"THERE'S a big story in the price of this L beauty-but an even bigger one in what you get for that price.

You get the highest horsepower and compression ratio ever engineered into this Buick Series-from the extra-thrifty F-263 Fireball 8 Engine newly designed for this Golden Anniversary SPECIAL.

You get an even wider front seat than this roomy Buick had before-plus a new tilt-away feature that means easier inand-out.

You get real big-car comfort, from deep, soft oushions with new zigzag type springs in both the seats and the backs.

handling ease that come of a still finer Million Dollar Ride. Steering ratio is increased. Front wheels have been brought to zero-caster. And here, of course, you get coil springs on each wheel, full-length torque-tube drive, rigid and massive X-braced frame-ride features you get in no other car at the price.

### Dut-you get the idea.

And when you realize that the figure on this big, brawny, beautiful Buick SPECIAL is just a few dollars more than you'll pay for one of the so-called "low-priced three" -we're sure you'll say: "This is for me!"

Mrs. Fred Pattison attended a meeting for the correspondents of the Middleville Sun and the Caledonia News at the home of the editor, Mr. Keister, and his wife in Middleville Saturday evening. They were royally entertained with a delicious carry in supper, followed by an informal round table discussion which made it a joyous and friendly oc-casion.
