Federal Tax Share Hurd Present tax laws put state and local governments in the position of poor relations waiting for a handout from their rich Uncle.

The Federal government will take 78 percent of all taxes collected throughout the nation in fiscal 1953, leaving 22 percent to be divided between state and local governments.

By contrast, 40 years ago state and local governments received 67 percent of all tax revenue; the Federal government 33 percent.

Whitneyville Mrs. L. M. Douglas

There were 31 present for Easter services at the Whitneyville Church. The Easter program was given during the Sunday school hour. Mr. Ray Shady delivered the message. Lena Wood called the names of the children.

There will be special meetings at the McCord's Church from two weeks starting April 13 at 7:30 Monday through Friday nights. Chris Pet of Hastings will be in charge. A cordial welcome to everyone is extended.

Miss Lavonne Huisman of Cadillac spent the week end with her uncle and aunt Mr. and Mrs. R. E. Colby of McCord's.

Mrs. Robert Welch attended a birthday party of a niece at the home of Mr. and Mrs. Wallace Welch of Grandville on Sunday afternoon.

Mr. and Mrs. Dan Sarver and sons of Dorv were Easter dinner guests of Mrs. Laura Fountain and Ralph. She received word that Ray had reached Fort Curtis and hoped to be home by the end of the week, discharged from service.

Remember the paper for Easter? The WSCS met with Mrs. F. J. Dorr on Thursday, a large crowd was present.

Mrs. Adalbert Odell and children spent the week end with her parents, Mr. and Mrs. Leah Werth at Cornucopia, Ind.

Mr. and Mrs. Joe Simons and family went to Lake City for the week end and had dinner with his mother Mrs. Ruth Simons.

We are glad to welcome Mr. and Mrs. J. Koebes and family called on Mr. and Mrs. S. V. Taylor and the son in the 8th Rockefeller farm and are planning on remodeling the house.

Mr. and Mrs. Louis Baker and daughter of Lowell were Easter dinner guests of Mr. and Mrs. Bert Baker.

Mr. and Mrs. Frank Kapuga and children of Lansing were Easter dinner guests of Mr. and Mrs. Bert Baker.

Miss Mabel Cross of South Lowell spent Monday with Mrs. Florence Bailey.

Miss Sandra Finn of Lyons spent the week end with the Goodwin family. Mrs. J. Herring of Grand Rapids spent last week with her sister and brother-in-law, Mr. and Mrs. Bert Baker.

Snow Community Mrs. S. P. Reynolds

The Men's group will meet Monday evening, April 13th, at Snow Church. All men are invited for this fellowship meeting.

There was a large attendance at Snow church Sunday morning and appreciated the inspiring Easter service. The altar was beautifully decorated with Easter lilies and other spring flowers.

Quite a number attended Snow PTA Friday evening and enjoyed very much the beautiful pictures shown by Mr. and Mrs. Charles Deming of Alto of their trip through the west last summer. Refreshments with an Easter theme were served by Mrs. Henry Brown and Mrs. Raymond Hiesche.

Mrs. Carl Knickerbocher and Mrs. Harold Swearingen of Grand Rapids were Easter dinner guests of Mr. and Mrs. Max Knickerbocher of Grand Rapids.

Mrs. and Mrs. Harry Trednick and son Harold and Mr. and Mrs. Don Reynolds of Sheridan were Sunday dinner guests of Mr. and Mrs. Ira Westrook.

Mr. and Mrs. Claude Cole spent from Thursday until Sunday with their daughter, Mrs. Claudia Parker of Hastings and attended the wedding of their grandson, Jerry Puller to Miss Jean Kinyon on Saturday afternoon. Mrs. Puller entertained about 60 guests the Friday evening at a rehearsal dinner. Mr. and Mrs. Laetone Cole and daughters also attended the wedding Saturday afternoon.

Mr. and Mrs. Richard Smith and sons of West Lowell were Easter dinner guests of her parents, Mr. and Mrs. Seymour Hiesche.

Easter dinner guests of Mr. and Mrs. Lester Antoniows were Mr. and Mrs. Arnold Palchits and daughter, Mr. and Mrs. Howard Watrous of Grand Rapids. Mr. and Mrs. Dick Rutherford and family of Lowell, Mr. and Mrs. William Frost and sons of East Lansing were Sunday callers at the Antonies home.

Mr. and Mrs. John Blanding were Easter dinner guests of her parents, Mr. and Mrs. Al Mitchell of Greenville.

Kent Co. Pomona Meets With Alpine April 16 Kent County Pomona Grange will meet with Alpine Grange for an evening meeting April 16.

Mr. K. K. Vining will give an illustrated talk on his recent visit to Alaska.

A safety program includes a talk by Trooper Kenneth Weaver of the Rockford Post on "Safety on the Highway". Mrs. Irene near Freepport, Mrs. Reis Norman, delegates to the Safety Council from Courtland Grange will give reports.

A Dairy Queen will be selected from the group of sub-urban grange Dairy Maids, to represent the Pomona grange.

Whites Bridge News Mrs. Miss VanOcker

Mrs. Besse DeVine entertained her luncheon party last Thursday afternoon.

Mr. and Mrs. John Chitterdon and son of Smyrna, Mr. and Mrs. John Mahan of Belding were Sunday guests of Mr. and Mrs. Andrew Juhl.

Mrs. and Mrs. Don Bannister, Connie and Richard were Sunday guests of his parents Mr. and Mrs. Leo Bannister of Belding.

Mrs. Bernice Shellstrale of Greenville spent the week end with her brother Ben Odland, Mr. and Mrs. Dale Richmond and Gary and Dale were Sunday guests of her folks, Mr. and Mrs. DeVine.

Mr. and Mrs. Clifford VanOcker, Sr. of Lowell, Mr. and Mrs. Clifford VanOcker, Jr. of Saranac were Sunday afternoon and supper guests of Mr. and Mrs. Ted VanOcker, Mrs. Augusta VanOcker and son Kenneth of Greenville were Monday evening guests.

Bluegrass and Junegrass pastures should have 40 pounds of nitrogen per acre, advise Michigan State College specialists, for more pasture days from April 15 to July 1.

Mr. and Mrs. Walter Alton, Sr., called to see Mrs. Robert Blackall of Grand Rapids Saturday night, who was injured in a fall in her home last Friday.

Submarine Holland To Celebrate 53rd Anniversary of Acceptance By Navy Department April 11th

April 11 is the 53rd anniversary Holland by the Navy Department of the acceptance of the submarine.

THIS STUBBY COG-SHAPE monster propelled by a four-cylinder gasoline engine like the Model 'A' was the U. S. Navy's first submarine. It was purchased April 11, 1900, and named the Holland in honor of its inventor, James Philip Holland.

John Phillip Holland built the first submarine for the Navy in 1900. It was a stubby cigar-shaped craft powered by a four-cylinder gasoline engine. The boat could submerge for short periods and was considered of slight military significance at the time.

In both World Wars of the 20th Century the Allies developed methods of combating the submarine menace before the German Navy completely strangled our war effort, but not before millions of tons of vital war material and thousands of lives were lost.

THIS FLEET TYPE submarine of World War II is credited with sinking almost two-thirds of Japan's merchant tonnage in addition to one-third of her naval losses.

In the Pacific, our fleet type submarines virtually dominated the sea lanes. They sank two-thirds of Japan's merchant tonnage, and one-third of her naval losses.

In addition to sinking enemy ships, submarines scouted enemy waters, took reconnaissance photographs, landed pre-invasion scouting parties, supported guerrillas in occupied countries, evacuated enemy encircled outposts, mined Japanese home waters and rescued downed airmen.

THE LATEST THING in postwar submarines with conventional power plants is the USS Tang. She is a guppy snooker boat. Guppy means greater underwater propulsion power. The "T" is added for ephony. The snooker is a breathing tube that enables the submarine to grip air for her engines when cruising submerged.

Another improvement was the modification of fleet type boats into "guppies". Guppy means greater underwater propulsion power with the "Y" added for ephony. The greater speed was attained by installing higher capacity electric storage batteries and streamlining the submarine.

Last summer, the keel of the USS Nautilus, the Navy's first atomic powered submarine was laid. Its launching is expected in less than two years. When this submersible slides down the ways it will probably surpass even the mechanical perfection and performance of Jules Vern's fictional Nautilus.

A MODEL of the USS Nautilus, nuclear powered atomic submarine of tomorrow. The keel of the Nautilus was laid last year at the Electric Boat Company, New London, Conn.

The operational data of the new submarine is classified information, but we can be sure that she'll outlight our "cousins" of submarines of post war days, Smithsonian Institute.

MICHIGAN OUTDOORS

THE "COMING LAND" Across the narrow Straits of Mackinac lies a land of glorious natural beauty, abounding in scenic grandeur, reaching into the north and west for three hundred miles in a long and lovely peninsula.

The narrow waters of the Straits must now be traversed by ferry—and while the boat trip is attractive to the tourist, the unavoidable delay is often annoying and discouraging to travel.

Now, with the promise of a bridge as the connecting link, the economic history of the upper peninsula is surely facing an abrupt upward swing. Travel for pleasure and commerce will increase by leaps and bounds with the completion of the Keweenaw copper country will find ready customers.

Politically the coming bridge will forge a link long needed to bring the two peninsulas in closer relationship. In close geographical contact with Wisconsin on the west, there are many residents of the upper peninsula who find it hard to believe that their capital city is Lansing so many, many miles and a boat ride away.

New money will pour across the Straits. New resort property will find ready customers. The rocks and rills of the Porcupine Mountains will thrill the eyes of countless new visitors. The majesty of Tahquamenon's falls will inspire thousands of amateur photographers and the rugged, incomparable beauty of Lake Superior's shore will be the most memorable of all vacations.

But there's more!—much more to be gained by the advent of this iron link across the Straits. Industry will eye the advantages of producing in the Upper Peninsula... and there are many employments will mushroom, and with the increase in payroll buying power will rise. Business can look for boom years ahead.

Closer Unity Established Politically the coming bridge will forge a link long needed to bring the two peninsulas in closer relationship. Business can look for boom years ahead.

Closer Unity Established Politically the coming bridge will forge a link long needed to bring the two peninsulas in closer relationship. In close geographical contact with Wisconsin on the west, there are many residents of the upper peninsula who find it hard to believe that their capital city is Lansing so many, many miles and a boat ride away.

New money will pour across the Straits. New resort property will find ready customers. The rocks and rills of the Porcupine Mountains will thrill the eyes of countless new visitors. The majesty of Tahquamenon's falls will inspire thousands of amateur photographers and the rugged, incomparable beauty of Lake Superior's shore will be the most memorable of all vacations.

But there's more!—much more to be gained by the advent of this iron link across the Straits. Industry will eye the advantages of producing in the Upper Peninsula... and there are many employments will mushroom, and with the increase in payroll buying power will rise. Business can look for boom years ahead.

LIFE'S THAT WAY... Dad makes a speech. A cartoon strip with four panels showing a father speaking at a dinner table.

BOOSTER CLUB MEETS The Booster Club met in the Masonic dining room for their regular meeting April 1st, with a very good attendance. After a delicious potluck supper several ladies from Egypt grange, as our guests, presented a one act play, "My Husband", demonstrating what very good housekeeping they did while the wife was on vacation.

To the Veterans of Ada Township We wish to thank the veterans of Ada township for their great interest in the April 6 election which resulted in a record vote of approximately 850 votes. We especially wish to thank those of you who supported our candidate Clifford Courtship for supervisor.

Chan Ward wishes to thank all the voters of Ada Twp. for their support which he received in the April 6 Township election.

Don't wait another day to drive Oldsmobile's dynamic new Super '88'. It's the most thrilling car ever built—you'll feel the difference the moment you take the wheel!

See for Yourself how it can... LIVE Power, BALANCED Weight and Power, SUPER-EASY Driving, FULL LINE of matched McCormick equipment, Your best value in a 2-row, 2-plow tractor, It's FIRST IN THE FIELD!

Oldsmobile advertisement featuring a 'Rocket' engine and a 'Super '88' HOLIDAY COUPE. Text includes 'make a date with a rocket 8!', 'ROCKET ENGINE OLDSMOBILE', and 'SEE YOUR NEAREST OLDSMOBILE DEALER Wittenbach Sales & Service'.

McCormick Farmall Super M tractor advertisement. Features an image of the tractor and text: 'It's here... the most talked about NEW tractor in America!', 'BUILT STRONGER TO WORK YEARS LONGER!', 'NEW McCormick FARMALL SUPER M Today!', 'See for Yourself how it can... Plow up to 20 acres of tough sod a day, Tandem disk up to 50 acres in a day, Cultivate up to 65 acres a day.', 'USED TRACTORS Farmalls', and 'WITTENBACH SALES & SERVICE'.

Advertisement for 'LOOKING for Something?' featuring a cartoon character and a list of services: MEN'S CLOTHING, 'FOR HOME OR BUSINESS NEEDS', 'LOOK IN THE YELLOW PAGES', 'FOR HOME OR BUSINESS NEEDS', 'LOOK IN THE YELLOW PAGES', 'OF YOUR TELEPHONE DIRECTORY'.

Large advertisement for the '53 FORD' car. Features an image of the car and extensive text: 'There's an old saying that a thing is worth what someone is willing to pay for it. Well, if you could tour the wholesale and retail used car auctions around the country, if you could survey hundreds of used car lots you would discover that used Fords bring higher prices than any competitive make—and by substantial amounts.', 'WHAT'S WHY we feel our '53 cars should not be compared with cars in the same price range. Not because our competitors don't do a good job—obviously they do—but because we feel Ford Cars have more in common with the highest priced automobiles. The similarities are far greater than the differences.', 'For example, Today, the most expensive cars in this country have V-type, 8-cylinder engines. Ford Cars have had this exact same type of engine for over 20 years.', 'What's more astounding, the current Strato-Star V-8 sells for hundreds of dollars less than several other makers charge for a six-cylinder car. Now there's nothing wrong with a Six but they do cost less to make. Ford makes a Six—the most modern overhead valve Six in the industry. And if it's a six-cylinder car you want, Ford has it and for less money than the V-8, which is as it should be.', 'What about ride? Here's another Ford similarity with high-priced cars... Riding Comfort. One of the misconceptions for many years has been that weight—be it weight—what it takes to make a car ride well. Ford has found that you can make a 3000-pound car ride softer and hold the road better by far than many cars that weigh a full 1000 pounds more. In the '53 Ford, for example, front end road shock has been reduced up to 80%. We say it compares most favorably with the heaviest cars sold today.', 'What about automatic transmissions? It would take the fingers of both hands to count the various kinds of automatic and semi-automatic transmissions on the market today. The one we offer is called Fordomatic. It is the most versatile on the market, it represents the most profound consideration of engine-to-wheel power transfer—and that it does the best job for our engines isn't even open to question. It "shifts" better than you could shift by hand.', 'What you can see is also important. Here again Ford Cars lead not only in their price list but in the medium and upper brackets as well. Ford visibility is Full-Circle Visibility. This means huge, curved unobstructed glass area, front and rear, plus side windows that allow all passengers what the hotels call "room with a view."', 'Appearance? A higher price, of course, does not make a car more beautiful. Conversely, beauty in a Ford comes "for free." Ford has found that it costs no more to develop a beautiful car than one that is less pleasing in appearance. You can drive up to the most exclusive showrooms in the world and feel perfectly at home in your Ford. Fords "belong"... in exactly the same social category as the finest, one-of-kind creations. After all, a Ford is a custom creation multiplied.', 'What about running costs? Here's one place that Ford's advantages are obvious. For oil and gas economy Ford has the big cars whipped. Ford parts cost less. Ford service charges are less. Ford tire mileage is thousands of miles greater. And, Ford depreciation is the lowest of any car on the market—bar none.', 'What are Fords made of? Some people have the idea that the costliest cars are made of "better stuff." It's true that some high-priced cars have costlier upholstery and fittings. What Ford has is so good, both in durability and appearance, that you probably could not tell the difference. You might even prefer it, because of its better design and more pleasing appearance.', 'Then there's the question of sheet metal. If you were to measure and analyze the sheet metal structure in the most expensive car, you most likely would find it identical in thickness to the corresponding panels in Ford.', 'After all, then, what is the difference between a Ford and the costliest cars? In our opinion, the difference is largely a matter of dimensions, weight (and the power required to move it) plus the distinction of owning a car that not so many other people own. The desire for these things is understandable... and probably justified for people who are willing to pay the price to satisfy it.', 'As to comparing Ford with other cars in its price range, by all means do so if you wish. But, as we said before, you'll get a better picture of Ford value by comparing with cars that are most like Fords—those that are priced up to twice as much. In fact, we think you'll quickly begin comparing the other cars with Ford—because the 1953 Ford has really established the New Standard of the American Road.', '53 FORD Worth more when you buy it... Worth more when you sell it...'

**Climate, Sun Hold No Magic Cure for Active Tuberculosis**

Some people with active tuberculosis still leave their homes for the warm, dry air of the Southwest. They hope they will find a magic cure in the air or the heat of the desert sun. But they won't. This belief is one of the misconceptions that is inherited or "runs in the family".

You aren't born with tuberculosis. It is an infectious disease, spread from person to person, from the sick to the well and sometimes seems to run in families because one member passes his germs to another while they are living together.

It is true that tubercle bacilli may be killed by direct exposure to the rays of the sun. But germs inside the lungs are not killed by sunshine on the surface of the body. In some forms of TB, such as tuberculosis of the bones and joints, the sun can be helpful. Time and money are both important factors in recovery. The sooner you enter a tuberculosis hospital the quicker your recovery is likely to be. A long hospital stay costs more than most people can afford. But every state and many large counties have TB hospitals supported by tax funds.

Since you must be a legal resident of the state to enter its hospital it is obvious that moving to another state when you are ill will not help. Legal residence requirements vary in each state and in parts of the Southwest run as high as three years. Why run the risk of being stranded far from home with a serious illness. The best advice is to enter a sanatorium in your own state.

Once-over tillage has proven it can give as good or better yields with less seeded labor than conventional tilling methods. Michigan State College specialists suggest more farmers give it a try.

**Sewing at Home Teaches Styling Develops Taste**

Why sew at home? Why bother making your own clothes? To those pointed questions Marion Hillhouse of the Michigan State College Textiles, clothing and related art department has some logical answers.

The first justification for sewing at home, points out Miss Hillhouse, is an economic one. How is it possible for the mother of an average family to avoid making some clothing or at least to avoid doing alterations on the clothing she buys?

Brings Clothing Up to Date

How can she afford to throw out clothing that is still good because she lacks the skill and designing ability to see how to bring the old clothing up to date? Of course, the answer is that she cannot avoid doing this kind of necessary sewing without making serious inroads in the family clothing budget.

For girls, learning to sew should develop critical judgment of ready-to-wear and it helps them to select with greater wisdom. Practice in sewing and designing helps develop taste and ability to select clothes with individuality and style rather than clothes that are just the latest fashion.

Creates Ability

Perhaps the most important reason of all for sewing at home, Miss Hillhouse believes, is that everyone has latent creative ability and imagination that should be brought out. What more natural way than to practice both designing and making clothing? It can be a fruitful and satisfying outlet for the creative urge. Furthermore, sewing can be of inestimable value both as a necessary vocation and as a possible hobby for leisure hours.

Protect the birds. The dog brings peace and the stork brings tax exemptions.

Mrs. Ira Sorenson

Mrs. Elmer Miller underwent a very serious major operation at the Grand Rapids Osteopathic hospital last Thursday.

Mrs. Jay Leeco was taken to Blodgett Hospital late Thursday for x-rays and as this item is being written, she is still there, and x-rays thus far have not shown the cause of trouble.

Mrs. Anna Lott and sister, Miss Frances Porritt of Bowne Center were Easter day dinner guests of their son and nephew, John Lott and wife. The 70th birthday of Miss Francis, which was April 2nd was also celebrated at this time.

Easter Day guests of Mr. and Mrs. Ray Stahl were Mrs. Clara Stahl and family and Mr. and Mrs. Horace Meyers.

Mrs. Harry Carigan and son, Harry, were Saturday supper guests of Mr. and Mrs. Russell Aspinall and family of near Caledonia.

Mrs. Harold Carigan spent Saturday with her daughter, Mrs. Edward Tanis and family of Grand Rapids and assisted her granddaughter, Doris Ann, celebrate her 12th birthday.

Mr. and Mrs. Dan McClure and family and Mr. and Mrs. Roger Lott and daughters of near Belleville, spent Easter day with their parents, Mr. and Mrs. Wm. Lott.

Mrs. John Lott, Mrs. Wm. Lott and Mrs. Ira Sorenson attended the Brethren Ladies Aid meeting last Thursday at the home of Mrs. Mins Wieland of Freeport on Friday afternoon they attended the Good Friday services at the Methodist church at Alto.

Mr. and Mrs. Horace Meyers and his mother, Mrs. Elva Meyers of Clarkville attended the funeral Saturday, near Cadillac, of their brother and son, Orley, who has been an invalid for the past ten years.

Perk up a dark winter dress with a summerbird of bright, contrasting color, suggest Michigan State College home economists. Make the summerbird by crushing a wide strip of soft fabric and wrapping it closely and tightly around the waist. Crush the fabric at the side seam lines and stay it onto a stiffer flat belt, they advise.

A small ad will bring big results.

**A Universal 'Jeep' Work Horse Powers You Around the Calendar!**

**Pays its way Fast!**

Quick trips—into town for a load of supplies...or to pick up or deliver guests or personnel...or to inspect range cattle, property, etc. is easy with the Universal 'Jeep'.

Hauling—The 'Jeep' makes you forget big trucks. Selective 2- and 4-wheel drive helps you haul heavy loads, on or off the pavement.

Belt Power—With its brakes set, the 'Jeep' holds steady as it delivers in excess of 30 hp. on the pulley. (Power take-off is optional at extra cost.)

Plowing—The 'Jeep's' dependable 4-wheel-drive traction, speed range, springs and shock absorbers provide flexibility of operation for plowing, harrowing, cultivation, mowing, spraying, baling hay and many other jobs.

Push or Pull—The Universal 'Jeep' does both effectively. Many owners attach snow blade and make substantial profits clearing drives, parking lots, loading areas.

Name a thousand jobs around farms, ranches, mills, camps, mines, exploration sites, and countless others—and the mighty 'Jeep' will fit into most every one. Not only is it capable of doing tough jobs around the calendar—but there is no other vehicle that comes close to the 'Jeep' in spectacular performance.

Through woods, fields, streams—over ice, rock, log trails—up 60 percent grades—through quagmire, gluey clay, mud, snow, sand—the 'Jeep' goes its merry way. Nothing seems to stop this powerhouse on wheels.

It's the one vehicle needed by thousands upon thousands for "work horse" jobs in pushing...towing...hauling...transporting...for travel and power take-off jobs. Make it a point to ask for a demonstration today.

**Now With Powerful Hurricane 4 Engine**

With torrents of extra power from its new Hurricane 4 Engine and extra traction-drive on each of its four wheels, this latest Universal 'Jeep' is far superior in efficient performance. Its 70 hp. engine delivers 20 per cent more power than formerly—uses regular gasoline.

**FEATURES OF UNIVERSAL 'Jeep'**

- Has selective 2- and 4-wheel drive for on or off the highway use.
- In 2-wheel drive, you get 3 speeds forward and one reverse—for fast, economical highway travel.
- 4-wheel drive gives the advantages of 6 speeds forward and 2 reverse.
- Engine speed can be controlled through stages of 200 r.p.m. from 600 to 2400 r.p.m. (Governor optional at extra cost.)
- A special feature allows you to use the foot accelerator to override the governor for added power when needed.
- More operator comfort is provided...heavy-duty pedals...double-acting shock absorbers... cushioned seat with back rest help you feel fresher at end of day.
- Closed cab and heater for bad weather are optional equipment.
- Automotive type brakes provide further safety for highway hauling.
- Simple design, clean lines make servicing simple and easy.
- Initial cost is spread over more jobs than can be done by any other similar vehicle.
- Assures useful operation under conditions that stop other vehicles.
- After years of hard service, the 'Jeep' rates top trade-in value.

At the business session five proposals for membership were presented and voted upon favorably. Next meeting April 17 with Mr. and Mrs. Elmer Vetter and Mrs. Charles Hollis as guests.

**METHODIST CHURCH NEWS**  
The 4th quarterly Conference will be held at the Bowne Center WSCS Hall on April 14 at eight o'clock. Mrs. Wm. Stone will preside. Everyone is invited.

**BAPTIST CHURCH NEWS**  
"If I had not seen it with my own eyes, I would not have believed it," was the remark of Professor Leon Wood speaking of the deliberate mistreatment of the children of the church. The most vicious attack on God's Holy Word ever attempted, said Dr. David C. Fuller of Grand Rapids. Next Sunday morning at 11 Rev. Leon Wood, Professor of Old Testament in the Baptist Seminary will preach at the Alto Baptist church. He will expose the HSN and the truthfulness and faithfulness of God's Word; an attempt to deny the Deity of the Lord Jesus Christ by mistranslations.

Looking for something to do on Saturday night? Then go to the Baptist Young People's meeting. It is held every Saturday night at 7:30 in the new basement of the church. This is the place for a good time, clean fun and fellowship.

**ALTO COMMUNITY NEWS**  
Saturday night dinner guests at the Brannan-Wakefield home were Mr. and Mrs. Don Brannan and Harold Vetter of Grand Rapids.

J. W. Thaler of Green Lake has been visiting his son-in-law and daughter, Mr. and Mrs. Ray Linton this week. Mrs. Don Ditcher of Caledonia assisted Mrs. Linton in caring for Ray several days last week. He has been very ill with an infection following the chicken pox.

Mr. and Mrs. Clark Fahrni, Jr. and children of near Clarkville, Mr. and Mrs. Seymour Bowen and son of Freeport were Easter guests of their parents, Mr. and Mrs. Cornelius Bowen.

John Carlson had planned to come home from the hospital for over Easter but on Friday he suffered another heart attack and was again placed in an oxygen tent.

Word was received by relatives of Lansing, a former resident of this community, is very ill in a Lansing hospital and that they were giving him blood transfusions.

Mrs. Mary Nye and mother, Mrs. Ella Aldrich who lived in an apartment in Grand Rapids during the winter months, have returned to their home in Alto.

Dr. R. D. Seigel and Mrs. Seigel were guests for the annual Easter breakfast of the Rosenberg and Loring families Sunday. The families have eaten lunch and fast together on Easter Sunday for over thirty years. Present were Mr. and Mrs. Lloyd Houghton and Suzanne Lonia, the Ernest and Merle Rosenbergs and Larry, Mr. and Mrs. Claud Loring of Lansing.

Mr. and Mrs. Jack Craig and children of near Clarkville were Sunday evening lunch guests of Mrs. Craig's parents, Mr. and Mrs. Glen Loyer. Mrs. Loyer has been suffering for several days from a severe ear infection.

Mr. and Mrs. Glen Warren, daughter Dolores and the latter's boy friend, Gene Rowley, all of Ionia, spent Sunday with Mr. and Mrs. Raymond Pitch of near Lansing. Mrs. Pitch called on the former's parents, Mr. and Mrs. Peter Pitch of Campau Lake Sunday evening.

**IN MEMORIAM**  
In loving memory of our dear little daughter, granddaughter and niece, Cheryl, who left us one year ago April 13, 1952. She was like a ray of sunshine. Sent straight from Heaven's door. Just to lighten up the pathway. That leads to Heaven's shore. How we miss her no one knows. Only God can understand. As he gently leads us onward. To that ever happy land. Mr. and Mrs. Matt Metternick, Jr. Mr. and Mrs. Matt Metternick, Sr. Mr. and Mrs. Russell Colby.

**Moseley-Murray Lake**  
Mrs. Eva Engle

Charles McDonald and a boy friend from Lansing spent the Easter vacation with his grandparents, Mr. and Mrs. Chris Kroger.

Mr. and Mrs. Ray Herron of Lansing, Mr. and Mrs. Don Brannan and baby of St. Johns, Mr. and Mrs. Hilton Briggs and daughter were Sunday guests at the Chris Kroger home.

Mr. and Mrs. Howard Kropf and children spent Easter with Mr. and Mrs. Don Shores of So. Lowell and also called at the Archie Duncan home.

Mr. and Mrs. Verne Wingeler and sons were Easter guests of Mr. and Mrs. Gus Wingeler.

Mrs. Gail Purdy spent with Mr. and Mrs. Harry Meade of Lansing, Mr. and Mrs. Albert Kuesinger of Morrison Lake and Mr. and Mrs. Larry Rich and children of Belding were Easter guests at the Frank Rueseger home.

Mr. and Mrs. Willard Keech, Mr. and Mrs. Leo Pratt, Mr. and Mrs. Rudy Roth were Easter guests at the Ed Pratt home.

Mr. and Mrs. Don McPherson were Sunday evening guests at the Gordon Frost home.

## Atomic Tests

Continued from page one.  
Then I turned slowly and saw an enormous mass of fire hanging over the desert floor, slowly changing to orange to red to purple to red again. It began to rise, bubbling and churning hideously.

Bob Considine, of INS, had what I think was the most graphic description. The fireball, he said, rose "like an angry belch from hell."

So stunned were we mentally by what we saw that many of us had forgotten the shock wave. It roared across the desert toward us like an express train a half minute after the flash, churning up great clouds of dust and flattening everything in its path.

I braced myself against the base of News Knob and got a sharp jolt, nothing worse. A photographer next to me was shoved violently against the cliff, then dropped on his face in the dirt. He hadn't braced himself.

The sound came just behind the shock wave—a cracking noise like a giant piece of metal being ripped apart, then a prolonged rumble that must have lasted 20 seconds or so.

We stood there mutely, trying to comprehend what we had just seen; many of us imagining fearfully how our respective hometowns would withstand such a terrific force.

It was a sober crowd; those who had made feeble jokes and puns about "nuclear fission" before the blast in a half-hearted attempt to hide our shakiness were strangely silent.

"The greatest show on earth," as a briefing officer termed it, was over."

I hope you find this bit of "news" as interesting as I did. Might I also add that I still receive the Ledger every week, which makes me feel truly at home while here in Kansas City. Sincerely,  
Tom Richmond

## Open House Sunday at George Dey Residence

Open house will be held Sunday, April 12, from 3 to 7 p. m., in honor of Mr. and Mrs. George Dey and Mary Alice, who have recently moved into the Robert Davidson home on Hall Blvd.

No invitations have been sent out, but a cordial welcome is issued to all Ada and Lowell friends.

The South Lowell Circle will meet at the home of Mrs. Eric Strand with Mrs. Harry Wissman co-hostess on Thursday afternoon, April 9th.

The West Lowell Community Group will meet at the schoolhouse on Friday evening, April 10. Potluck supper at 6:30.

The Three M's of the Methodist church will have a progressive dinner Thursday of this week, starting at the home of Mr. and Mrs. Orval Jessup at 6:30.

- New supersafe brakes in 1- through 4-ton models!
- Better balanced weight distribution for extra payload!

32% Jump in Volume Makes Price Cut Possible!

DETROIT: In announcing lower truck and car prices, L. L. Colbert, president of Chrysler Corporation (builders of Dodge "Job-Rite" trucks) said:

"Since the first of this year, Chrysler Corporation has built 32% more automobiles and trucks than we were able to turn out in the corresponding period last year under government controls. With the spring selling season just beginning, our dealers are already setting a pace more than 50% ahead of last year."

"We are very pleased that we can take this action so shortly and realizing to the automobile industry freedom to build the competitive market."

"These lower prices indicate Chrysler Corporation's confidence in the wholesome effects of these moves."

"Now that higher volume is being achieved and we may reasonably expect it to continue, we are lowering prices accordingly."
