MEMORIAL DAY

A million defenders of our freedom have died in battle-from Lexington in the Revoultion to Korea's Heartbreak Ridge.

Our southern states initiated Memorial Day as a triubute to the "Boys in Gray." The North adopted it in memory of the "Boys in Blue." Now both sections observe memorial days in the sea son when flowers bloom most bountifully,

It is beyond our power to add to or detract from the honor of these brave men who gave their lives for liberty. It is rather for us to dedicate ourselves, as the bugle sounds Taps over fields of lonely crosses, to the task of preserving the freedom for which they died in battle.
