## School Board Candidates Vie For Three-Year Positions Vote Monday

Kenneth B. Anderson

Kenneth B. Anderson attended elementary school at the Chase School in Ada Township, and then went on to graduate from Lowell High School in 1946. He has been a resident of Ada Township all of his life.

Married to the former Shirley Gross of Lowell, Mr. Anderson is the father of three boys, the oldest of which attends the Runciman Elementary School and is in the second grade.

Mr. Anderson is a member of the Ada Congregational church and served on the Chase School Board for four years before that district annexed with the Lowell Area Schools. He is active in local Grange work and operates a fruit and dairy farm with his father north of Ada.

When asked why he felt he should be elected to the Lowell school board, Mr. Anderson pointed out that the people from the rural areas should take an active part in the operation of their school. Mr. Anderson feels that he is fully qualified to represent the outlying districts, but he does not have any specific suggestions for improvement to make at this time, because of insufficient knowledge of the operations of the large Lowell school board.

### CCC Storage Facility Loan Available Now

The Commodity Credit Corporation storage facility loan is available again this year for farmers who need additional storage capacity on their farms, according to Joseph Schweitzer, Chairman, of county Agricultural Stabilization and Conservation Committee.

The loans are available to provide new farm storage facilities for most storable crops. County ASC committees are authorized to approve applications for loans up to 80 percent of the cost of storage structures. The loans are payable in four annual installments beginning one year after the loan is made. The rate of interest is four percent. Applications may be filed at the county ASC office.

Since the inauguration of the storage facility loan in 1949 more than 126,000 loans had been made to farmers as of April 30, 1960. The loans helped finance storage structures with an aggregate capacity of about 488.5 million bushels.

### Ionia Hospital Escapes Captured by Lowell Police

Lowell Police Officer H. S. Kline had a hunch payoff Tuesday afternoon when he thought old US-21 south of the river would be a good place to look for Ionia State hospital escapees.

He picked up the two inmates of the hospital as they walked down the road. They offered no resistance and were turned over to the State police who had a road block set up at the Kent-Ionia county line on M-21.

The two men walked away from the hospital in the morning and were picked up about 3:30 in the afternoon. Road blocks had been set up around the area earlier in the afternoon.

### DOGS MUST BE CONTROLLED

Dogs in the City of Lowell must be kept tied or in a fenced pen unless under direct control of the owner with a leash or chain. Under the city ordinance dogs must be confined 24 hours a day. Police Chief George DeGraw, said that some people were allowing dogs to run at night and this must be stopped.

Rev. David H. Debbink

David H. Debbink, the minister of the First Congregational Church, spent three years in the Navy before enrolling in Carroll College in Waukesha, Wisconsin, from which he received a B. S. degree. Rev. Debbink received his D. B. from the Chicago Theological Seminary and served as pastor of several churches in the Mid-western area before coming to Lowell in 1958.

He is married and the father of five children. Chris will be in the second grade, Mark in the first, and Lynn in kindergarten.

Rev. Debbink has taken extension courses in school administration from Michigan State University in Lansing. He has done extensive counseling with high school students, and has been active in youth work.

While a student, Rev. Debbink took courses not related to theology which are equivalent to more than a master's degree in education.

He feels that his candidacy for the school board position is part of his responsibility as a parent and a citizen, and he believes that "suggestions for changes can only come after a person is aware of the particular problems of the school board from the inside.

One of my primary concerns is developing an excellence in both teaching staff and the working capacity of the students. One of the ways this is brought about is by the most adequate teaching staff possible."

### Price Support Rates Announced For 1960

Tentative price support rates for some 1960 crops have been announced for Kent County. They are: Wheat - \$1.79; Barley - \$.79; Rye - \$.93; Oats - \$.53; and Soybeans - \$1.79. Where a tentative rate is announced, the final rate may be slightly higher. The tentative is usually the minimum rate.

Since support rates are based on the distance from terminal markets, adjacent county rates may vary slightly from the announced rates for Kent County.

As in previous years, farmers may request price support one of three ways: Farm Stored Loan, Warehouse stored loan, and Purchase Agreement.

With a farm stored loan, the producer may convert his crop to ready cash. If later the market price goes above the support rate, he may redeem his loan and sell on the open market.

A warehouse loan operates similar to a farm-stored loan excepting that the producer pays the storage charges and the warehouse assumes the responsibility for maintaining the grain in condition.

A purchase agreement is merely an agreement whereby the Commodity Credit Corporation agrees to purchase the grain at the maturity date.

Any Kent County farmer who desires price support may contact the Kent ASC County Office.

### YMCA SPONSORS WEEK END AT CAMP MANTOU-LIN

The Lowell YMCA Young Adult Club and High School Teen Club are co-sponsors of an overnight week end to be held Saturday and Sunday, July 16 and 17 at Camp Mantou-Lin, the Grand Rapids YMCA Resident Camp on Barlow Lake, outside Middleville, Mich.

The program will include boating, canoeing, sailing, water skiing, tennis, volleyball, archery and softball.

The group will leave Lowell from the "Y" at 2 p. m. Saturday, July 16, returning by 6 p. m. Sunday. The cost, including three meals will be \$4.50.

A Sunday morning Chapel service will be conducted in camp, announced Robert Forst, Lowell "Y" Executive Secretary. A maximum of 60 young people can be accommodated. Registration deadline is Thursday, July 14.

To place your ad in the Lowell Ledger phone TW 7-9261.

Edward Kiel

A resident of the Lowell area all his life, Edward Kiel graduated from Lowell High School in 1926 and went on for further education at Michigan State College in Lansing.

During World War II Mr. Kiel served with the infantry and later with the ski troops. Before joining the administrative staff of the Paul Kellogg Vinegar Company in Lowell, of which he is now manager and part owner, he operated a dry-cleaning establishment and a greenhouse.

He is married to the former Adeline Hunt of Alto. The Kiels have one son, Charles, who will be entering Lowell High School as a freshman next fall.

Captain of the football team during his high school years, Mr. Kiel has always avidly followed Lowell athletics and, because he is interested in youth work, he has participated in the Little League and in the Scouts.

As a member of the Methodist church he has served as a director on the church board. He is a past-president of Rotary, a past-president of the Lowell Board of Trade, and has also been active in Showboat work. This year he will serve as a member of the Amateur Night committee and as an usher.

Mr. Kiel has announced his candidacy for the school board position because he is "interested in the school and in its operation."

### Jr. Leaguers Beat Dads

The Junior Leaguers pushed a cross a run in the last of the 7th tie the Dads at the local field the 4th of July. The Dads were too tired to take the field for another inning and had to forfeit the game. The boys played better this time and had the Dads down 7 to 3 at one time. The score was 8 to 8 when the Dads threw in the towel.

Jim Malcolm, Kim Cheseboro, and John Briggs from the local little League pitched for the Dads. Donna Dilly and Marsha Sharp played for the Dads and were outstanding. Terry Able and Paul Kropf hurled for the Junior Leaguers.

Al Eckman was the head umpire and did a fine job. Gus Able and Ed Kline were the umpires on the bases and they favored the Junior Leaguers as their boys were playing for that team.

There were quite a few people at the park to see the game and donated \$13.68 when the hat was passed.

### TO HOLD SECOND PERIOD OF FLAT RIVER DAY CAMP

The second period of Flat River Day Camp will open Monday, July 11. The camp program is held at the Scout Cabin, Campau Lake and the Runciman School grounds. Enrolled for the second period are: Ann and Robert Clark, Janet and Michael DeYoung, Kendall Harrington, Scott Hubble, James Talcott, Barbara, Nancy and Robert Waldron, all from Saranac; and from Lowell are the following: Nancy and Ronny Ayers, Clifton and Linda Babcock, Ann and Bert Baker, Jim Barber, Donna, Patty and Perry Beauchamp, Jimmy Boeve, Corliss Clark, Kimberly Davis, Curtis Fonger, Jim Hagen, Anita and Robert Hahn, Vincent Hoover, Mark Hosley, Janice and Mike Jackson, Terry Kelley, Danny and Mike Kline, Katherine McPeck, Jack, Julie and Marcia Metternick, Randy Posthumus, Laurence Precious, Steven Rittenger, Julie Rutherford, Lois and Eddie Steffens, Elaine and Elizabeth Stormzand, Joy Strouse, Steven Thurlert, Pam Totch and Judy Watters.

Robert Forst, Lowell "Y" Executive Secretary, announced that there are still openings in the remaining three periods: July 25-29; August 8-12 and August 22-26.

### Bill Potter Going Hot In Flint Ball League

Bill Potter who is teaching in the Flint School system is going hot in the Flint City Baseball League hitting a .567 clip. He has 17 hits in 30 times at bat in the last 9 games. Potter who except for an arm injury might now be playing professional ball was a star with an average batting record of .420 during his 4 years of competition in Lowell High School. He served four years in the Air Corp then was signed by the Milwaukee Braves, he injured his arm and was optioned to minor league teams. He left baseball to complete four years work in three years. He is now Gundry School community director.

### SATURDAY BAKERY SPECIAL

Fluger's Lowell Bakery will have a dozen cookies, coffee cake and a loaf of bread, all three for \$1 on Saturday.

The auto is here to stay, even if many motorists aren't.

Tyrus R. Wessel

Coming to Lowell in 1951, Tyrus R. Wessel has lived most of his life in the Grand Rapids area. He has four children in the Lowell schools, and his wife attends Calvin College in Grand Rapids (senior year).

Mr. Wessel has been a teacher and educational administrator for 25 years and is well acquainted with the problems of education.

"I believe the foundation of education and a good educational system is the teacher," said Mr. Wessel. "The plant and ideas of the School Board are of no value without qualified teachers who are given the tools with which to work. They must be encouraged to do the proper teaching, their ideas must be a part of the School Board's responsibility.

"I also believe the School Board should encourage an active and aggressive P. T. A. organization," Mr. Wessel continued. "Parents and teachers should be encouraged to work together and better understand the problems of education in the Lowell school system."

Mr. Wessel is a graduate of Central High School and of Davenport Institute in Grand Rapids, holds a B. S. degree from the University of Grand Rapids, and has taken extension courses with the University of Michigan. He is presently employed at Davenport Institute as vice-president and treasurer.

### Lowell Methodist Churches To Hear Guest Speaker At Sunday Services

Dr. Raoul C. Calkins, District Superintendent of the Cincinnati District of the Ohio Conference of the Methodist Church will preach Sunday morning at both Lowell and at the Vergennes Methodist church.

Dr. Calkins is Chairman of the Ohio Conference delegation to the Jurisdictional Conference meeting in Grand Rapids and has been assigned to preach at Lowell and Vergennes churches. High sermon subject will be, "God's Autographs."

Dr. Calkins holds an A. B. and D. D. from Simpson College, an M. A., S. T. B. and S. T. M. from Boston University and a D. D. from Iowa Wesleyan. He was a member of a seminar on the East-West Conflict in Europe in the summer of 1951; a delegate to the World-Wide Methodist Conference, Oxford England in 1951; and a member of the Centennial Christian Mission to Japan in the summer of 1955.

After pastorates in Iowa from 1934-47 he became Superintendent of the Des Moines District, 1947-53. He was pastor of the King Avenue Methodist Church of Columbus from 1953-58 and has been Superintendent of the Cincinnati District since 1958.

The Lowell services are at 9 and 11. The Vergennes service is at 10. The public is invited to any of the three services.

### 48 Acts Sign for Amateur Night; Six to Be Selected for Showboat

In the annual Amateur Night contest on Saturday, July 16, 48 acts will compete for places on the Lowell Showboat, held this year from July 25 through July 30.

Amateur Night is the preliminary to the 29th edition of "The World's Largest Minstrel Show." Judges of the event will select six of the acts to be awarded contracts for a one-night appearance with the Showboat.

Winners will thus be given the opportunity to perform in a gala revue which headlines such top stars as the Sportsmen, Jack Benny's famous quartet, and "The Little Man with a Thousand Voices," Candy Candido, who has recorded the soundtracks for many Walt Disney films.

### Come From Ada

Among those competing this year for Showboat berths will be the Wyoming Silver Stars, a Baton corps from Ada; Carol Lynn Henke of Blanchard, who will perform a baton boogie wogie; the Golden Eagles, a ten-member baton and drill team from Grand Rapids; and the Bowtie Blue Bells from Ada, who will also present a baton and drum team.

Vocal groups include the Melodie Mrs., a Kalamazoo quartet; the Shoup Family Septette from Custer; the Harmonettes quartet from Kingsley; and Sandy Gillespie, Karen Frost, and Lynda Pryor, a Hastings trio.

### Chesaning Represented

Three groups will come from Chesaning, the home of Michigan's "other" Showboat, Mickie Ostrander is an 11 year-old acrobat, and Helen Nixon, also 11, will perform a tap dance and jump-rope number. The "Beatniks of the Roaring '20's" will also appear.

Other acrobats include Terry Johnson, 17, of Reed City, and Melodie Sue Greenwood, of Grand Rapids.

### Main St. Clean-up Planned for July 21

Thursday, July 21, has been set as the day for the Lowell fire department to get out the hoses and wash down Main Street in preparation for Showboat. The dirt piled high along the curb will be tricked away before the final clean-up.

### Looking For Manager

The Council met Tuesday evening and it was revealed that they are still looking for a city manager. Two offers have been made to men who have turned down the job, so the council is still seeking a man to take the position.

### Two July 4th Week-End Accidents Reported Here

Lowell Police reported two accidents over the July 4th week-end. Both occurred Saturday and there were no serious injuries to the occupants of the cars.

In one accident Saturday, John Koewers, 43, 414 N. Jefferson had his car hit broadside as he made a left turn out of Riverview Tavern near the east city limits. The Koewers car was hit by a car pulling a trailer and driven by Steve A. Tomasek, 34, of Owosso.

Koewers complained of chest injuries. He was ticketed by Officer Kline, who investigated the accident, for failure to yield right-of-way.

The second accident occurred on the M-91 Grand River bridge when Harvey Anderson of California reported his new car blew a tire on the bridge and threw him into the side of the structure.

His father and mother, Mr. and Mrs. Carl Anderson, of Clarksville riding with him were not injured.

### JUNIOR HIGH TEEN CANTEN

The Junior High Teen Canteen will meet at Runciman School Wednesday, July 13, at 7 p. m. instead of 7:30.

The group is going to Campau Lake for swimming and a campfire program including skits, hot dogs and marshmallows.

The evening's program will end at Runciman School at 10 p. m.

Pleasures may be greater in anticipation, but so are troubles.

### Area Speeding Fines Lead in Violations

The June report of Justice Howard J. Rittenger showed that speeding led the list of violations for June when 36 were ticketed. Fines and costs for the month totaled \$1098.10 on 72 violations and warrants.

The city share was \$367.10 and the county portion was \$731. Violations were listed as follows:

- 1 No registration plate on trailer.
- 3 No operators license, 2 had expired
- 1 Following to close, accident
- 4 State Highway Department overload of weight
- 36 Speeding, 2 failed to appear, Notice sent to State

### Donald G. Gerard, M. D. Begins Medical Practice

Donald Gordon Gerard, M. D., entered the general practice of medicine last Friday with Dr. Orval McKay at 311 E. Main Street.

Dr. Gerard was born in Hart, Michigan, on July 26, 1930, and has lived in Grand Rapids since 1937.

He attended South high school, Grand Rapids Junior College, and the University of Michigan before enlisting in the U. S. Army during the Korean War in 1951.

While with the armed forces he attended the Infantry Officers Candidate School and served as company Commander in the 101st Airborne Division.

Following his discharge as a 1st Lieutenant in 1953, Dr. Gerard attended Calvin College and then the Wayne State University College of Medicine, from which he graduated with the class of 1959.

Dr. Gerard was elected to Alpha Omega Alpha, an honorary medical fraternity, and to Sigma Xi, an honorary science society. He completed his internship with Butterworth hospital on Thursday, June 30.

He was married in 1955 to the former Donna Mae Walters of Grand Rapids. The Gerards have three children: Philip, 4; Rebecca, 1½; and John, born last January.

The Gerards recently moved to their new home on Grindle Drive. Their phone number will be TW 7-9363.

The Showboat Ticket Office has now set-up shop in the former A & P store, which has been freshly redecorated for the occasion. Ticket orders are being filled, and Mrs. Lilla Johnson reminds those who want to purchase large blocks of seats to call TW 7-9237 or drop into the new office for reservations.

Rich and Rog Bieri, co-chairmen of Boat and Seat Construction, are busy with their committee, assembling the grand stand for Amateur Night, July 16. Doris Draper, chairman of the talent show, has announced that, to date, 48 acts have signed for the show, which will start this year at 7 p. m.

Red and white Showboat signs are now up, advertising the 1960 show all over western Michigan. Holiday travelers report that the signs outside of Grand Haven are the most distant, but the advertising committee knows better.

Saturday, July 9—Martin Koert, 5 miles northwest of Ada on Pettis Avenue, north of river, corner of Pettis and Knapp Streets, 64 head of holsteins, milking equipments at 1 p. m. George Vander Meulen, auctioneer; Al VanderLaan, clerk. See complete list in this week's Ledger.

School days are the happiest days of the year—for mothers.

### Smoke puffs are seen on the horizon, the whistle can be heard in the distance, and once again it is Showboat season. This means people—singing in the chorus, seeing that the boat is "ship-shape," planning for the record crowds—people who pitch in and help this community project, and who sometimes are only rewarded with a brief toot of the riverboat whistle.

Tuning up the Showboat Chorus has turned into a family affair for Director Bruce Walter. Anita adds her musical abilities to those of her husband, writing arrangements and scoring music. Sons Jon, a bass, and Gene, a tenor, sing with the men's sections of the chorus, and daughter Lee helps by preparing the stenciled parts of the songs.

Bruce cautions his singers to enunciate their words carefully. Otherwise, he predicts, they might sound like Showboat President Theron Richmond, talking with a fresh cigar clamped between his teeth.

The Ledger goes to press this week with a new heading for the "Whistle Toots" column and a new masthead for the front page. Both were designed by Cary Stiff, Jr.

Louis Kingsley pointed out at a Showboat committee meeting recently that some people think the Showboat visits all towns on the Flat River. "We missed the Showboat when it came to Lowell last year—where else does it stop?" people want to know.

Eight display boards, used for advertising purposes, have been decorated and placed where ever tickets are sold. Built last year by Bill Christiansen, Jr., the boards will feature pictures of all the top talent appearing on the 1960 Showboat.

Showboat Queen Judy Posthumus, accompanied by Princess Sharon Story and Mrs. Charles Posthumus, visited Sand Lake over the fourth of July, representing Lowell at that town's annual celebration. Judy and Sharon extended greetings from Showboat to all the other queens present at the festivities, and invited them to visit Lowell on Queens' Night, July 28.

Dave Clark, Jr., and the Showboat calliope accompanied the Queen to Sand Lake, entertaining the large crowd with Showboat music as the parade wound through the little town. Roger Bieri drove the girls during the parade, and Munroe McPherson, of WION broadcasted a live description of the event over the Ionia station.

Queen Judy has had a lot of experience at her job, as has Beverly Weppman, a member of the Queen's court. Both girls were members of Boni Bryan's court when Boni was touring Michigan last year.

The endmen are reportedly mastering a top-secret, soft-shoe routine, complete with hats and canes, under the tutelage of the Phil Osterhouse Studios. More information is unavailable at this time.

Fred Phelps, commander of the local VFW post, is sending invitations and complimentary tickets for the Tuesday night performance to 40 posts scattered throughout Michigan. Fred, who is also contacting officials of the State and national levels of the organization, hopes many vets will plan to visit Showboat during Veterans' Night—and bring their wives along, too.

The Showboat Ticket Office has now set-up shop in the former A & P store, which has been freshly redecorated for the occasion. Ticket orders are being filled, and Mrs. Lilla Johnson reminds those who want to purchase large blocks of seats to call TW 7-9237 or drop into the new office for reservations.

Improved Mail Service For Michigan Proven by Month's Test

Sweeping service improvements aimed at providing next day first class letter service for the 630,000 people in the entire lower Michigan Peninsula embracing over 10,000 square miles was announced today by Postmaster General Arthur W. C. Summerfield.

The new postal delivery system was explained Wednesday morning at the Lansing Post Office by Field Services Officer Bruce Baughman, Detroit.

"A month's shakedown period has proven," Mr. Summerfield's statement said, "that, barring occasional human errors, all first class letters deposited before 5 p. m. on a business day will be delivered to any destination within the 44 county area on the first delivery trip of the following business day."

The new Lansing-Detroit Metro postman mailing area includes all of lower Michigan, and nearly all of the 811 Post Offices therein.

Postmaster General Summerfield's release explained that next day delivery of first class mail in the Lansing-Detroit Metro is now possible because of closely integrated timetables which govern the work of the area's postal units.

Anticipating the increased traffic ahead during the vacation season, the editors of the report recommend the following list be checked the next time the car is lubricated and again at least every six months:

Lights. Front, parking, rear, license plate, backing, stop-all should be checked. Check all bulbs.

### FURNITURE FOR LIVING

Enjoy your furniture. Home economists at Michigan State University suggest you choose it to fit your way of living. If a chair or sofa must be hidden under plastic covers or "thrown" to protect perhaps it is the wrong kind of furniture for your family.

Many of the economical beef cuts such as chuck and round turn out to be tender and flavorful when broiled or roasted as when braised or pot-roasted, says Virginia Holt, Michigan State University Food Marketing Agent for Grand Rapids area.

A little extra care, the dry-heat method of cooking (broiling and roasting) were suggested only for tender beef cuts—those from the rib and loin sections of an animal. The moist-heat methods (braising, stewing, pot roasting) were thought necessary for chuck and round.

However, in recent tests, the professional "tasters" rated many of these economical cuts (particularly top round and chuck) just as tender and flavorful when broiled or roasted as when braised. Conclusions are based on results of a cooperative study of beef quality by U.S.D.A.'s Agricultural Research Service and several universities and agricultural experiment stations.

The amount of fat and connective tissue in beef varies considerably from one piece of meat to another. The best meat for broiling or roasting has the least amount of white connective tissue streaked through the lean, but some fat marbling which is creamy in color is desirable for tenderness.

Low to moderate cooking temperatures of 300 to 350 degrees F. are recommended for all meat, especially important for the lean tender cuts when they are being cooked by dry heat. Broiler temperatures range from 300 to 350 F. about 3 to 4 inches away from the source of the heat.

Panel ratings also indicated that the degree to which meat is cooked has more influence on juiciness than the amount of fat in the meat.

Care should be taken not to overcook beef because it quickly loses juiciness. A simple way to avoid overcooking is to use a meat thermometer. According to Holt, a roast cooked to an internal temperature of 160 degrees (medium doneness) is juicier than if cooked to a higher temperature. However, for well done beef higher temperatures of 175 to 185 degrees are necessary without causing excessive loss of juices.

### How to Cook Beef Chuck

Many of the economical beef cuts such as chuck and round turn out to be tender and flavorful when broiled or roasted as when braised or pot-roasted, says Virginia Holt, Michigan State University Food Marketing Agent for Grand Rapids area.

A little extra care, the dry-heat method of cooking (broiling and roasting) were suggested only for tender beef cuts—those from the rib and loin sections of an animal. The moist-heat methods (braising, stewing, pot roasting) were thought necessary for chuck and round.

However, in recent tests, the professional "tasters" rated many of these economical cuts (particularly top round and chuck) just as tender and flavorful when broiled or roasted as when braised. Conclusions are based on results of a cooperative study of beef quality by U.S.D.A.'s Agricultural Research Service and several universities and agricultural experiment stations.

The amount of fat and connective tissue in beef varies considerably from one piece of meat to another. The best meat for broiling or roasting has the least amount of white connective tissue streaked through the lean, but some fat marbling which is creamy in color is desirable for tenderness.

Low to moderate cooking temperatures of 300 to 350 degrees F. are recommended for all meat, especially important for the lean tender cuts when they are being cooked by dry heat. Broiler temperatures range from 300 to 350 F. about 3 to 4 inches away from the source of the heat.

Panel ratings also indicated that the degree to which meat is cooked has more influence on juiciness than the amount of fat in the meat.

Care should be taken not to overcook beef because it quickly loses juiciness. A simple way to avoid overcooking is to use a meat thermometer. According to Holt, a roast cooked to an internal temperature of 160 degrees (medium doneness) is juicier than if cooked to a higher temperature. However, for well done beef higher temperatures of 175 to 185 degrees are necessary without causing excessive loss of juices.

### James Careys To Celebrate 60th Anniversary

Mr. and Mrs. James W. Carey will observe their 60th wedding anniversary July 9th with an open house, July 10th at their home for friends and relatives from 2 to 4 p. m.

Mrs. Carey, the former Bertha Wilbur, was born in Riverston, Michigan, March 15, 1883. Mr. Carey was born in Olive Center, Michigan, October 27, 1878. The Careys were united in marriage on July 9, 1900.

They have four children, three girls and one boy; eleven grandchildren; and fourteen great-grandchildren.

No formal invitations have been issued, but friends and relatives are cordially invited to attend.

### ATTENDS LIFE INSURANCE SCHOOL IN WISCONSIN

Ronald F. Moikkynen, Lowell, District Manager of Equitable Reserve Life Insurance Association just returned from a three day sales school and conference held at Alpine Lodge, Egg Harbor, Wisconsin, having qualified on the basis of outstanding performance of life insurance sales.

Mr. Moikkynen reported that the officers and members of the Board of the Life Insurance Association with Home Offices at Neenah, Wisconsin announced a new dividend scale effective July 1, 1960, under which the Association's distribution of surplus by way of dividends will be the largest in its history. He also reported that interest on dividends and policy proceeds left on deposits had been increased to 3 1/2 per cent and that on Advance Premium Deposits to 3 per cent.

### Jurisdictional Conference To Feature Outstanding Speakers and Discussions

The Jurisdictional Conference of the Methodist Church being held in Grand Rapids this week began yesterday afternoon and featured a spectacular dramatic presentation last evening.

This evening (Thursday) the public is invited to a panel of outstanding leaders in the field of missions who will discuss the current world situation as it affects the philosophy and program of missions.

The public is invited also to hear General Carlos P. Romulo, Philippine ambassador tomorrow evening. In fact all morning business sessions and all evening programs including the reception Saturday evening for retiring, active and newly elected Bishops are open to the public.

The Conference being held in the Civic Auditorium will close Sunday afternoon with the public consecration of the two Bishops who will be elected by the Conference. The colorful consecration service will be at 3 p. m.

### Local Students Serve On 1960 Summer YMCA Staff

Members of the 1960 YMCA Summer Staff take a break from their many activities to pose for the Ledger photographer. Standing, left to right, before the "Y" offices are executive secretary Bob Forst, Dave Davis, Gordon Gould, Bob Bruiniks, Bob White, Bob Williams, Dennis Daining, Bob Thaler, Jon Walter, Bob Spoelhof, Al Eckman, Jack Hartley, and Mrs. Barbara Davis, secretary. Kneeling in front, left to right, are Ken DeJong, Diane Hawk, Brooke Mullen, Mike VanderVelde, Ann Mullen, Pann Veitmaa, Judy Wotell, Judy Hadden, and Keith Anderson.

### Showboat Garden Club Hold July Meeting

The Lowell Showboat Garden Club will hold its July meeting on Monday, July 11, at 8 p. m. at the home of Mrs. Mary Condon with Thelma Rittenger as co-hostess. After the business meeting the program will be in charge of Jean Wilterdink who will give a talk and display on Japanese Flower Arrangements.

The feature for the evening will be given on Push Button Aids and Care and Repair of Plastic Hose by Cora Ann Troy. All members are urged to attend and any guests are, as always, welcome.

Members are reminded that in August we will have a Color Tour of our own gardens and so now is the time to get your "Show Pieces" in condition to display to the members. It is hoped that many will have a particular spot in their gardens which is beautiful enough to share with other members and guests.

Remember this July 11 meeting at the home of Mary Condon at 8 p. m. and come and hear about Japanese Flower Arrangements. Any woman not a member of the Showboat Garden Club is welcome to attend. Simply contact a member of the club or President Clara Callier and attend as a guest.

The club is open for new members and if gardening is your hobby why not join the members and bring your knowledge and ideas and exchange with others in the club who share your love for gardening? See you Monday, July 11, at the home of Mrs. Mary Condon on Three-mile Road.

### Orion Thaler Attends Knox College Institute

Orion Thaler, Route 3 Box X22, Lowell, Michigan, is one of 50 high school teachers from 13 different states chosen as a participant in the summer institute in physics and chemistry at Knox College from July 11 to August 19, college officials announced today.

Thaler will receive a stipend for study during the six week course. He holds an A. B. degree from Western Michigan. He teaches in Lowell Area Schools.

The Knox institute is sponsored by a \$51,200 grant from the National Science Foundation. Dr. Herbert Priestley, chairman of the Knox physics department, will serve as director.

College officials said a much greater number of teachers applied to participate in the institute, but that many applicants had to be turned down because of the limited size of the program.

How They Are Alike

Under the above caption, Dr. John R. Rice in "The Sword of the Lord" (May 13, 1960) shows in a most scholarly way how alike these are. Upon a careful analysis of the principles of the first two mentioned, he warns against these sinister movements as being opposed to the Bible and the historic Christian Faith. He then warns in no uncertain terms against the modernist preacher who "does not believe the Bible is true, does not believe that Jesus was born of a virgin, who believes that the Bible is a book of myths and legends as well as some good things, and who does not believe in the atoning blood, that man is not a Christian, but is an infidel!" ### Little League News

Plenty of action took place on the crowded Little League diamond this week as the junior ball players battled their way to the close of the first half of the season.

On Thursday, June 30, the Black team saw to it that the Maroons kept their cellar position by defeating them, 5-0. The winning pitcher was John Briggs, with Jim Gaur pitching for the losers. Jerry Paddock caught for the winners, and Tom Fonger for the losers.

The Gold defeated the Blue on Friday, July 1, by a similar score. The winning pitcher was Steve Collins, backed up by Brad Fonger behind the plate in the catcher's spot. Roy Rinard and Melle were the losing pitchers, and Dick Nowak was the catcher.

Saturday, July 2, saw a hotly-contested make-up game between the Blue and Scarlet, the final tally being 3-1 in favor of the Blue. Chesbro pitched for the winners, with Nowak catching. The losing pitcher was "Lefty" Briggs, with Jim Ueltschy catching.

Wednesday, July 6, Scarlet vs. Maroon; Thursday, July 7, Green vs. Gold; Friday, July 8, Black vs. Blue; Tuesday, July 12, Scarlet vs. Gold.

During the second half of the season the following Little League pitchers will be moved up to the Junior High Afternoon League: John Briggs, "Lefty" Briggs, Malcolm, Chesbro, and Steve Collins.

These boys may play other positions with the Little League, but to give others a chance, they may not pitch.

**Funds Needed**  
Money is being raised by donations to fix up another diamond. At present there are 12 teams using the local diamond and it is very difficult to find time to make up called-off or cancelled games.

Standings at the end of the first half of the season are as follows:

Gold	5	0
Black	3	2
Blue	3	1
Green	2	2
Scarlet	1	4
Maroon	0	5

Both the Blue team and the Green must make-up one game apiece.

**Change in Little League Schedule**  
All Little League boys should clip and save. The following dates cannot be used because of conflict with Jr. League and Sr. League.

Date	New	Teams
7/7	7/9	Malcolm & Collins
7/8	7/16	Sharp & Nowak
7/28	7/20	Collins & Dawson
7/29	8/9	Ueltschy & Malcolm

All games will start at 6 p. m.

**YMCA Holds Clinic**  
The YMCA will hold a clinic for Junior League and Little League each Tuesday and Thursday until further notice. The Junior League will meet at 9 a. m., and the Little League at 1 p. m., on the same days.

The purpose of the clinic is to show the boys how to hit and to field their positions as well as some of the finer points of the game.

### Korea a Battleground And Home of Culture Since 1122 B. C.

For a land of "Morning Calm," Korea has managed to incorporate a good deal of violence into her history.

Americans know the divided peninsula as the home of Heartbreak Ridge and Pork Chop Hill, landmarks in the Korean War, and the demonstrations against recent elections won by Syngman Rhee's Liberal party.

But Korea has contributed more than a battleground to world affairs since 1122 B. C., when a Chinese exile founded the kingdom of Chosen, or "Morning Calm."

The Koreans invented the first movable printing type made of metal, in the late 1300's. They built the first armored boats and used them to fight a Japanese invasion in 1592.

They taught the Japanese how to make the silk for which they became famous and passed on to them the Buddhist culture they had picked up from China.

Other early inventions credited to them include astronomical instruments, a mariner's compass

### How to Check A Used Car Before Buying

Prospective used car buyers can save themselves repair bills by making checks of their own before deciding to purchase, according to Robert C. Nisbet, manager of Automobile Club of Michigan's road service department.

"Merely kicking the tires or looking for a shiny finish will tell you next to nothing about a used car's condition," he said. To help potential buyers determine a car's mechanical soundness, Nisbet issued an all-point check list.

"Although any one of the points on the list may not indicate a poor buy," he emphasized, "a combination of them could provide a clue to a prior accident, mechanical defects or worn parts that will need early replacement, thus actually adding to the purchase price."

Nisbet's check list:

1. Examine all glass for cracks, pockmarks, or smoked appearance, particularly where it might interfere with driving vision.
2. Check the body at various angles for rippled surfaces and the paint finish for any sharply contrasting areas; either condition might indicate a previous accident.
3. Inspect lower edge of body, particularly rocker-panels, for rust and soft spots by applying light finger pressure; soft areas indicate beneath the surface rusting which will spread and require costly body work.
4. Open and close all doors, hood and trunk. Any sagging or scraping or hard-closing may indicate damage to frame.
5. Roll all windows down and operate all locks.
6. Check seats for sagging or broken springs; they may indicate higher mileage than shown on the speedometer. Low mileage does not necessarily mean a car is in good shape. A car in otherwise good condition with more than the normal number of miles considering its age has frequently had better care than other cars.
7. Check the brakes by pressing on the floor pedal, watching for leaks at wheel cylinders or a low pedal.
8. Check the steering by lightly moving the steering wheel with the front wheels pointed straight ahead. Two or more inches of free "play" indicates an adjustment or parts replacement is necessary. If a car is equipped with power steering, turn the wheels from side to side with motor off. Then start the motor and repeat the movement. The steering wheel should be much easier to turn; if not, the power unit is not operating correctly.
9. Move the car back enough to check for fresh water or oil leaks on the ground. Most cars drip a small amount of oil or grease so a spot or two probably won't indicate any major repairs required.
10. When inspecting a car with automatic transmission, put the drive selector in all positions with the motor running and listen for unusual noises. In standard shift cars check the clutch for excessive wear (two inches or more) "play."
11. Race the motor slightly and watch for excessive exhaust smoke. If this happens it might indicate a need for engine repair.

and a suspension bridge.

Korea was given another name after 1598, when she drove out both the Japanese invaders and her own Chinese allies. Disillusioned with foreigners, she shut herself off from the rest of the world and for almost 300 years was known as "the Hermit Kingdom."

### Use Color Contrasts To Advantage in Home

Don't worry about "fashion" when you consider whether or not to make one wall in your living room contrast with the other three walls. The one consideration is "What will it do for the room?"

Home economists at Michigan State University note that a contrast with color or wallpaper creates a center of interest. The principle can be used to emphasize a fireplace wall or the wall behind a furniture grouping. There is little point in emphasizing a wall which offers nothing of interest to look at.

Color contrast can help "re-shape" a room. If the living room is very long and narrow, consider painting all walls the same color, but use a darker value on the end walls. This will make the room appear less long.

Be careful of color contrasts where rooms and halls open into each other. The home economists suggest coordinating the areas by using one color as a central theme and following it throughout the various rooms. If green is your choice for the living room, a lighter shade of the same green can be used in a dark hall. For emphasis, one wall in the dining alcove might be papered with a blending green and white pattern. Bedrooms opening from the green hall can be painted or papered in colors that harmonize with the hall, allowing use of green accents.
