Ford Trucks Cost Less!

Certified studies show Ford Trucks last longer than any of

Ford costs start low-Ford costs stay low...

Compare Ford model for model with any other truck line and you'll find hat, based on factory-suggested list prices, Ford has more models priced

he other four leading makes

But low initial cost is only one of the reasons why Fords cost less. Take esale value—it stays high, thanks to he demand for resed Ford Trucks. Take operating costs-no other rucks give you the dependability of Ford's rugged chassis design with the gas and oil economy of a modern hort Stroke engine. Only Ford gives you a Short Stroke engine, V-8 or Six, n every truck-and at no extra cost.

Ford Trucks cost less to maintain because they last longer. There are elenty of reasons why. Ford Pickups, or example, have the highest combined front and rear axle capacity in the half-ton field. Ford Heavy Duty hat last up to five times longer because hey run up to 225 degrees cooler.

When you take everything into consideration, you'll agree it costs less to own a FORD Truck. Before you buy any truck, see

LOWELL LOAN CO. Ronald Lighthill, Mgr.

115 W. Main, Lowell

Sure starts a lot of Torque -

even before you Switch the Pitch

LORQUE is for take-off-and there's plenty of it here. You just apply a puny bit of pressure on the pedal-and you're off and away. Never has such quick acceleration

It's the newest step-up in Variable Pitch Dynaflow*and it gives a double-barreled thrill. First, it delivers a record amount of torque to turn those

rear wheels - even before you switch the pitch. You splurge on pickup while saving on gas. The second is for real zoom service. Just put your foot down-and there you have it. You switch the pitch and Dynaflow serves up a dazzling burst of extra power to cut seconds off your passing-and add new safety to it.

But there's a lot more than torque to talk about. There's Buick styling. Its flair and sweep alone have started many a conversation. On lines that are daring, but not reckless. On colors and interiors that are gay

A whole group of unseen marvels screen you from the harsh realities of the road. Including a new front-end geometry-new deep-oil-cushioned shock absorbers-

So why not take a/Buick out on the road yourself, so you'll know what all the talk's about? Don't say you can't afford it until you hear us talk price. We're ready

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the Special.

Lowell City Hall Auditorium If you are not planning to attend another church service, be sure to come. Come early and enjoy th good music by the "Chapelaires", outstanding male quartette, as well as other talented musicians

The Unpardonable Sin

What is the sin against the Holy Ghost? How is it committed?

Who is liable to commit it? How can we know a person has

committed it? How can I know that I have not committed it?

And why will God not forgive it?

Save \$\$ On NITROGEN for CORN

Corn is the heavy user of nitrogen fertilizers, Your most economical N for corn is Anhydrous Ammonia - 82% N. Plow down or pre-plant applications are ideal - starts decomposition of residues early and is there for use when needed.

M.S.U. and other authorities say: "Important thing is to put it on, don't put it off".

An application of Anhydrous Ammonia on corn will return up to 40 Bu. more shelled corn per acre! Ask for testimonials of users right in this

Pays well on other row crops, too.

See your local applicator Bergy Bros.

You get MORE low prices on MORE items MORE days of the week!
