Thursday is Only Local Track Meet

A week from Thursday, May 22 will feature Lowell's only local track meet. Participating will be Ionia, Belding, Saranac and Lowell. The field events will start at 1 p. m. The meet has always featured some of the state's top performers and this year promises to be no exception. Ionia has a mile relay team which took first in the Central Michigan Relays. The quarter should be quite a race with our own Don Dawson running a 53.7. Belding has a very outstanding mile.

Lowell's pole vaulters should also provide an interest as three should be hitting around 11 feet by that meet. Ionia won the first meet, but Lowell has won the last two meets. This meet should be a very close one, however. One of the unique features of the contest will be a special relay containing 4 legs which include: 120 low hurdles at high hurdle distance, 100 yard dash, 220 yard dash, and 440 yard dash. Wheat Allotment Deadline is July 1

A farmer on land on which no wheat was seeded for either of the years 1956 or 1957 and had a zero allotment for 1958 may apply on or before July 1 for a "new farm" wheat acreage allotment for the 1959 winter wheat crop. Chairman Joseph Schweitzer of the Kent County Agricultural Stabilization Committee said today.

Even if wheat was produced on the farm in 1958, the farm is still considered a new wheat farm if it did not have a 1958 allotment, and the farmer must apply at the County office as a new producer. Mr. Schweitzer said. If the farmer had an allotment for 1957, he will be given credit for the historical acreage even though no wheat was planted.

An important requirement for obtaining a new allotment is to file a written application before the July 1 deadline. This application may be made out on forms which can be obtained in person or by mail from the Kent County ASC Office, 207 Spencer Street, N. E., Grand Rapids 5, Michigan.

The chairman pointed out that factors considered in determining whether a farmer is eligible for a new farm allotment will include the tillable acreage, type of soil and topography of the farm. The operator's farming system is studied and the extent to which his livelihood depends on his farming operations. He is also asked the reason wheat was not planted on his farm in the past years.

Grass Fire Burns Two Acres Monday

A grass fire raged for more than an hour, burning two acres on property of Gerald Mullen on Pratt Lake Rd. Monday afternoon. No one was home at the time of the fire and the alarm was turned in by Mrs. Oscar Nelson, a neighbor. The wind caused the fire to spread and damaged part of an orchard and a field.

Origin of the fire was undetermined but there is a possibility that embers may have been smoldering from a brush fire 24 hours before.

Club Sponsors Petunia Contest

Planning to plant your garden soon? Perhaps this week-end? Well, if you are, why not include some petunia plants in an interesting display and perhaps you can win a cash prize. The Lowell Showboat Garden Club is offering a \$10 cash prize for the most outstanding display of petunias by a business place and also a \$10.00 cash prize for the most outstanding display of petunias by a home-owner. Petunia plants are now available at the local florists and with some thought on your part, you could arrange a part of your garden with an interesting array of these plants and be eligible to compete for this cash prize.

Contestants are confined to the Village Limits of Lowell and the Showboat Garden Club ask only that they be notified in some manner that you or your friend or your neighbors have a display of petunias to be considered in the judging. So if you do not plant any but if your neighbor or friend has what you consider to be a beautiful display of petunias, simply call a member of the Showboat Garden Club and tell her the name of the person displaying this planting and she (or he) will be included on the list of gardens to be judged.

Three competent judges will be announced later and judging will take place about the middle of August. Although this sounds a long way off just now, one must begin planning now as well as planting now. The Showboat Garden Club hopes there will be many displays to be judged by mid-August and urge everyone to plan now on joining the members of this Garden Club in displaying petunias and make Lowell a "Petunia Town". Showboat Garden Club members are not eligible for prizes but will display these flowers in their own gardens. Let's all beautify our town with petunias and who knows, you may win the cash prize.

Lowell Plays Host At Rural Field Day

Lowell High School played host to over five hundred rural children and their teachers last Wednesday for their annual Rural Field Day. Director of the activities was Stephen Nisbet, principal, assisted by Carl Haggen and the Agricultural Department who set up the morning program and Norman Gottschalk who acted as the children's judge. The day was in charge of the track events. In the two-room school division, Egypt valley won the first place trophy as well as the second place with 159 points was Alto. In the one-room school division, Farrell won first place with 78 1/2 points. Talbot took second place with 57 1/2 points, edging out North Bell with 56 points for the second place trophy. Both Talbot and Farrell won the 200 yard shuttle relay. A second relay trophy will be presented so that both schools will have one.
The outstanding point winners of the day were Susan Bigelow of Farrell and James Imann of Farrell. These students won all blue ribbons.
During the morning program students, who are entering Lowell High School, were met with Mr. Nisbet to be enrolled and to discuss what they might expect in the fall. The Junior High Department met with the sixth grade students who will enter our school in the fall, and their rural teacher. It is hoped that with meetings such as these there can continue to be a close relationship between the Lowell schools and the rural schools.
This year the rural students ate a lunch at the school. Mrs. Clark was complimented for serving a good meal in a short period of time. She was assisted by her regular staff and a group of advanced Home Economics girls.
JOLLY HUSTLERS 4-H CLUB
The Jolly Hustlers 4-H Club monthly meeting was a held last Thursday at Mr. and Mrs. J. W. West's. There are now 36 members.

Lowell Plays Host At Rural Field Day

Lowell High School played host to over five hundred rural children and their teachers last Wednesday for their annual Rural Field Day. Director of the activities was Stephen Nisbet, principal, assisted by Carl Haggen and the Agricultural Department who set up the morning program and Norman Gottschalk who acted as the children's judge. The day was in charge of the track events. In the two-room school division, Egypt valley won the first place trophy as well as the second place with 159 points was Alto. In the one-room school division, Farrell won first place with 78 1/2 points. Talbot took second place with 57 1/2 points, edging out North Bell with 56 points for the second place trophy. Both Talbot and Farrell won the 200 yard shuttle relay. A second relay trophy will be presented so that both schools will have one.
The outstanding point winners of the day were Susan Bigelow of Farrell and James Imann of Farrell. These students won all blue ribbons.
During the morning program students, who are entering Lowell High School, were met with Mr. Nisbet to be enrolled and to discuss what they might expect in the fall. The Junior High Department met with the sixth grade students who will enter our school in the fall, and their rural teacher. It is hoped that with meetings such as these there can continue to be a close relationship between the Lowell schools and the rural schools.
This year the rural students ate a lunch at the school. Mrs. Clark was complimented for serving a good meal in a short period of time. She was assisted by her regular staff and a group of advanced Home Economics girls.
