West Gateway Going, Start on East

Tom Moore, Superintendent of Streets in Lowell, says the State Highway workmen are supposed to be in Lowell in a week or so to tear down and remove the stone gateway at the West entrance to the village on M-21, which has already been partly "removed" by a highway accident over a year and a half ago. Now, it looks like we might have to start working on the East gateway, Pictured above is the 1953 model auto owned by Thomas Simmski, of Durand, which eracked the pillar on the south side of the highway at the East entrance, when he apparently dozed at the wheel early Sunday morning.

also suspended for 90 days.

Oats grow like sixty when they are well-fed with nitrogen-rich, balanced ARCADIAN® 12-12-12 fertilizer. Many growere get yields of 60, 70 or up to 100 bushels per acre when they feed their oat crop plenty of this easy-spreading. complete plant food. Even with thinner seedings used as a nurse crop, they get big, profitable yields of plump grain with stiff straw that resists lodging.

Full-feed your grain and grass and egume seedings the low-cost, profitable way with ARCADIAN 12-12-12 in the drill at seeding time. It takes fewer bags of concentrated ARCADIAN 12-12-12 to feed your crops well. Use enough to make your oats pay-and to get a good "catch" of grass and legumes. For a real big crop of hay and pasture, top-dress your year-old seedings with plenty of ARCADIAN 12-12-12.

... an EXTRA 3 bales of hay

... an EXTRA 5 bundles of shingles

Ford's new 8-foot Pickup

gives you more load capacity than any other half-tonner — up to 19 cu. ft. more!

Ford's new 8-ft. box gives you more loadspace than any other 1/2-ton pickup-up to 19 cu. ft. more. Available on the 118-in wheelbase. Extra cost is surprisingly low. The standard 61/2-ft. box is one of the roomiest in its field-gives you a full 45 cu. ft. of

All Ford Pickup boxes have slanting flareboards to help you make the most of body capacity. Easy-operating toggle-type latches for a tight, quiet tailgate. Reinforced cornerposts. For the most pickup for your money, see your FORD Dealer!

THE ONLY SHORT STROKE SIX!

All the other leading truck makes are following Ford's lead to Short Stroke V-8 engines. But not one of these other makes offers you the economy of Short Stroke design in a SIX-cylinder Pickup.

Ford's new Driverized Cab is the easiest of all cabs to get in and out of. Doors open a full 70°-as much as 25° wider than other trucks. Most restful ride in Cab, low added cost.

The Ford Pickup's powerful self-energizing brakes have 179 square inches of lining area . . . they're the biggest brakes in the half-ton field! Power brakes available at low added cost. Lifeguard steering wheel, Lifeguard door latches!

Independent insurance actuaries, studyregistrations, prove that Ford Trucks last up to 9.9% longer than any of the other four leading truck makes.

Ford is America's lowest-priced line of Trucks!

TELEPHONE lines ONE GOOD EXAMPLE of how telephone research benefits all of us is the amazing transistor. This versatile marvel, an electronic amplifier, was con-

ceived, invented and developed at Bell Telephone Laboratories. As development progresses, transistors are replacing vacuum tubes in more and more telephone equipment. Tiny and mechanically simple, transistors last longer than vacuum tubes and

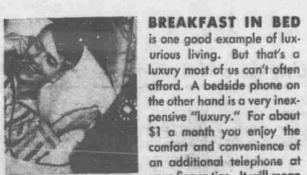

need little power. These economical features help

keep down the cost of providing telephone service.

MICHIGAN BELL

week end? Perhaps a drive to see some friends or relatives in the next town. Or maybe you're going to spend a quiet two days at home. Either way, the telephone can

help you enjoy your week end. If you're planning a visit, call ahead and let the folks know just when you'll be there. And if you're just going to loll around the house, wouldn't that be a good time to talk to those out-of-town friends or loved ones? Telephone calls cost so little and they are so appreciated.

luxury most of us can't often afford. A bedside phone on the other hand is a very inexpensive "luxury." For about \$1 a month you enjoy the comfort and convenience of an additional telephone at your finger tips. It will mean the end of stumbling around when you make or get calls at night-you just reach for the phone. To order your

bedside telephone, call our Business Office.

Makes Friends with the Meanest Roads

(Have you tried Buick's great new ride?)

Capricious roads that twist and turn-unruly roads that rock and roll-tired roads, battered and beaten-they all seem to wear company manners the moment a Buick

Why? Simply because Buick comes with what it takes to put any road on its best behavior - the completely ride-engineered combination of chassis, engine and automatic drive that is obtainable in no other car. And that's gospel truth whether you drive a new SPECIAL, CENTURY, SUPER OF ROADMASTER.

No other car matches the firm, true tracking of Buick's own ride foundation-buttressed by brawny X-braced frame and torque-tube drive—cushioned on coil springs Well, sir, we cordially invite you to drop in on us and and deep-oil shock absorbers.

No other has such width of tread and length of wheelbase within dimensions so trim and tidy that Buicks turn, park and garage more easily than smaller cars.

No other duplicates the assurance of steering, brakes and rear axle so precisely geared and gaited for the nimble handling that's a safety "must" in modern cars.

The sweet way a '56 Buick rides on all sorts of roads
And certainly no other name plate promises the soaring sweep of power that wells from the big 322-cubic-inch V8 beneath every new Buick bonnet.

> Nor does any other automatic drive put power to its car's rear wheels with the swift, unruffled pace of Variable Pitch Dynaflow*-and that goes double every time you "switch pitch" for whip-quick, safer passing. But why stop to count reasons - when results are what you're after?

> Wouldn't you rather really feel Buick's new "sense of direction" on straightaway, curves and corners? Wouldn't you rather relax in supreme comfort while tooling this powerful performer over roads you always hated to travel?

> do just that. Make it this week, won't you? Sample the ride that

has charms to win any old road - and get first-hand figures on prices that make Buick owning a more posi-

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and
