Schaefer and Roth Candidates For Lowell Village Presidency

With all the nominating petitions in Monday afternoon it d velops that for the first time since 1946 there is a contest for the office of village president. Elmer G. Schaefer and W. A. Roth are the candidates on Citizens ticket. Schaefer is also a candidate for the Peoples party, which means if he should lose the Citizens nomination where there is a contest in the February 16 Primary he would still have another opportunity to win the election on March 9. There are seven other candidates for the three council positions and two candidates for village clerk's job.

Lowell Reviews Year's Record With Warranted Gratification

The Ledger takes pleasure in presenting to its readers some of the accomplishments and advancements made in the progress of the village of Lowell during the year 1952, which has been an unusual year in many ways. Every-department of service which has anything to do with the growth of a normal village seems to have been functioning all the year. Cooperation must have been the watchword since our town continues to prosper year after year and competitors work hand in hand for the betterment of their community.

With the advent of the new year we should review the activities, accomplishments, and unfinished projects of the previous year to give us a better understanding of the problems in store for us and how best to carry on the program for 1953 with ultimate success.

Village Council Active

MUSIC BY THE ARIST-O-CRATS Admission: \$1.50 Including Tax

The steps below show how easy it will be for you to use your new dial telephone system starting at 9:00 p.m. Thursday, January 8.

SUPPOSE YOU WANT TO CALL 3641

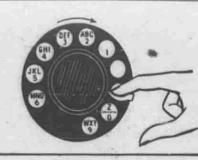

Lift receiver and wait until you hear a humming sound. That's the "dial tone"-the equipment's way of saying "Number, please?"

where you see the figure 3.

3 Pull dial around until finger hits the stop. Remove finger and let dial spin back freely.

Do the same with the figures 6, 4 and 1. You'll then hear either the ringing signal -an intermittent burr-rr-rr-or the busy signal-a rapid buzz-zz-zz. If you dial the letter O when you want the figure O, you'll ring the wrong number.

WHEN you want to call out of town, just look in your telephone directory. It tells how to call any place you wish, including Grand Rapids and Grattan in your local calling area.

All Grattan telephone numbers change January 7 and about 10,000 Grand Rapids numbers change during the following few days. You will receive your new telephone directory within the next few days.

Instructions shown on the cover of the directory tell when to start using it.

You are cordially invited to enjoy the entertainment to be presented by Lowell townspeople at the High School starting at 7:30 p.m. Thursday, January 8. See and hear the first calls being placed over your new dial telephone system. You and your friends will be most welcome.
