Survey Included With 1960 Mothers' March

With the end of January, 1960, almost here, the annual Mothers' March will be conducted again this year by volunteers from the V. F. W. Auxiliary and the Child Study Club of Lowell, Thursday, January 28 (tonight) will be the evening when between the hours of 7 and 8 p. m. all the homes in the Lowell area as well as all homes all over the country will be contacted by volunteers to solicit funds for the fight against polio for those for whom the Salk vaccine came too late and also for research in Birth Defects and Arthritis. It is hoped that everyone will contribute as generously as in the past and support this worthy cause.

However, along with the collection of funds this year, the volunteers will also be conducting a survey among residents to determine the number of homes all over the country in which there are members who are or have been afflicted with birth defects or arthritis or polio. Your Mothers' Marcher will ask you how many people are residing in your home and if anyone living there has a birth defect, arthritis, or polio.

These may seem personal questions but will be asked of all residents in all the homes across the nation by local volunteers and it will be from this collected information that future reports and aid to be given will be accumulated. It is hoped that everyone contacted will give freely and quickly the information asked for so that the worker may contact as many homes as possible in the allotted time.

These reports will not be published but will be used by the Foundation as a collective report for the need for aid and percentages of afflictions in the future.

So when the Mothers' March volunteer calls on you, please contribute as generously as possible and give her the information she has been requested to obtain from each home and thus enable her to do her job well.

Total amounts collected from the Mothers' March in Lowell and from the School Dimes cards will be published as soon as possible so that citizens of Lowell may know that once again they have made a sizable contribution to the worthwhile cause to which they have always contributed so generously in the past.

Mailers which were sent out to homes from a headquarters in Grand Rapids will be averaged out on a percentage basis from the usual donations over the years and each village, city, and town will be given credit for an average amount received taken from amounts sent in in the past. Watch the Lowell Ledger for a complete report on Lowell's contributions in a further report.

Parrish-VanderVeen Win Double Team Rematch

In a re-run of the Doubles Match that inaugurated the series of contests now being held at the Legion Lanes in Lowell, Harold Parrish and Hugh VanderVeen again turned back the team of Hugh Linkfield and Nelson Stormzand, this time taking all three games in a complete sweep of the match.

Easy victors in the first game, 400 to 322, Parrish and VanderVeen, in particular, the latter, relaxed considerably and rolled a very low 338 in the second game. Happily for them, however, the slackening of effort was even more evident on the opposing team which managed only a meager 307 and allowed Parrish & Co. to take the second game also.

The third game was a much more spirited affair with Linkfield and Stormy holding the advantage, by 10 or 20 pins, right up to the final frame. At this point VanderVeen struck out and Parrish followed suit while their opponents were held to single marks and the game went to the victors by 21 pins, 351 to 329. Totals were 1089 to 958.

Rolls 663 Series

Another exceptional series was rolled at the Legion Lanes last week. This is the latest in the unprecedented assault on the pins at the lanes this year.

In the Friday night League, Dick Bancroft, a 143 average bowler rolled a tremendous 663 series, 234 pins over his average, with games of 248-182-233. This is exceptionally fine bowling for anyone and particularly for a bowler with an average of that caliber. Figured on a handicap basis, this would give him a series of 792. Unfortunately, he had not entered the annual March of Dimes Tournament now in progress at the lanes as he would have been virtually impossible to beat. The top series to date is a meager 606.

Kropf-Winks Challenged

Next Sunday the present Kings of the Hill, Phil Kropf and Ron Winks have been challenged by Dick Johnson and Howard Hobbs. The match will start promptly at 3 p. m. and the public and all interested bowlers are cordially invited to attend.

Teachers Receive Service Training At Monday Program

Lowell teachers in the elementary grades and English teachers in the junior and senior high school attended a service training program Monday afternoon put on by the Science Research Association with James McKee the sales representative.

The teachers received instruction and information about the latest method of teaching reading in the grades 1 through 12. The Reading Laboratory as the material is designated consists of cards, stories and other material, color keyed to the many levels of reading ability.

The multi-level teaching material instructs and tests the levels of reading comprehension, reading rate and vocabulary.

Plans are to try out a few of these kits in high school and elementary grades to try and discover their effectiveness. If teachers feel they are of great enough benefit more may be used in the next year.

Lowell's Junior High Basketball Teams Continue Winning Streaks

Lowell's 7th and 8th grade basketball teams continued their winning streaks and ran the string of victories to nine in a row for each game. Both teams had an undefeated season last year and won the Lowell Junior High Tournament.

This year they have played Ionia twice and have been victorious in both attempts, although the 8th grade team was extended to the limit in each game.

The first game, played on January 15 at Ionia saw a 7th grade team with lots of depth and fine playing run off with a 33-25 victory. The team was led by fine rebounding and scoring from Bob Elzinga and Paul Kropf, each scoring 12 points and the floor play and ball handling of Dick Rollins, Rick Fonger and Duane Melver. All of the players got to see some action and showed improvement in their game.

The 8th grade team had to stage a strong first half come-back before downing 5 to 11 with a little over one minute to half time. They went into a full court press and emerged with a half time lead of 12 to 11. The second half was somewhat of a reverse, with Ionia's come-back in the last few minutes falling short 23-21. Craig Walters was high for the 8th grade with 8 points and Terry Abel and Dennis Sisson followed with 6 and 4 respectively.

Dennis Connors, Bob Griggin and Dick Court did a fine job of rebounding against a much taller team.

Win Over Ionia

The second meeting played at Lowell on January 20 was very much like the first. With the polished, well-balanced 7th grade winning easily 39-20 and all members playing at least 2 minutes of the game.

Again the 8th grade team won a very close, hard fought, well played game in the last 7 seconds on a tip off play, Craig Walters was jumping at mid-court and tipped to Dennis Sisson who in turn threw to Terry Abel who scored the winning basket 25-23.

Paul Kropf led the 7th grade with 14 points, Dick Rollins 7 and Tim Neison had 6 with the rest of the 39 points being well balanced among the rest of the players.

In the 8th grade game the floor play of Terry Abel and Dennis Sisson was outstanding and again the rebounding of Griffin, Walter and Court was great. Court led the scoring with 10 points followed closely by Sisson and Abel who had 7 and 6 each.

This week Thursday, the team will play Belding at the local gymnasium at 5:45 p. m. All parents and visitors are welcome to attend.

“What Would You Do If You Were Mayor?”

“What would you do if you were the new mayor of Lowell?” This is a question that many are asking, perhaps there are some interesting answers and ideas to this question.

As a public interest feature, the Ledger will print the best letters sent in each week for the next four weeks telling what the writer would do within the capabilities of the mayor.

We feel that a fresh view by citizens would be a great benefit to office seekers and townspeople alike. The letters of 300 words or less must be signed.

Recipient Of ‘Homemaker of Tomorrow’ Award

Lowell High School announced last week that word had been received from General Mills Inc. that Judy Elaine Posthumus was the winner of the Betty Crocker Homemaker Contest recently held at Lowell High School.

Judy received the highest score in a 50 minute written examination on homemaking knowledge and attitudes taken by graduating senior girls. She received an award pin, manufactured by Jostens representing the slogan, “Home is where the heart is.” Her examination paper will be submitted for competition with other high school winners to name the Michigan Betty Crocker Homemaker of Tomorrow.

The test, which was prepared and judged by the Science Research Associates of Chicago, was taken by a record number of approximately 400,000 girls in 12,600 schools, an increase of 30,000 girls and 337 schools over last year's contest.

Each state Homemaker of Tomorrow will receive a \$1,500 scholarship and an educational trip April 23-29 with her school advisor. The tour will include New York City and Colonial Williamsburg, and will culminate with the American Table Banquet in Washington, D. C., on April 28, at the Statler Hilton hotel where the All-Homemaker of Tomorrow will be announced. The runner-up in each state will receive a \$500 scholarship.

Judy, the 17 year old daughter of Mr. and Mrs. Charles Posthumus, is an honor student at Lowell High and plans to continue her education at Western Michigan University next year.

ROBERT DEVINNEY AMONG 31 MICHIGAN STUDENTS AT K. U.

Robert L. Devinney a graduate student at University of Kansas in Lawrence, is among thirty-one Michigan students studying at this school.

The school has a total enrollment of 9,435 with 252 foreign students from 58 countries.

Success is more-or-less relative: the more successes—the more relatives.

The Lowell High School Junior department has recently initiated members into the new Science club. The club was recently organized for eighth graders who wanted to further develop their interests in science. It is now a social group of thirteen members, and plans are being made to enlarge the group and increase the science projects by taking educational trips.

The new officers are President, Ty Wessel, Vice-President, Diane Blazo, and Secretary, Ella Zink. Various committees are selected every two months, that plan all activities and trips.

The initiation that took place last week began with 1st hour classes and continued until the meeting after school. Members wore special colored sashes with “Glittered” green felt blocks during the initiation program. Meetings are regular and are usually after school either at member's homes or at school.

All club members must have continuing interest in Science, especially in conservation, and must maintain a scholastic B average. Mrs. Ruth Ward, Junior High Science teacher and sponsor of the group, stated that she feels the new club will prove to be an important group in the Jr. High, and will be of considerable help in the science department of the school.

Cannon-Grattan Join to Aid Area Health

Cannon and Grattan Townships have joined together to form the Cannon-Grattan Health Council. The council, which was formed on January 19 and spearheaded by citizens interested in improving the health of their community, was assisted in its organization by Mrs. Jean Bender and Mrs. Elsa Perley, Public Health nurses.

The council will be made up of two representatives from each of the schools in Cannon-Grattan Townships, with the exception of St. Patrick's and Cooley which have only one representative each.

Officers elected were: President, Mrs. Calvin Wittenbach; Vice-President, Mrs. Mercedes Stapleton; Secretary, Mrs. Kenneth Wittenbach and Treasurer, Mrs. Richard Bender.

The council's first project will be the sponsoring of a topical application of fluoride program for children. It has been found that children not drinking fluoridated water can reduce tooth decay up to 40 percent by having fluoride applied topically to their teeth.

The council indicated that parents wishing this treatment for their children may secure four treatments at a fee of \$3.00 per child, \$5.00 for two children within the same family and \$6.00 for three or more children within a family.

Next meeting of the Cannon-Grattan Health Council will be on February 9, 9 a. m., in the basement of the Bostwick Congregational church. The film “Human Beginnings” will be shown for previewing purposes and a discussion of the film will follow. This part of the meeting is open to the public.

Official meetings will be held on the second Tuesday of each month at 9 a. m. in the basement of the Bostwick Congregational church.

Student Council Sponsors Used Clothing Drive

During the week of February 1-3 the Lowell High School Student Council will sponsor a project throughout the Lowell area, to gather used clothing for children and adults in underprivileged areas of the United States. The project is called Bundle Day Clothing Collection and is sponsored by the Save The Children Federation. It is now in its 18th annual year. The LHS Student Council has formed a committee of Joan Briggs, Steve Rutherford, John Kropf and Joyce Dart.

Parents, friends and neighbors are urged to empty clothes storage areas of good, used winter and summer garments their families no longer need. Low-heeled shoes and overshoes are especially needed. Also requested are serviceable coats, dresses, pants, underwear, socks, shirts, sweaters, skirts, caps, blankets, sheets and baby clothes. Clothing may be brought or sent to school in bags or cartons. It will be then repacked for shipment.

This year, the need for clothing is imperative. Ever more and more clothing is desperately needed to clothe school children as well as entire families. Donated clothing is sent to the Southern Mountains, where it is made available through SCF Clothing Centers, at very low prices, thus enabling a poor but proud people to maintain their self-respect. Additional clothing is distributed without charge, through County Welfare and Attendance Officers to those who cannot afford to pay. Clothing is also stockpiled for disaster use in this country and overseas.

The Donated Clothing Program is an important part of Save The Children Federation's overall work which includes the sponsoring of children in the U. S. and overseas, and the initiating of school and village self-help projects for children in this country and abroad. Any Lowell persons wishing to call the school about project, call TW-7-9216.

Arrows Put on Best Performance Defeating Wyoming, 72-63

Coach Norm Gotschall's Red Arrow cagers put on one of their finest basketball performances last Friday on the Lowell floor upsetting Wyoming Park 72-63 as substitute guard Carroll Eckman led a torrid comeback in the final 4 minutes to erase a 7-point deficit.

The Arrows roared off to a 19-17 first period lead behind balanced scoring by the starting quintet. The visiting Vikings pulled even 36-36 at the halftime intermission. Although the losers continued their strong scoring, good balance again enabled the locals to keep the pace, trailing 51-50 at the end of the third quarter.

Then things began to look dark for the home club as the boys suddenly lost their scoring touch. To add to their difficulties, the rebounding trio of the starting unit, Jim Lawrence, Fred Wisman and Dick Ward all fouled out early in the final period. With less than 4 minutes remaining the Vikings held a commanding 55-52 lead. At this point the Arrows turned to a full-court press and with Eckman netting 15 points in this scoring drive, successfully used it for the win.

During this crucial period a new rebounder was discovered, that being 5-9 jumping jack Steve Fritz who repeatedly came up with rebounds from the midst of the much taller Wyoming forwards.

Other boys on this hard-working press team which had no one over the 6 foot mark were Al Seeley, Don Dilly and Frank McMahon. They intercepted many Viking passes and threw the ball to Eckman breaking fast down the floor.

For the sixth time this season Eckman led the Arrow scorers as he tallied 21 points. Seeley and Wisman each meshed 10 and Lawrence and Dilly dropped in 8 points apiece. The Jenkinson brothers, Earl and Bob, paced the losers with 19 and 14 respectively. Lowell 19 17 14 22-72 Wyoming Pk 17 19 15 12-63

What is Left?

What is left of the gospel when such vital truths are either denied or omitted as: the eternal deity of Christ, His virgin birth, His atonement by way of His shed blood, His bodily resurrection from the dead, His ascension to heaven, and His personal return in great glory? These are foundation truths of the gospel of Jesus Christ. The Bible teaches them! We believe them! We preach them! There can be no true Christian living without true Christian teaching!
