### Ladies: Don't Wash Friday

The annual spring cleaning of the water mains will be done Friday, June 1-when the village water department men will be flushing all fire hydrants in the city.

Work will be started early Friday morning, so residents are requested to draw all necessary drinking and cooking water for the day, inasmuch as there will be much sediment raised in this pro-

## The Circus is Coming to Town

The Lowell Lions Club will sponsor the first circus that this village has had in many a year when the George W. Cole Company will present a show at Recreation park on Monday, June 25.

Arrangement were made this week to have the group come here, according to William Jones, Jr., spokesman for the Lions. Mr. Jones states that the circus is a wild animal show, and offers a 3ring program in a large tent which seats two thousand.

There will be a circus parade on the day of the show, and there will be two performances, a matinee and evening program.

The Lions Club receives the best percentage of value in this show from advance sales, so they will Mrs. Clara Lawrence McCarty, appreciate your taking this into

### On Memorial Day, A Prayer for Peace

As we pause on Memorial Day to henor the memory of those who died in battle, let us pray, each in his innermost heart, that never again shall war destroy the flower of our youth.

It is noteworthy that our President who achieved world renown as a man of battle, today is a world leader dedicated to peace. May we beseech Almighty God so to guide him, so to strengthen our resolve and our arms, that we shall be able to preserve our freedom despite the threats against it, and yet maintain peace in our land and the world.

No other transmission is so smooth as Dynaflow\*

You know how it is.

Anyone who drives a car these days must sometimes drive in crawling, slow-moving traffic where it's stopand-go or spurt-and-slow.

And if you're used to a car that handles such traffic with a continuous series of upshifts and downshifts even automatically - then maybe you think that's the best you can have.

But it isn't. You can have Dynaflow smoothness in a new Buick—and you won't believe the difference until you try stop-and-go traffic. For here you have absolute smoothness when you
