For the man who has waited for September to trade up...

BIG NEW CHRYSLER FOR THE PRICE A SMALL CAR

> We have only a limited number of the popular 1955 Chryslers left . . . and there will be no more. To clear them now, we'll give you the dream deal of a lifetime. We'll give you such a big allowance on your old car that you'll actually be getting a big new Chrysler for no more than you'd expect to

Moreover, you'll be getting the car that set the style and performance pace in 1955 . . . with sales up 74% more than any other fine car. Popular cars always command a higher re-sale value. Act now, while we can still make this offer.

# **Read Fine Print** On Food Labels

To conserve the family food dollar when buying pre-packaged meat it is well always to read the fine print on the container and it is also profitable to do some comparative figuring.

This is the advice to cost-conscious housewives from G. S. Mc Intyre, director of the Michigan Department of Agriculture, The responsibility of food sanitation, proper labeling of edibles, grading and marketing is entrusted to the Bureau of Foods & Standards within the Department.

Fancy Description Department inspectors are currently encountering a brash of cases where ground beef or hamburger is being pre-packaged and sold as "steaks". Often fanciful

descriptions and coined names crop out on the labels. The Michigan Department of Agriculture is demanding proper identification of the pre-packaged product and proper labeling. But the housewife can do something about this herself. She can carefully read all the print on the package, Declaration of contents plus net weight or numerical count must show. Read the fine
