the new distribution formula for highway funds it was found in the village of Lowell there are 55 miles of streets. Of this amount some miles were part of the village system, the remainder being either state highway or county road.

Work on the remodeling of the Methodist church interior is progressing to the extent that the dedication date has been set for December 30. The new organ and seats are to be installed and ready before that time and committees are making plans for appropriate services.

The Rev. Philip Glatfelter and his co-workers are to be congratulated on the success of their project.

For the benefit of our friends who are shivering in the south we want to say that we are doing our best to get you a cold winter accompanied by a brief sleet storm Sunday night and another light of snow. Early Monday morning motorists had a little difficulty in traveling but by noon all highways were clear and dry.

The sun is shining on both sides of the street this morning and our early winter encourages us to think we may have a bright and early spring.

Lowell Sportsmen Book Highlights For Dinner Meet

Lowell Sportsmen Club has arranged a well highlighted program for the dinner meeting to be held Monday, Dec. 3, in Masonic Temple when "Chet" Rose, popular toastmaster from Grand Rapids will have charge of the dinner speaking. Mr. Rose is recognized as one of the best entertainers in the state.

C. J. Tinker, a conservation department lecturer since 1931, is in charge of motion picture production for the state agency, and will be here with illustrated lectures.

Widely known as a conservationist and for his activities in the state Grange, Tinker has traveled throughout the United States and Central and South America, has been a member of scientific expeditions and is a former mountain climber with 14 peaks over 14,000 feet high to his credit. In hundreds of appearances before Michigan audiences as a department representative, Tinker has made a reputation as a Paul Bunyan authority.

Emil Menz will play the Hammond electric organ. The supper to be served by Job's Daughters promptly at seven o'clock will be roast pork and beef, country style. Anyone wishing to attend may get tickets from Harley York.

Rites Held Sunday For Martha Perry Lifelong Resident

Services were held Sunday afternoon at 2:30 at Roth Funeral Home for Miss Martha Perry who passed away early Friday morning, Nov. 23, after an extended illness. Her pastor, the Rev. Norman G. Woon, was in charge and interment was made in Oakwood cemetery.

Martha was born in Lowell Dec. 10, 1893, daughter of Milton M. and Leonora S. Perry, and spent her entire life here, receiving her education in Lowell schools. In her early girlhood she became a member of the Congregational church and was a faithful attendant at all services. She was active in all church groups, a loyal worker in the Cheerful Doers and one of the first members of the Garden Lore Club.

Always quiet and unassuming Miss Perry remained in the home and devoted her life helping to make it pleasant for her parents and sisters, all of whom have preceded her except her sister, Agnes, who has tenderly cared for her in her declining years and last illness.

Surviving besides her sister are cousins and a host of friends who will ever cherish the memory of her unselfish service.

Lowell Women's Club Hears C. H. Runciman Discuss State Welfare

Mrs. Norman Woon entertained the Lowell Women's Club in her home on Nov. 14th. The guest speaker for the day was Mr. C. H. Runciman, who presented a very illuminating picture of the Michigan State Welfare Commission.

The Commission originated in 1936 and is conducted without politics. It is a policy-making group and has five welfare commissioners. Among others, the commission gives aid to the blind, dependent children, old people, and completely disabled persons. Aid to these groups was formerly based on need; now, with the exception of medical costs, the pre-determined amount is set up for each group. Michigan ranks much higher than the majority of states in taking care of its own.

A brief business meeting was followed by refreshments, in the Thanksgiving theme, served by the tea committee, Mrs. E. A. Peckham, Mrs. Wm. Flynn and Mrs. Burt Purchase.

Kent County 4-H Boys and Girls At International

The Kent county delegation of 4-H Club members attending the International Livestock Exposition in Chicago returned from their week end trip Tuesday night after visiting many places of interest in addition to attractions at the Show and the National 4-H Club Congress where Joan Allen of Grand Rapids represented Michigan in the National 4-H Club Style Revue.

Kent members on the trip included six boys and six girls. The boys were Lawrence VanLan and Donald Hillon of Caledonia, Thomas Cornell of Alto, Paul Troest of Byron Center, Robert Bradford of Sparta and Jerome Phelps of Cedar Springs.

The girls were Pat Lundy and Lorraine Miller of Alto, Joyce Boerna of Marne, Madelyne Cole and Mary Cornell of Lowell and Jean and Janet Kober of Sparta.

Accompanying the delegation were Richard Machiele, Kent County Farm Agent and Elmer Ostrom, Kent County 4-H Club Agent.

Funeral Rites Friday For William Carroll Retired Railway Clerk

William Carroll, retired railway clerk, passed a way at his home on Lincoln Lake Rd., Vergennes township Tuesday, Nov. 27. Mr. Carroll was 73 years old and had suffered from a heart ailment.

When Mrs. Carroll, who is employed, left for work that morning her husband was apparently in his usual health. When she returned at three in the afternoon she found him sitting in his favorite chair where he had been stricken probably sometime in the forenoon, according to his doctor.

Surviving are his wife, Ethel; one daughter, Mrs. Juanita McLochin; two sons, Wesley Carroll, Riley Carroll, all of Grand Rapids; two sisters, Mrs. Hattie Chauncey in Massachusetts, Mrs. Margaret Alberta in Canada.

His body reposes at the Roth Funeral Home where friends may meet the family Wednesday and Thursday evenings from 7 to 9. Funeral services will be held Friday at 2 p. m. in Interment in Garfield Park Cemetery.

Photo-Quiz Farm Identified Friday

The first of the Lucky Farmer Photo-Quiz pictures which was published in the Ledger last week was identified as the farm home of Mr. and Mrs. Louis Smit, located two miles east of Lowell on M21. Mrs. Smit recognizing the place when she sat down to read her paper Wednesday evening.

Friday morning Mrs. Smit came into the Ledger office and claimed the framed photograph and the thirty gift certificates provided by the merchants who are underwriting the project.

The farm is owned by E. J. VanderVeon of Grand Rapids, a van der construction contractor, by whom Mr. Smit is employed. The Smit family who moved here eight years ago from Grand Rapids are living on the farm.

In the family besides Mr. Smit, are his wife, Della, and three children, Robert, 18; Barbara, 14; and Laura, 12. The children attend Lowell schools.

The management of the farm consisting of some 336 acres of pasture land, woods, and fields, is a hobby with Mrs. Smit. She has a few cattle and raises hay, grain and garden produce with the assistance of her family.

Across the highway from the house a new cinder block shop has been constructed in recent years where road signs are assembled and other shop work is carried on. The house which is of red brick and of modern design is accompanied by a group of buildings which include a large barn, hog house, chicken coops and brooder house. A small creek runs through the barnyard making a west supply for the cattle within reach.

Raymond C. Force Former Lowell Man Dies in California

Raymond C. Force, a director of the California Bank and former president of the Caterpillar Tractor Co., died Nov. 18 in Oakland, Calif., at the age of 71 years.

Mr. Force, a native of Croton, Michigan, was the son of Mr. and Mrs. George Force, formerly of Lowell, and has many acquaintances here. At the age of 18 he went to Alaska where he worked several years in Dawson and Fairbanks. Later he became associated with the California Corrugated Cement Co. of Berkeley, and was general manager of the Best Tractor Co. which subsequently merged with Holt Mfg. Co. to form the Caterpillar Tractor Co. of which he was first president. He was active in civic affairs and clubs in his city and had a fine family home at the Blackhawk Ranch at Diablo.

Surviving are his wife, Florence E., a daughter, Mrs. Lillian Fitch and a son, Mr. George Force, both of Piedmont, and Raymond G. Jr., of Diablo; seven grandchildren, and a brother, Harold W. Force of Oakland.

Senator Ferguson Votes For Economy Blair Moody 6 to 9 For Spending

Come Jan. 9, and our legislators will hitch up their pants and jump into the fastest regular session in its history—if everything goes right. This comes under the constitution amendment allowing for a regular session every year rather than two years plus a series of special sessions at which lawmakers can consider only what the governor proposes.

Can the legislators get through a "quickie" session and be cleaned up by the April 11 deadline? None of the experts is ready to say—yet. Everyone agrees it will be an achievement. Ordinarily such a session would last until May 15, at least. Some 1,000 bills would be introduced. About one-third would be approved.

From 140-150 bills already have been drafted for the 1952 session. Whether there will be 1,000 is doubtful. But if the lawmakers can meet their deadlines, everyone concerned will be pleased.

Out of a \$100,000 investment the state may reap handsome profits. The legislature, a bit dubious, appropriated that much for state health department laboratory staff to research a new anti-biotic—it now is announced it will soon be on the market.

Known as Synnematin, the substance offers hope of relief from a variety of intestinal, genito-urinary ailments. Three scientists who developed the anti-biotic have waived claims to financial return. Next question: what royalties will the state ask for its sale?

Gov. Williams has pledged a hands-off attitude toward the conservation department. Now if the legislature would do the same, conservation officials would rejoice. For years the department has sought authority to regulate big game and open seasons for various areas according to amount of game available. For years the lawmakers have refused to give up their legislative drawing on conservation powers.

How Michigan's United States senators voted for economy and spending in the 1951 session congress, as tabulated by the Council of State Chambers of Commerce: Homer Ferguson, 17 for economy, 1 for spending; Blair Moody, 6 for economy, 9 for spending.

A shortage of labor is delaying construction of ore carriers for the Great Lakes. Nearly a dozen carriers are scheduled to be launched in 1952. Any delay will affect defense mobilization and Michigan's civilian economy.

Detroit's long-sought expressway is fairly well set now. An \$80,000 bond has been approved.

Some 22,000 state civil service employees will receive pay boosts totaling more than \$5,000,000 in December. When the increases would be effective has not been determined.

Lowell Reflects Christmas Spirit Many Activities

The entire village of Lowell is reflecting the spirit of Christmas and all churches, schools, and kindred organizations are planning activities for the holiday season.

The Lowell Board of Trade have expressed their interest by offering prizes for best decorated store windows, homes and lawns. They have committees appointed to prepare for all the various activities which go along with the Christmas atmosphere including a visit from Santa Claus.

The streets are receiving the usual decorating and stores are showing an excellent array of merchandise from the smallest toys to the more valuable type of gifts. Anything for anybody can be found in Lowell.

Parking lots close in have been arranged, and no parking meters or other collections from shoppers here.

See Lowell stores first. It is easy to shop here.

Red Arrows Victorious In Close Ionia Game Opener's Score 45-34

The Lowell Red Arrows won their initial basketball game of the season when they grabbed a 45 to 34 victory from the prison city lads at the Ionia Army Tuesday night.

Lowell held a 10 to 7 lead at the first quarter and a 23 to 20 margin at the half. The two teams remained just three points apart as the final quarter started with the Arrows ahead 29 to 26. The Lowell lads enjoyed their greatest scoring spurge during the fourth period and won the final verdict 45 to 34.

Rosenberg was high point man for Lowell with 13 points followed by Grummett with 8. Sorenson of Ionia was high point man of the evening with 16 points.

Second Team Loses Thriller

The Lowell second team lost a thriller to the Ionia seconds by a 39 to 38 margin. Hartley tied the game up at 38 all with 30 seconds of time left and Ionia sunk the winning foul shot with but 10 seconds of time left. Bryan was high man in this contest with 11 points.

This Friday Lowell will play host to Sparta in a non-conference tilt in the local gym. The Friday night's second team game will start at 7 o'clock.

Rotary Club Told Inflation Threat Is Dangerous

In a recent Rotary Club meeting a program was arranged by Elmer G. Schaefer who brought M. Raymond Clark of Grand Rapids as guest speaker. The Ledger feels the general public is interested in OPS and we are briefing Mr. Clark's talk as follows:

The primary purpose of the Office of Price Stabilization is to maintain a stable price structure, and at the same time protect both business and the consumer during the nation's great defense production effort, which is only in its early stages. M. Raymond Clark told the Lowell Rotary Club. Clark is Price Executive for the Grand Rapids District Office of Price Stabilization, which has jurisdiction over 485 counties in West Michigan and the Upper Peninsula.

He urged Lowell businessmen to join with others throughout the nation in fighting the threat of inflation, saying that the danger would increase as rearmament expenditures increase from the current rate of 35 billion dollars annually to 65 billion dollars a year from now.

Runaway inflation Ruinous "If we should let runaway inflation wreck our economy, the effect could be as ruinous as defeat in an all-out war," Clark declared. "Every one per cent increase in the cost of living means that the American people must pay two billion dollars more each year for the things they need, and already inflation has cost us 21 billion dollars since January, 1950."

He said that the cost of living rose eight per cent in the period between the Korean invasion and February, 1951, when OPS controls became effective. Since February, this increase has been held to only 1 1/2 percent, Clark stated.

He outlined the inflationary period, and subsequent depression, which has followed every war in the nation's history except World War II. He pointed to the way that price controls had held the line from 1943 to 1946, during the period of greatest inflationary pressure generated by World War II, and said that OPS was built on the effective price control principle developed during that wartime period.

"More than 60 per cent of the inflation resulting from World War II took place after the war ended and controls had been lifted," Clark declared.

OPS Staff Will Help He told Rotarians that the Grand Rapids OPS was staffed by specialists who were drawn directly from private business, and said the office stood ready to help both consumers and businessmen with questions on prices. Clark himself is a former Vice President and General Manager of the two largest department stores in Grand Rapids, and in recent years has been a merchandising consultant to some of the best-known retail stores in Michigan.

California Coconut Drops

- 2 cups King's sifted Enriched Flour
- 3 teaspoons baking powder
- 1/2 teaspoon salt
- 1 cup chopped pitted dates
- 1 cup shredded coconut
- 1 tablespoon shredded orange rind
- 1/2 cup melted butter or margarine
- 3/4 cup sugar

- 1/4 cup orange juice
- 1 egg

Sift together flour, baking powder and salt. Add dates, coconut and orange rind and mix lightly. Combine butter or margarine, sugar and orange juice, mixing well. Add egg and beat thoroughly. Gradually add flour mixture, stirring until well blended. Drop by spoonfuls on greased baking sheets. Bake in moderately hot oven (400°F.) 10 to 12 minutes. Makes about 4 1/2 dozen 2-inch cookies.

JOB'S DAUGHTERS

Thirty girls attended Job Daughters Monday night and elected the following officers for the Spring term: Cheryl Nellist, Honored Queen; Julie Lundberg, Senior Princess; Joyce Faulkner, Junior Princess; Nancy Wood, Guide; Beverly Bedell, Marshal. Phyllis Cole was second in line for Marshal.
Appointive officers will be announced later.

GLASS TO METAL
Glass and metal areas to be soldered are first painted with a thin layer of titanium hydride. The solder is then placed upon both painted areas. Parts are assembled and then heated to about 800 degrees Fahrenheit and the titanium hydride decomposes, causing the solder (already molten) to adhere to the painted areas of both glass and metal. The bond, upon cooling, is tight and strong. Using soft metal solder it is possible to subject this metal-to-glass seal to rapid temperature changes without danger of cracking. The wide difference in temperature expansion between glass and metal is absorbed by the solder. This new system makes simple and easy the construction of electrical devices which have been heretofore almost impossible to produce.
Hangers That Hold
Remember when we'd cut a few inches of red or white rubber tubing and slip it over a metal coat hanger to make it "non-slip"? The younger generation, however, has the job all done for it. Coat hangers covered with plastic so that even silk dresses won't slip off are now available.
This is the time of year when rats and mice are seeking a nice soft place to spend the winter. To prevent their invasion, plug up all holes in foundations, clear out junk, and make a double-barreled effort to poison those which get in.

Lovely Christmas Window Scene

A lovely Christmas window like the one shown above in the photograph above can be a tangible reminder of the true meaning of Christmas for the whole family.
The simple Christmas scene above was arranged on a wide window sill or it could just as easily have been made on a low table. Notice how appropriately a pale yellow shawl forms the background for the setting. The tiny creche with its tree of rhododendron leaves is spotlighted by a 75-watt spotlight which does not show in the picture. It is in a wall-type holder and placed high on the window frame at the extreme right as shown in the inset sketch.
The bulb must be carefully positioned so that its rays will reach the creche.
Tiny angel figurines and Bethlehem candles in small holders on the glass shelves in the window complete the arrangement.
In addition to its effectiveness indoors, the window will look charming from out of doors with its glowing candles.

Primary School Fund Enriched by Tax From Michigan Railroads

Michigan's railroads will have to turn over their gross operating revenues for 46 days to meet their 1951 tax bill, the Michigan Railroads Association announces.
Strikingly illustrating how railroad taxes have increased, the association states that in 1920 those required the proceeds of 17 days of work, in 1930, the revenues of 24 days, and in 1940 the total receipts of 34 days were required. In 1950, the nation's rail lines paid a tax bill of \$1,194,625,883.
The association points out, the state's railroads will have to work more than 10 days to raise the \$7,100,000 of tax money they contribute yearly to the state and which go into the Primary School Fund. This does not include taxes paid in the various counties and municipalities.

Lowell F. F. A.

Mary Anna Potter Becomes Bride of Gordon Hoddinott

Dr. Oscar Thomas Olson, minister of Epworth-Euclid Church, read the marriage service for the wedding of Mary Anna Potter, daughter of Mr. and Mrs. Edwin M. Potter of Lowell, and Gordon T. Hoddinott, son of Mr. and Mrs. R. J. Hoddinott, of East Cleveland, on Saturday afternoon, Nov. 24 at 4:30 o'clock in Epworth-Euclid Church. The sanctuary was decorated with caryantheums and seven-branch candelabra.
Given in marriage by her eldest brother, Byron, of Lowell, Mich., the bride wore a gown of slipper satin with a sweetheart neckline held in place by pearl clusters, a tightly fitted bodice covered with seed pearls, long pointed sleeves and full train. Her finger-tip illusion veil bordered with Chantilly lace was held in place by a tiara of seed pearls. She carried a white orchid on a white Book of Worship with a cascade of French mums. The Book of Worship was the gift of the minister for whom the bride until recently had served as secretary.
The bride's cousin, Mrs. George Galster of Toledo, Ohio, was the matron of honor, wearing mauve pink taffeta gown and carrying a cascade of burgundy mums and pom poms matching in color the taffeta bandeau and veiling.
For her daughter's wedding, Mrs. Potter chose a black crepe dress richly embroidered with aqua and dusty rose, and her accessories were dusty rose. The groom's mother wore a dusty rose crepe dress and also had matching accessories. The corsages were of orchids.
Merle R. Hoddinott of Willard, Ohio, brother of the groom was best man; and William G. Holaday, Ellis C. Persing, Jr., and Alden D. Smith were ushers.
After a reception in the church parlors, the couple left for a week at Potawatomi Inn near Angola, Ind. After Dec. 15 they will make their home at 186 Ansel Road, Cleveland.
The bride attended Heaney College in Grand Rapids, Mich., and Cleveland College. The groom was graduated from Otterlin College and is employed at the Dobeckum Company in Cleveland.
At a reception held in the basement of the church more than 200 guests were in attendance, after which about sixty close friends of the couple went to the home of the groom's parents on Melbourne Rd., Cleveland, where a supper was served.
Those attending from this way were Mrs. Mary Potter, Mrs. Callie Boss and son, Larry, Miss Mari Wheaton, Mr. and Mrs. Byron Potter, Kitty, Sharon, Susan and Jerry; Mr. and Mrs. Edwin B. Potter, Nancy, Patty and Sally, Mr. and Mrs. Jas. Smiley and family and Mrs. Clark.

There is Still Time Remember CARE

Mrs. Don L. Dickerson, president of the Lowell Women's Club, reports that there is still time to contribute to the CARE fund if the money is gotten into the hands of the committee this week.
It is not only the large donations that are appreciated, says Mrs. Dickerson. All contributions are pooled to provide a complete package, which contains, food, woolen blankets, textiles, knitting wool, and underwear.
Remember there is still time. Let's not go down in history as negligent. Donations may be sent to Mrs. Don Dickerson, 423 Suffolk St., Lowell, and the club will get them to headquarters in time for the Christmas shipment, for the orphans who are in dire need.

Past Noble Grand Club Enjoys Social Meeting

The Past Noble Grand Club held their November meeting at the home of Mrs. Don Phillips on Pleasant St. last Monday evening with 13 members and four guests present. We were all happy to have our sister, Tillie White, with us again. After a very interesting meeting conducted by president Inice Wood, the meeting was turned over to the hostesses, Mrs. Phillips and Mrs. Wood.
Humorous games of donkey, life-savers, and telegrams were played and enjoyed and lovely prizes were given the winners. Delicious and attractive refreshments were served and all enjoyed the social activities and gracious hospitality of the hostesses.

CARD OF APPRECIATION

I wish to express my sincere thanks to all my neighbors, friends and relatives for their kind remembrances during my recent illness.
