LOWELL, MICH., THURSDAY, JANUARY 5, 1956

School Building Takes Shape as Brick Work Progresses

As you can see from the above picture, brickwork on the new elementary school building, corner of Monroe and High streets, is progressing rapidly. The actual laying of the brick was begun about December 22. Monroe street between Avery and High was closed off to traffic this week, to allow the plumbing contractor to work on the sewer and water connections for this new modern building.

company her to Ft. Myers, Florida, where she will have to go for her check up in about a month. Mary Alice Speerstra accompanied Mrs.

The Maine study also showed that chicken is the biggest seller in the poultry products line. Eggs rank second with turkey coming in

Offering chicken in cut-up form seemed to be the best way to sell it, Moore points out. The researchers found that a whole bird packaged in cut-up form sold the best in the fresh eviscerated line. Fryers, too, sold best when cut-up and as parts. Civing consumers a chance to buy chicken parts helped boost poultry sales early in the week, the study showed.
