# Tax Increase **Turned Down**

Voters of this area, along with most sections of Kent County. turned down the proposal to increase taxes to finance capital improvements, in the special election

Lowell tax paying residents voted 129 to 74 against the proposal; Ada 119 to 67; Bowne 62 to 19; Cascade 152 to 84; Grattan 62 to 15. Only in Vergennes township in this section did voters approve the tax; tax payers there voted 30 to 26 in favor of the plans,

The total vote in all of Kent county where only 17,473 persons turned out to vote was yes, 7,916;

fax Payers Fear Long Term In our discussion with residents of this area we were told that most "no" votes were based on the fact that the proposal called for such a long term, 10 years. The other reason for the failure is pro bably based on the fact that this was such a large group of projects, a specific vote for one or two improvements on a 3-year ba sis would probably have passed.
