UNCONDITIONALLY GUARANTEED AGAINST

Reforestation For the third consecutive year, new post buildings were completed. The University of Michigan has NOW Open

end activities report issued by the State Police.

Highlights of the Year

Among highlights of the year the following were listed:

Persons were killed, a saving of 162 lives and a death reduction of 10.5 percent below 1957's death of 10.5 percent below 1957's of 10.5 percent below 1957's death toll of 1,537. The final figures will be available about the end of January.

There were 56,000 persons in the second annual account in the second annual a

cessful in reducing deaths and injuries in 1956 and 1957 were cited by Commissioner Joseph A. Childs as reasons for the continued downward trend. These include increased enforcement strength, tighter diving license regulations, highway improvements, a public education program and greater safe-ty-consciousness on the part of drivers and pedestrians.

The record was accomplished despite an 11 percent increase in the number of drivers to 4,292,570, which was 439,010 more than last.

The record was accomplished despite an 11 percent increase in the number of drivers to 4,292,570, which was 439,010 more than last year fem them to the number of drivers to 4,292,570, which was 29 billion, less than a one percent decrease under last year of motor vehicles registered drop-of motor vehicles registered registered registered registered registered registere
