FIRST LOW-PRICE CAR WITH PUSH-BUTTON MAGIC!

Have you tried it?

Push-Button Driving-the most exciting automotive news in ten years-and the All-new Aerodynamic Plymouth '56 is the first low-price car to bring it to you! Nothing could be simpler: with finger-tip touch on a button, you choose your driving range. Then Plymouth's fully automatic PowerFlite takes command!

Try this magical convenience at your Plymouth dealer's today. With fabulous jet-age styling and blazing 90-90 Turbo-Torque Power, Plymouth gives you far more than the "other 2." Suburban. Or choose 187 hp in Belvedere and Suburban lines. In Savoy and Plaza lines you get 180 V-8 hp. If you prefer the super-economy of Plymouth's Power-Flow 5-also available in all 4 lines-you get 125 hp, or 131 hp with PowerPak.

EVER THINK about extension telephones as Christmas gifts? Almost anyone on your list would appreciate these unusual gifts-they make things so much easier around the home. And they will be appreciated every day of the

year. They make unique gifts -- not likely to be duplicated by others. An extension phone costs just \$1.21 a month including tax, plus a one-time installation charge. We'll install them just before Christmas or we'll attractively gift wrap them-free of charge-to place under the Christmas tree, to be installed after Christmas. To order your gift telephones, call our Business Office.

30 YEARS OF RESEARCH at the Bell Telephone Laboratories have resulted in a new type of cable that is actually a copper spring colled inside a flexible covering. The new cable is called a "wave guide" and it can be run uphill or down and be bent around corners. Its most remarkable feature is the number of Long Distance conversations it can carry. In the future we may have "wave guides" no thicker than a fountain pen that will carry tens of thousands of Long Distance calls and many television programs at one time. Research such as this keeps Long Distance rates low. Call tonight and see!

How to be sure you are making the best buy in a new truck

A new truck is an important investment. If you want to be sure you're getting the best buy, you've got to consider a lot of things: price, power, operating economy, good appearance—to mention only a few.

Take price, for instance. Wouldn't it help you to know that you can buy a Dodge for surprisingly little money? Could be you didn't know Dodge tracks cost less than most other makes.

Wouldn't it help you, too, to get the whole picture on truck power? The fact that Dodge Power-Dome V-8's outpower every other leading truck in the low- and medium-tonnage fields surely is important to your decision.

And there are other Dodge advantages you'll want to think about—like the business-building beauty

of Forward Look styling, and the long life that spreads low initial cost over years of dependable service.

GUARANTEED

DURAPOWER

MAINSPRING

-the heart that

never breaks

It all adds up to this: To be sure of your best truck buy, take a few minutes to talk to your Dodge dealer. Just a phone call will put the wheels in motion.
