## FARMER'S FRIEND

MICHIGAN'S agriculture produces approximately 10 percent of the State's income!

And, to the Michigan farmer, motor transport is next in importance to the land itself. Over 80,000 trucks are hard at work on Michigan's farms-vital tools in all phases of farm work.

Not only are trucks indispensable to the farmer in the successful operation of his farm-trucks also form a vital link to the outside world.

The town or shopping center where the farmer does his buying is stocked by trucks and trailers which operate 'round the clock to bring him and his family-swiftly and economically-an ever wider selection of the necessities and luxuries of life.

## PONTIAC FOR 55

The 1955 Pontiac is getting a royal welcome. "It's hot," they're saying, "the hot car of the year." And no wonder! With its Vogue Two-Tone styling and Strato-Streak V-8 engine, Pontiac wraps up more beauty, luxury, size and power than a like amount of money ever bought before. The price is near the lowest, but the car is way out front in everything that makes an automobile great. The reason lies in the achievement General

The first meeting, last Sunday was well received by a group of forty mothers and daughters, who heard a fine panel discussion by girls representing different age-groups, full of sound ideas which they were eager to share, on such basic aspects of personality in relationship to others as appearance, manners, honesty, health, and citizenship, and their Christian applications.

Mrs. Fred Burger was in charge of the supper, which, the first woman to head that Red Feather agency here. Mrs. Schmidt has also served as a volunteer many hours at the Travelers Aid desk in the bus station.

Through an oversight, the name of Mrs. Peter Boogert was ommitted from the list of observers to receive their wings at the Ground Observer corps dance a week ago Saturday. Mrs. Boogert is also taking training one night a week at the Grand Rapids air defense filter center in preparation for volunteer work spotting planes at the center.

1955's most exciting car!

With new Trigger-Torque performance ... with styling inspired by the Ford Thunderbird ... with new Angle-Poised ride ... with 4 new lines to choose from ... the 1955 Ford is America's most talked about car:

Ever since its debut, the 1955 Ford has been generating more excitement than any car before it. All over the country, more and more people are joining the "swing" to Ford every day! Small wonder! Each 1955 Ford drew its styling inspiration directly from the Thunderbird-the personal car which has been received so enthusiastically everywhere.

4 new high-style lines

Much of the excitement stirred up by the 1955 Ford centers around its extended line of cars. Within the distinguished new Fairlane Series, the Customline Series, the Mainline Series and the Station Wagon Series there are 16 Ford body styles.

This mighty engine has an 8.5 to 1 compression ratio, a 4-barrel carburetor, and dual exhausts. And there's the new 120-h.p. I-block Six-the industry's most modern!

New Angle-Poised Ride

introduced to the low-price field, is one of the greatest contributions ever made to riding and handling ease. And Ford's new Angle-Poised Ball-Joint Front Suspension for '55 gives a still better ride . . . because it is mounted at an angle so that springs absorb road shock from the front as well as straight up from beneath the wheels. It reduces annoy-
