A little after 1 o'clock Monday afternoon smoke was sighted coming from the large barn on the Sam Ryder farm, 11586 Bailey drive, and a neighbor, Mrs. John Husar, shouted to Mrs. Ryder who called the Lowell fire department. Only moments later the barn was ablaze, and was destroyed. Another neighbor, Arvil Heilman, notified the County Fire Department at Ada, and Vergennes Township also sent out two trucks, which, with the 2 units from Lowell, battled the fire. Intense heat endangered the grain building, but firemen managed to save it, with only minor water damage to the 1700 bushels of oats, seed wheat and feed housed therein. However, over 2,000 bales of hay and 500 bales of straw were lost in the barn, along with the farm's milking equipment. Although the barn was an old structure, a new roof had been put on a few years ago. County and Lowell firemen estimated the damage at approximately \$10,000. Cause was not determined.

What happens when a business has a really great year?

A bonus is declared—right?

Well, sir-get set for a windfall, because this is more than Buick's greatest year. This is the greatest.

Not only is Buick outselling every car in America except the two most widely known smaller cars-we're breaking every sales record in our history. Right now we're past the mark set in our best full year-and still going great guns.

So we're slicing a melon with you in the form of an all-out trade-in allowance-a profit-sharing bonus deal that beats even the big trades we've been giving all year. After all, we've gone way beyond our expected volume-and can now afford to stretch our trade-in allowances to practically our break-even point.

And that puts you more easily than ever before in the driver's seat of the hottest-selling Buick in history . . .

The Buick with the boldest, freshest styling of the timeswith the snap and ginger of record-high V8 power-with the level buoyancy of the all-coil-spring ride - and with the electrifying performance of Variable Pitch Dynaflow, world's first and only transmission using the switch-pitch principle of the modern plane's propeller.

Bonus Beauty in Hardtops

Even the new hit in hardtops—the 4-Door Riviera—is included

in our profit-sharing bonus deals today. Shown here is the 236-hp CENTURY 6-Passenger 4-Door Riviera, Model 63. Also available in the low-price Special Series as Model 43.

Better come in and visit us tomorrow-today, if you canand see for yourself that the thrill and the buy and the deal of the year is Buick, hands down.

*Vu: table Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Biggest-selling Buick in History! (So we're trading high, wide and then some!) Thrill of the year is Buick-
