# Curb And Gutter Work Progressing

Highway construction work on Main and Hudson streets is progressing rapidly. The Hertel-Deyo Company have moved in many pieces of heavy equipment, and are busy grading and excavating for the new curbs and gutters. A sub-contractor has been given the job of building the new curbs. Contracts call for the completion of curb and gutter work by September 15, and it is expected that Hudson street work will be accomplished first, then East Main construction followed by West Main. Lowell Municipal Utilities have secured extra help to hurry along the laying of new power lines, and the Michigan Bell Telephone Company is moving their lines cut of the construction area.
