Yes, the economy of Michigan-and every other state in fact—is geared to motor transport. Trucks are the key to our great achievements in production. They have made possible new products and new marketing methods. They've enabled us to go out into the rural and suburban areas and build homes and bus-It's no wonder that trucks have increased in number

TODAY'S BIG SPECIAL at a price that will open your eyes (and Purse)

TF YOU'RE in the market for a real buy, take a I good look at this one.

It's a 1956 Buick Special-which means, of course it's a big car. But look again at the price news it carries.

It tells you this big Buick Special can be yours for only a few dollars more than the price of the well-known smaller cars-for even less than some models of those very same cars. (And the price

why Buick outsells every car in America except

we'll show you proves how true that is.)

The gospel truth is-this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series. Even that, though, doesn't completely explain

the two well-known smaller ones. To understand the big reason, you've got to know something about how much pure automobile you

get for your money in a 1956 Buick-

know, firsthand, about the 1956 Buick. And we'll let the car itself-and that low price tag-do the

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine-

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure-

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-offand the extra gas-saving mileage - of Buick's advanced new Variable Pitch Dynaflow.†

Those are some of the things we'd like you to talking. Will you come in-real soon-this week

New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the

I'm raring to

A GOOD "CATCH" of legumes and grass in a

good way to help a new seeding to get a strong start is to feed your grain crop plenty of ARCADIAN® 12-12-12. Top-dress your winter

grain and use plenty of concentrated, balanced ARCADIAN 12-12-12 in the drill when you plant

your spring grain. This way you supply enough nitrogen, phosphorus and potash for both crops.

Far too many seedings are starved out instead of just being shaded out. ARCADIAN 12-12-12 provides a full meal of plant food to make a full seeding. Get ARCADIAN 12-12-12 now to get

JETAWAY seconds the motion!

(... and America votes it The Gear of the Year)

IT'S AN ECONOMY CHAMPION, TOO! Jetaway-equipped Oldsmobiles rocketed to double victory in 1956 Mobilgas Economy Run!

HERE'S A CANDIDATE for the most talked-about "secret" of all time! It's the secret of the smoothness-the revolutionar second coupling-in Oldsmobile's new Jetaway Hydra-Matic!9 Oldsmobile first used a fluid coupling to cushion automatic gear transitions in the original Hydra-Mutic Drive. And it was this famous transmission that opened the door to the whole era of automatic driving.

Now, in Oldsmobile's new Jetaway, not one, but two fluid couplings harness the go-power of the mighty Rocket Engine-soften the surge of Rocket action! Fluid in the second coupling fills and spills with jetlike speed—cushions gear transitions

so they're almost imperceptible! In other words. Jetaway seconds the motion—gives you all the flow of fluid, yet retains all the solid, thrilling go of gears!

NEW DUAL DOWNSHIFTING FOR EXTRA SAFETY! What's more, Jetaway features new dual downshift action-at traffic and cruising speeds -to split-second the motion, too. Just wait till you try it, teamed with Oldsmobile's new Rocket Engine—240 horsepower strong, charged with a 9.25-to-1 compression ratio—delivering a breath-taking 350 lb.-ft. of torque!

JETAWAY SMOOTHNESS ... BEAUTY TO MATCH!

You'll go for the glamor of Oldsmobile, too! There's massive magnificence and solid assurance in the advance-design "Intagrille Bumper." It's neo front bumpers in one for protection high and low-an Oldsmobile first, an Oldsmobile exclusive more unmistakable evidence of Oldsmobile's styling leadership! And it's all underscored by dsmobile's ruggedly - built, quality - built chassis

featuring sturdy Six-Point Suspension to increase riding comfort and roadabili-Sum it all up-performance, power and appearance-you've got to go some to equal it! Yet Oldsmobile prices start right down with many models in the low-price field—and value is right up with the highest at resale time! Stop at our showroom for a *Standard on Series Ninety-Eight; optional at extra cost on all other series.

Ford goes First!

In Performance

At Daytona, Ford won the Manufacturer's Trophy for best allaround performance. And Ford's 225-h.p. engine smashed 30 world records at Kingman, Ariz. Truly, Ford goes first!

too! Come in and let us show you!

The way a Ford performs, the way it saves, the way it pro-

tects you, go hand-in-hand with the way it looks and lasts.

Ford's look was inspired by America's most exciting car, the Thunderbird. Its rugged K-bar frame and carefully-built body give it the endurance and reliability traditional with Ford.

These are the facts behind Ford's reputation as the car that's

worth more when you buy it . . . worth more when you sell it,

In Safety The editors of "Motor Trend" voted Ford's Lifeguard Design "the top car advance" of 1956. It's a whole family of safety features

In Economy In the Mobilgas Economy Run, a Ford V-8 won over all cars in its class. It carried more weight with class. It carried more weight with greater gasoline economy per

T. A., chairmaned by Mrs. Harold Nash, came up with needed improvements. Of these Mr. Howe reports definite improvement in 6 instances.

Mr. Howe reports these results: controlling traffic on Lafayette street. This street is now going to be closed during crucial hours of the school day, for a 2-week test p52 period (see story of Monday Council meeting on first page of this week's Ledger.

2. It was recommended that bus es be delayed in departing from Lafayette st. while other buses are still loading. This step is now be

3. The P. T. A. suggested yellow lines at cross walks near the school be extended to allow unobstructed view of oncoming cars. Mr. Howe, who is also sponsor of the safety patrol of the school, states that weather permitting all yellow lines at cross walks are to be extended and repainted as sug-

4. Recommended policing of streets adjacent to school for "hot rod" drivers has resulted in many tickets being issued.

5. A traffic signal light is being installed at Main and Hudson the week of May 21, to provide the safe passage across Main street for children in the southwest section of town as recommended. For the children of the southeast section a blinker light is being secured (see Council story) by the P. T. A., with the assistance of other Civic groups in the community, will naintain this safety measure.

6. Recommended supervision of playgrounds has been satisfactorily handled by cooperation of the parents and teachers.

7 The last step suggested, that of deputizing citizens (
