### **Longest Possible Summer Vacation** Closes Sept. 7

The longest possible sumi vacation in the history of Lowel schools will end on September 7th. Following a custom inaug-7th. Following a custom inaugurated years ago to open on the day after Labor Day, the Board of Education voted to open on September Sth-the latest date

Enrollments Uncertain For the first time in years it is anticipated that the initial enrollments in the grades will show a decline. It is unlikely that the inoffset the number who will leave under construction on the west ready in town. side of town. Teaching assignments have been made on a tentative basis and will not be made permanent until the initial membership is known. However, it ing lost shoes, rubbers and boots, a slight increase. The freshman class should be about 125, the largest in the history of the school, and the senior class is expected to exceed 85. It would not be surprising if the total enrollment in the upper four grades would approximate 400.

New Teachers The Board of Education was exprepared teachers to fill the vacancies created by resignations, gram for the day. Mrs. Harriett Arnold, A. B. 1950, will take over the first grade vacated by Miss Roost, who will teach in Lansing. Mrs. Arnold has three years of very successful experience and she secured her training at the University of trict representative to the Amer-

# Keeps its value better than any other car!

Used car dealers report that Fords return more of their original cost than any other car-

and there are 41 reasons why:

Take power. Ford's two high-compression engines are real leaders in their class. Ford's the only car in the low-price field to offer you the smooth power of a V-8 engine. And no

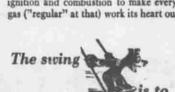

body gives you style-setting beauty with rugged

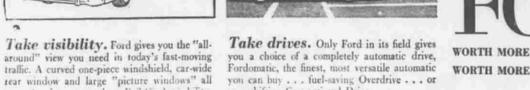

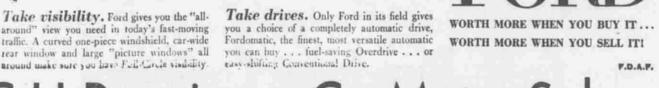

Take ride. Ford's wonderful, new ride Take savings. Ford's economy-minded reduces front end road shock up to 80%. And Automatic Power Pilot saves you money on every "build" underneath. Where many other cars are Ford's new, more responsive spring and shock gallon of gas. It automatically adjusts carburetion, bolted, Fords are welded hull-tight to keep out absorber action gives you the comfortable easy ignition and combustion to make every drop of ride you want without gas-eating extra weight. gas ("regular" at that) work its heart out.
