Council Acts to Restrict Parking Near School; Costs Determined on Lighting

The Lowell village council acted Monday night to prohibit parking on both sides of Monroe Ave. between Avery and High Streets to clear the street for the hundreds of families bringing their children to school will have unrestricted visibility.

With over 500 elementary children in this one school the number of cars traveling this street makes it necessary to do everything possible to keep any children from going between parked cars into the street.

The council also considered prohibiting parking on the school side of Washington Street but did not act. Parking was also prohibited on Riverside Drive on each side of the parking lot.

Final Figures on Lighting

B. J. Kempker, lighting engineer, was present to give the council the final figures on installing new lighting on Main Street. The center section from Amity to Jefferson a total cost of \$22,835, provides for cement posts with fluorescent fixtures spaced 65 feet apart. On a special assessment basis the cost would be \$4.04 per front foot; the village share for intersections, bridges and buildings would be \$5,460.

If the assessment district was approved by citizens on the ends of Main Street there will be costs set up on four districts. The first district on West Main Street between West Ave. and the Village limits for the same fixtures on wood posts 100 feet apart would cost property owners 88 cents a foot. The next district would be from West Avenue to Amity Street, where there would be cement posts with lights 75 feet apart. This would cost \$3.20 a front foot.

On the East end of Main Street between James and the east village limits with wood posts spaced 100 ft., the cost would be \$1.25 per foot. In the area between Jefferson and James St., with cement posts spaced 75 feet, the cost would be \$3.25 per foot. The total cost of the entire project if all done at once could be cut \$1,800.00 by a larger purchase of units.

The council decided that it was impossible under the present form of government to have assessment districts even if the people wanted them so the project would have to wait until after the new city charter is approved. Then whatever area the citizens effected want lighted will be put on a special assessment district; the cost can be spread over several years if it is deemed necessary. A hearing to determine if the property owners want new lighting will be scheduled after the charter vote, March 7. William Christiansen who has circulated a petition in the business district, told the council at a previous meeting that 75 percent of that frontage had signed to have lights.

Arrows Meet Wyoming Park Here Friday

Lowell's "on-again-off-again" basketball team will be seeking to return to the winning trail this Friday, January 22, when the Red Arrows host a strong Wyoming Park quintet. Against Grandville the Vikings won in double overtime, while the Lowell crew took a 77-58 whipping at the hands of the Bulldogs. The item which should produce a tight, hard-fought contest is the Arrows' home court. Coach Norm Gotschall's five have picked up all three of their victories at home and have lost only to second-place Godwin, 67-61, on the Lowell floor. In away games the Arrows hold a 0-4 record. Second team play begins at 7.

Grandville's Bulldogs hooped 54 points in the second and third period of last week's league contest to highlight their 77-58 conquest of Lowell. The two clubs battled to an 11-11 stalemate in the first period, but then the roof started to fall on the Red Arrows. Capitalizing on an alert defense and shoddy passing by their opponents, the Bulldogs amassed 27 points in each the second and third quarters to take leads of 38-26 at halftime and 54-44 at the three-quarter marker.

The Lowell boys just couldn't get their defense to click and hit a fairly low 29 percent on their outcourt shots. To add to their troubles, the locals lost the ball 37 times on bad passes, violations, and fumbles.

Lowell	11	27	27	12	77
Grandville	11	15	18	15	58

Jim Lawrence and Carroll Eckman paced the Arrows with 12 points each, followed by Don Dilly with 11. Fred Wissman had 8, Al Sealey 6, and Frank McMahon, 5. Ed Foltice led the victors with 24.

Carroll Eckman and Don Dilly continue to pace the Lowell scoring after half of the regular season. Eckman also leads in total field goals with 43 and free-throw percentage with 76.5. Dilly has the most free throws with 28, and Ward has the most fouls, 25.

Double Match Thrown Held By Kropf and Winks

With Phil Kropf leading the way with a beautiful 602 series, the current Kings of the Hill, Ron Holst and John Topp, Jr., were dethroned Sunday by the new Monarchs, Ron Winks and Phil Kropf.

As anticipated, this turned out to be the best series so far in the Doubles Match Games now being run at the Legion Lanes. Holst and Topp jumped off to a big lead of 53 pins at the end of the first game and it looked as though they were about to successfully defend their title with little trouble as they registered a 367 game to a meager 314 by Winks and Kropf. While Topp and Holst managed a still respectable 351 game, Winks, with 202, and Kropf, with 204, came up with a 406 and took the lead, at this point, by 2 pins.

The last game was the deciding one and as Holst and Topp rolled another good game of 368, Winks and Kropf came up with their second 400 game, a 404, and took the rubber game and the match to begin their reign as the new Kings of the Hill.

Next Sunday the series of challenge matches is interrupted as Linkfield and Stormzand have asked for a rematch against their opponents of three weeks ago, Parrish and VanderVeen. This should be another good contest as Stormy and Linkfield are very anxious to reverse the loss of the first match and they are undoubtedly capable of doing just that.

The first game starts promptly at 3 p. m. next Sunday, January 24, and the public is again invited to view it.

The following Sunday, in the renewal of the challenges, Dick Johnson and Howard Hobbs will roll against Phil and Ron in what should be, again, a good contest. Anything can happen, as it begins to look as though the average reign of the Kings of the Hill is just about the length of time it takes another team to get up on the lanes against them. No successful defenses have so far been accomplished, although Phil and Ron could very well upset this trend as they looked quite capable, coming up with the big count when it was needed. It is always a good show, regardless of the outcome, and interested bowlers should not miss it.

Grandson of Boston Twp. Family Drowns Near Paw Paw on Jan. 11

Tragedy struck in the family of Carl Wittenbach of Boston Township, when their grandson, Jim Smiley, 17, a twin was drowned in Ackley Lake, Paw Paw on Monday, January 11. Jim was the son of Mr. and Mrs. Kenneth Smiley of Paw Paw, Mrs. Smiley was the former Betty Wittenbach.

Jim and his two brothers, Jerry and Gordon, had put on their skates to skate to their ice fishing shanty located on the lake. While fishing, the boys observed three girls coming onto the lake at an unsafe spot. The boys called a warning to them, but the girls continued to walk onto the lake.

A short while later the boys heard cries for help, and hurried to the spot where the ice had broken through. The girl who had broken through was rescued by someone from shore. In the excitement, Jimmy had fallen through the ice. Immediately both boys dived in to help him. Their Springer Spaniel was with them and when he came up for the last time, he had a hold of the dog, but the dog shook his coat and he let loose. Ben, Jim's younger brother in all the confusion rushed in and called the police.

William Bolinger, another lake resident brought a boat to the scene and waded in the icy water pushing the boat before him, breaking the ice. Thick ice halted the boat several feet from where the boy had gone through the ice.

A state trooper, Edward Landry, 27, arriving on the scene immediately stripped his clothing and dived three times into the water to rescue the boy.

Difficulty in getting the boy out of the water was caused by his skates caught in the weeds. The boy was in the water 40 minutes and all efforts to save him failed.

The boys always spent their vacations with their grandparents, Mr. and Mrs. Carl Wittenbach, on their farm. He was a senior in high school, a good Christian boy, and was very well liked by everyone.

His father was in Pittsburgh, Pennsylvania, at the time. He is employed by the Otte Dairy as a milk tester. He was a milk tester in Ionia County for many years. His mother, the former Betty Wittenbach, was a graduate of Lowell High School and was employed at several businesses in this area.

He is survived by his parents, three brothers, his maternal grandparents, Mr. and Mrs. Carl Wittenbach and his paternal grandmother, Mrs. Sam Smiley.

Funeral services were held on Thursday in Paw Paw with interment in Sturges Cemetery.

Fatal Deception
 For a druggist to take a doctor's prescription and fill it only with those ingredients which he chooses, would not be unlawful, but deceitful, and possibly fatal, as well. For any preacher to take God's prescription for eternal life as given in the Bible, and give what he pleases and omit what he chooses, is also unlawful, and deceitful, as well as externally fatal. It is no wonder the apostle Paul declared in I Corinthians 9:16: "Woe is unto me, if I preach not the gospel!"

You Name It — We've Got It!
 Ever see a rocket riding the highway? Or a tankful of flour? Or a load of oxygen?... Most people — when they think of trucks — think only in terms of the van or pick-up models they see carrying miscellaneous freight. These are in the majority, it's true. But it takes literally dozens and dozens of different types of trucks — many very special and very costly — to serve America's broad and bustling economy... Trucks are designed to transport almost every kind of cargo you can imagine — and to do so safely and efficiently. That's why it's truly said that everything you eat, wear or use — and more — comes to you by truck!

BUCK SHOT
 by Norman Gotschall

Our congratulations to Larry Wingeler and Gordie Kerr for having undefeated records in wrestling competition up until last meet.
 The Red Arrows simply were not ready for the unorthodox Grandville basketball team. Again and again our timing was a hair off. Some fans are estimating that our home court is worth forty points. Although this seems quite high, they have some good facts to back their belief. It is probably more likely that our team is improving fast and need a few more games under their belts for consistency. Improving in rebounding this week are Jim Lawrence, Fred Wissman and Dick Ward.
 This Friday the mothers of the team members are being honored. The athletic department is presenting them with a rose at half time. It is good for all to pause at times and give the mother a little special consideration. These mothers have perhaps sacrificed a little more as athletes are demanding of scheduled practices which usually contradict the regular order of meals. Let's all of us who were former athletes, see if we can convey some special thanks to Mom next Friday.
 We are now in the middle of another of the most fascinating sports—ice fishing. Every method of ice fishing has its enthusiastic supporters. The spearers sit in a warm shanty huddled over a sizable hole staring into clear water hoping for a pike to come in to the decoy. As darkness approaches, pulses quicken as Mr. Pike most often searches for food at dusk. Soon the light is so faint that each irregularity of the bottom becomes shaped like a pike, and if one does come in, the thrill of having to work fast and efficiently and most of all, quietly, is so great that, hit or miss, you will never forget the moment.
 Kids like blue gill fishing best. When you watch that bobber so long, you begin to wonder if it will ever move, and then it does! You forget the cold that has been gnawing away at stiff fingers and toes. All attention is centered on the bit of cork that is interpreting the suspicious nibbles below. If your cork is light, and your tackle fine enough, and the fish is hungry enough, the bobber will eventually get "steady" and JERK! Now if you handle the fish carefully, and do this enough times, believe me, the taste of these winter time blue gills will be worth the effort. Try them wrapped in flour and cornmeal and fried fast in deep fat until a golden brown.

 It slid into the side of a Consumers Power Co. truck driven by Elbert Abernathy, 46, of Lansing. Abernathy was not hurt.
 Treynor, alone in the car, was on his way to Olivet to the funeral of Mrs. Minnie Keyes, former grand matron of the Michigan OES chapter.

Library Corner

A special invitation is given to grade school boys and girls to come to the Library to see and use the many wonderful books waiting there for them. For some reason, only a few in this age group are regular patrons, although special thought has been given to the selection of books for them. Fiction, reference books, books about heroes, history, animals, jets, and many other subjects too numerous to mention are available. The librarian will be glad to show the boys and girls where to find books of interest to each one. Saturday afternoon is a good time to visit the Library.
 The pre-school story hour will be held each Saturday morning at ten o'clock. It was well attended last Saturday and each one promised to return, and we have room for more young listeners to join in the fun.
 The Lowell Library Board met at the Library last Thursday night. The meeting was attended by G. R. Thompson, Chairman, Mrs. Robert D. Hahn, Mrs. John R. Bergin, Mrs. John Fahri, Mrs. Ernest H. Roth and Mrs. John A. Abraham, Librarian.
 Book circulation continues to increase, new patrons are coming in to get acquainted, and Kent County Library quickly supplies books not currently available here. Come in and browse, you'll find many books you have been planning to read.
