LOWELL, MICH., THURSDAY, JULY 9, 1953

Distinguished visitors of Mr. and Mrs. Emil Nelson, Route 3, owell, are Mr. Nelson's brother, Senator Hjalmar Nilsson, and Mrs. Nilsson, of Kramsford, Sweden, The brothers are really becoming acquainted for the first time inasmuch as Hjalmar was an infant of only three years at the time Emil left Sweden to make his home in this country.

The Senate of Sweden is similar to ours in that it is the upper chamber of two houses of Parliament, and is composed of 150 members. Senator Nilsson is also Finance Minister of Kramsford. The brothers and their wives left this week for Robson, British Columbia, where they will visit another brother, Fritz Nilsson. This will be the first time the three brothers have ever been to-gether. When they return from this Western trip Senator and Mrs. Nilsson expect to spend about five weeks touring the Eastern part of the United States, and will visit factories in Detroit and other metropolitan areas before returning to Sweden.

Sunbathing Doesn't

An elderly lady watching the scantily clad sunworshippers on the beach sighed and said, "Well at least they won't get TB". It would be nice, if true, if tuberculosis could be prevented by giving everyone a suntan. Unfortunately, it's not true.

Prevent Tuberculosis

There is no doubt that fresh air and a reasonable amount of Vitamin D made by the body under the influence of the sun's rays re valuable in maintaining general good health. But a burned skin cannot prevent or cure any infectious disease. Tuberculosis is caused by an invasion of germs, tubercle bacilli, which enter the body through the nose or mouth. The germs come from someone who has the disease in active form. If the germs enter in suf-Funeral services were held on Douglass and daughters moved ficient quantity and body resis-Thursday, July 2nd, for Mrs. to Lansing, and to Clarksville in tance is low, the disease will de-

717-18 Francis Palms Building . Detroit 1, Michigan Altes Brewing Co. • E & B Brewing Co. • Frankenmuth Brewing Co. • Goebel Brewing Co. • Pfeiffer Brewing Co. • Sebetaing Brewing Co. • Stroh Brewery Co. ... IN NEW AND ADVANCED STYLING—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars. .. IN HIGH-POWERED PERFORMANCE-The most powerful engine in the low-price field! The entirely new

115-h.p. "Blue-Flame" engine in combination with new Powerglide* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrift-King" engine. .. IN SMOOTH, SIMPLE AUTOMATIC DRIVING-Expect faster getaway with Powerglide's new automatic starting and passing range . . . and new economy, too. Chevro-

let's new Power Steering* takes over 80 per cent of the

work of steering, makes parking unbelievably easy.

. . . IN ECONOMY AND VALUE-Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field. . . IN AMERICA'S FAVOR-Again this year-as in every single postwar year-more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available

The only convertible that outsells Ford!

WHAT IS IT that makes Ford's Sunliner America's best seller? Is it its high-compression V-8 power? (No other convertible in Ford's field has this kind of engine.) Is it the fine craftsmanship of its Crestmark Body? (No body in its field can match Ford's choice of exterior and interior color combinations.) Is it its new spring and shock absorber action which makes even roughest roads feel smooth? (The Sunliner's springs are tailored to its

weight.) Is it the choice of Fordomatic, Overdrive or Conventional you get? (You won't find such a choice in any other car in Ford's field.)

No, it's not just any one of these things that make Ford America's largest-selling convertible. It's all 41 of Ford's "Worth More" features . . . features which folks know make Ford worth more when they buy it, worth more when they sell it.

Test Drive America's No. 1 Convertible! Ford Sunliner!

SUPER X-tane	96	
Brand D	93	
Brand E	90.5	

Save Leonard Coupons!

A FREE BICYCLE will be given in Lowell to the boy or girl saving the mos

Aviators have long known the difference high octane fuels make in the performance of high compression engines. The thundering power of an airplane engine demanded an octane number superior to that of automotive engines. Now - recognizing that modern cars with higher compression ratios demand a higher octane number - Leonard brings aviation octane down to earth with Super X-tane - a motor fuel with the highest octane rating in Michigan.

What more can LEONARD offer than SUPER X-tane?

coupons this month. Come in for details!

LEONARD X-tane is FRESH

Leonard X-tane is a FRESH gasoline. Evaporation never gets a chance to rob it of the power molecules blended in at the refinery. Located right in the center of Michigan at Alma, Leonard Refineries delivers its gasoline to service stations after a short trip. Leonard X-tane is not pumped, piped, and poured so many times that vaporation steals its power.

LEONARD X-tane is made for MICHIGAN weather

Weather plays an important role in the refining of gasoline. Each weather-change calls for a slightly different blending formula so the gasoline will burn quickly and easily when the spark ignites it. The formula for all Leonard X-tane gasoline is changed to conform not only to the seasons, but at least eight times a year to match actual Michigan weather conditions.
