Detective Story Paramount's "Detective Story", which opens at the

Strand Theatre next Sunday, is a brilliantly staged and per formed melodrama that blasts out the story of a tough, embittered detective with the tempo and impact of a tommy Kirk Douglas portrays Det-

octive Jim McLoed who has a psycopathic hatred of crime and criminals. In the story, Mc-Loed's fanatical sense of right has earned him the reputation as the toughest, most relentless man on the squad. When the case against a slippery quack who profits from girls in trouble folds, he brutally beats the unlicensed medico.

Then McLoed learns that his wife has had dealings with the same doctor while keeping company with an underworld charactor. What follows next is something you should see for yourself. Few motion pictures give you the death, realistic drama found in "Detective Story".

The extremely capable cast is strengthened even more by such notable stars as Wm. Bendix, Eleanor Parker, and Cathy O'Donnell. You'll be getting more than your money's worth at the Strand Theatre Sunday and Monday, March 23 and 24.
