Arrow Nine Boast

The second Lowell no-hitter of the season was the highlight of the Red Arrows baseball week. Senior curveballer Bill Taylor matched an earlier effort by the duo of Lawrence and Videan when he blanked Comstock Park 10-0 without allowing a hit and going the full 7 innings by himself.

Lowell batters supported him with 16 hits, including doubles by Don Dilly, Bob Videan, and Taylor and a homerun in the 2nd by Dil ly. In that big second the local At Park Monday, May 9 lads pounded the ball for sever runs.

Fresh mushrooms have received a great deal of attention in this area and many pounds have moved to your refrigerator and then to the dinner table.

Just in case you have passed them by for some reason or an-other—remember, mushrooms are easy to prepare says Virginia Helt, Michigan State University Food Marketing Agent for Grand Rapids area, You can serve raw, Just

slice them through the middle and stuff with cream cheese. Better yet, cook them. First, wash the mushrooms, then snip away the end of the stem—the only part of the mushroom that's discarded. Sliced, cooked, fresh mushrooms complement green vegetables, such as peas or beans. They also add interest to main dishes, such as meat sauce for spaghetti and Span-ish rice. So, gals—this-not-so-popular vegetable has become increas-ingly popular today as more peo-ple are learning to enjoy the fla-vor of mushrooms and how to use them in dressing up vegetables, snack trays and casserole dishes for enjoyment and satisfaction,

About to be plucked is this cone-shaped delicacy known as a morel. Rated by many mushroom gourmets as the tastiest species of them all, morels are most abundantly found in the northern lower peninsula, principally in aspen and hardwood timberlands and old orchards. The peak of the morel harvest usually occurs in the spring following warm rains. Morels, puffballs, sulphur shell fungus and shaggymanes are commonly called "the fool-proof four" because of their distinctive appearance. This quartet of edible fungi has no poisonous look-alikes.
