parents the past week, east of Low-Charlie Quiggle called on the Arthur Johnsons, also at the John Cox home the past week. Mr. and Mrs. Henry Kaufman of Grand Rapids, were guests at the John Cox home Sunday.

New Fire Truck on Display in Christmas Parade

The new John Bean Fire Truck that is being loaned to the Lowell Fire Department by that company was seen by the public for the first time when it was displayed in the Christmas Parade. This pumper that is ideal for rural and village fires where the water supply is limited, is a loan until a decision is reached by the Lowell and Vergennes Township Boards and the Kent County Fire Committee. These groups will meet on Thursday morning I Grand Rapids to consider the purchase of this \$16,000 unit. It is proposed that the cost be shared by the county, and two townships, Lowell village would house and man the equipment,

TWO WAYS TO FOREIGN AID

Foreign Aid Bargain

How can the American taxpayer come out best on foreign aid? The answer to this question, like the answer to a good many and materials are needed. Parothers, is to let American free enterprise do it. When American companies invest abroad they raise the money themselves, and

vided capital for operations abroad, and developed the market for its product in the U. S. Without this work—and the building of railways, communications facilities, roads and ports which it The Latin-American nations realized millions in payroll and taxes, plus the development of their countries. Americans realized

profits and our government collected taxes. December 1, 1959," and use it for For some year now, American firms have been investing collecting various items during t foreign aid. It's a healthy trend. For your own "research," wa how Christmas Day itself goes.

Leave Program A fifteen-day paid vacation before a man or woman even begins to work sounds fantastic-but it's

Army's Holiday

Under the Army's holiday leave program, all men and women who enlist or reenlist during the period of December 12 through January 1, 1959, may request a special leave to remain at home for both the Christmas and New Years holidays.

According to M-Sgt. Carl S. Joram, local Army recruiter, his holiday leave program has been in effective and the control of the contr

day leave program has been in effect for the past few years and has proven itself very popular in the past. He encourages all local the past. He encourages all local men and women, contemplating joining the service in the next month or two, to contact him at the Grand Rapids Reguliting Station, Room 403, Post Office Building, or call him at GLendale 4-6006 for further information. for further information.

Drama, History Join Music on Records for Gifts

ests can't be found with one of mud. ests can't be found with one of today's modern high fidelity recordings. This year, the range of records for gift-giving is more varied in appeal than ever before, reported Sarah Chrouch of Radio Service Co.

"It had been our intention to go right on to Orange Courthouse that night but owing to the rain having swelled the Rappadan River to almost double its usual depth it was thought best to wait until morning."

For Fire Hazards

reported Sarah Chrouch of Radio Service Co.

Although we naturally think of music when it comes to recorded sound, there are many "specialty" discs available to please the ears of almost every individual.

There are history-making speeches of great men. The "Hear It Now" albums have preserved the sounds of important events from eras long past, Leading figures in the theater have recorded all the well-known soliloquies of Shakespeare.

Hear Favorite Actors

Even complete dramatic plays, such as "Death of a Salesman" and "Medea," are available in their entirety, Now, aspiring thespians can actually read famous scenes with their favorite actors in albums complete with script and timed pauses.

And, for the person who hasn't was necessary to swim the swart to make a fire safety to take some of the critical timing the stream would have lowered somewhat. It was necessary to swim the river to cross, the Rebels having destroyed the bridge.

So we went down into a wheat field, and each man selected a wheat shock and sat down on it to pass the night in gloomy solitude, dripping from head to foot. Some occupied themselves with pulling off their boots and pouring out the water while others were so overcome with fatigue and from their entirety, Now, aspiring thespians can actually read famous scenes with their favorite actors in albums complete with script and timed pauses.

And, for the person who hasn't was necessary to swim the river to cross, the Rebels have in the river to cross, the Rebels having destroyed the bridge.

So we went down into a wheat field, and each man selected a wheat shock and sat down on it to pass the night in gloomy solitude, dripping from head to foot. Some occupied themselves with pulling off their boots and pouring out the water while others were so overcome with fatigue and from the water while others were so overcome with fatigue and from the province of the critical timing of the triver to take some of the critical timing of Fire Underwriters urges you to dispose immediately of package.

Then

timed pauses.

And, for the person who hasn't yet been exposed to the wonders of today's recordings, what could be more welcome than their own phonograph. Your choices can range from the simplest 45 r. p. m. portable to an elaborate 4-speed combination, including a tape recorder, short wave and AM-FM radio bands.

To start off the new fan of high fidelity, there are recordings of the fidelity there are the fidelity there are the fidelity there are the fidelity there are the fidelity ther

To start off the new fan of high fidelity, there are recordings of television spectaculars, hit Broadway musicals, Hollywood film scores and a variety of background mood music.

The original sound tracks of Disney's "Snow White," "Pinnochio and Dumbo, unavailable for years, have been released to delight a whole new generation of youngsters.

A special message for people who plan to buy a '59 car

By now you've had a chance to look over all the 1959 models. They're all on the market now, bright and shiny and dazzling as only new cars can be. Now is the time to ask yourself the question, "Which car should I buy? Which car will give me the most value, the most satis-

What do you want in a car? We don't expect to sell everyone in 1959.

We know that some people will end up buy-ing small cars, and some, foreign imports. We accept the fact that a few will buy highperformance sports cars, and that others, because of their position, cars that cost far more than any Dodge. That's fine. We don't expect to sell them all. But if you're in the market for a smart-looking, solidly built, full-sized car that's reason-

ably priced and that performs beautifully, a

car designed for your comfort and conven-

Imitation is the sincerest

form of flattery Let's start with styling. How a car looks is an important consideration; no one buys a car they don't like. But styling, like beauty, is relative. What is hot stuff to one person is cold potatoes to another. So we will only say this about Dodge styling: Our com-petitors obviously like it. We think that's

Rumor: Some '59 cars are hard to get into You'd think all cars would be about as easy to get into and out of, and as comfortable to sit in. After all, they all have doors and they all have seats. The fact is, there's a big difference—particularly this year.

Dodge station wagons are terrific, too. Write for your free copy of the Dodge Station Wagon Booklet. Dodge Division, Box 1259, Detroit P.S. Don't forget to watch Lawrence Welk.

ience that you can drive with pride anywhere
-WE ARE TALKING TO YOU.

But that's just the trouble. When you buy

Frankly, some '59 cars are known to be a little difficult to get into, as well as out of. This wasn't intentional, of course. In trying to design a car that was as low and modern as our Swept-Wing Dodge, it just worked out that way.

This is not true of Dodge, because Dodge is designed around you. You get in easily and naturally, without banging your knee on the door post or the steering wheel. You sit on seats that give you wonderful sup-port. There are no high door sills to trip Of course, we won't even mention the fact

that the other '59 cars don't offer Swing-

Out Swivel Seats. Oops!

Which do you want: Push Buttons or a shift stick? We know that a number of people like a lever-type automatic transmission. They've used them for years and they're satisfied. We have no quarrel with them. But there's a lot of wisdom in what Alexander Pope says in his Essay on Criticism: 'Be not the first by whom the new

are tried, nor yet the last to lay the old Push-button driving isn't new. This is the fourth year that Dodge has had it. We would guess that, conservatively, over two million owners have used it-and loved it. So we're not going to try to sell you on the ease of push-button driving; we do hope

you'll just give it a try. You want a modern ride, don't you?

You can divide all the '59 cars into two groups. Those (like Dodge) that have Torsion-Aire and those that have coil springs. Now don't get us wrong. Coil

springs are okay. They've been used on cars for years.

a 1959 car, you want a 1959 ride to go with it. That's Torsion-Aire. It's the newest, finest, most advanced suspension system in And remember this. You don't pay a penny

extra for the extra comfort you get with Torsion-Aire. It's standard equipment. Wouldn't you like to be

pampered a little? There's almost no end to the wonderful convenience features you can get in a '59 Dodge. Swing-Out Swivel Seats. (They're great!) Push-Button TorqueFlite trans-mission. Full-Time Power Steering. Outside mirrors that adjust from the inside. Inside mirrors that adjust themselves elec-tronically to banish glare. They're all available at extra cost-and well worth it.

A few words about quality, performance and price These are things that are hard to measure. What do you mean by quality? What con-stitutes good performance? What is a good buy? We would sum up our case for Dodge in this manner: It is a car that is well engineered and well built to give you years of driving satisfaction. It will more than match any other competitive car in the performance department. It is, we hon-

estly believe, an extremely good buy Are we prejudiced?

You bet we are! We'll admit we're prejudiced about our '59 Dodge. We think it's a great car. And if a new car is in your plans for 1959, we'd like the opportunity to convince you co this. How about giving us a chance, to show you this Dodge, to point out its many exclusive advances, to hand over the keys so that you can drive it and draw your own conclusion. We're ready any time you
