DID YOU KNOW?

Did you know the Kent County Fair between K. K. Vining and Rem Jefferies in the old Ledger office on Main Street. For the first year catle were shown in the old horse barn, the handicraft displays at the City Hall and \$100 cash and prizes were donated by the Lowell merchants. The Fair was on its way. In 1938 the W. P. A. erected an exhibit building and with Wes Roth's funeral tent things were booming. Other buildings followed and with the 4-H Club, Lowell Board of Trade, and Rotary working together we have an outstanding County Fair.

Film for Color Prints Amateur photographers can transfer their choice vacation 'shots" to color prints on paper by using a new color film, whose outstanding feature is its sharpness, permitting prints of unusual brilliance and clarity. Of major importance to "shutterbugs," too, is that for the first time a color film has been producd which can be used indoors with clear flash, or outdoors with natural light without the need for compensating filfers. Photo finishers throughout the U. S. A. soon will be able to offer a color-processing and printing service for this new color film.
