23 Amateurs Win Showboat Spots

Mothers wiped the grease-paint off their little darlings' faces and packed up the homemade costumes weeks while Nels Francen has been before the long trip back home Next year they would be back with a bigger and better act-and bigger and better costume.

"We weren't allowed to have spotlight-our record stuck-the piano player couldn't turn his cages-those exploding fire crackers ruined her number! That's why we didn't win!"

Or was it because the audience wasn't interested in watching another imitation of Al Jolsen? Or because Bobby's voice hadn't fully changed yet? Or because Susie muffed the crucial line, and Mary felt a little awkward facing the large, critical crowd? Or because 'Ol' Man River" is too slow to make a good Showboat song? No one knows what turns an

amateur into a star, It's neither the hysterical applause of relatives seated on the edge of the grandstand seats, nor the harassed decisions of judges.

It isn't sequins and satin or long, blond curls or rose-colored spotlights or sheer numbers. At best it's a combination of

many things-a spark of talent, months of practice, a lucky break -and six acts of the fifty which appeared on Amateur Night last Saturday had the winning combination. After the judges' selection was

announced and it was all over except the shouting, those performers who had lost disappeared the crowd straggled home through the dents as the sessions are sponsored dim streets, and the Showboat calliope gave a final gasp being sil-The Junior Band has 53 parti- enced under wraps again, Even the winning Thack dancers,

Cooking has always been difficult to master. But today's new Gas Range makes it simple and easy to become a good cook. A Gas Range with the automatic Top Burner makes every pot and pan you own an "automatic controlled heat utensil." Food won't burn, boil-over, dry out or stick to the pan. Top Burner is controlled . . . automatically. Oven turns "on and off," safely . . . automatically, even when you're elsewhere. You are freed forever from watching and waiting to see that nothing goes wrong. You'll enjoy cleaner and cooler automatic gas cooking. It means less work and more time for relaxation. And Gas Ranges cost less to buy, to use, and to install.

Mr. and Mrs. Richard Kahelin of Plant City, Florida, than 400 miles a week over all kinds of roads. Little wonder

If you haven't driven it yet, you don't know what a delight driving can be. Its steering, response, traction and roadability are unique because it's a unique car -the only U.S. car with an air-cooled airplane-type at all four wheels. Be in on the know.

FOR ECONOMICAL TRANSPORTATION

FAMILY PUTS 2000 MILES GENERAL **A MONTH ON CORVAIR** TO THE QUALIFIED ELECTORS:

THINKS IT'S MARVELOUS GAS MILEAGE "OUT OF THIS WORLD"

couldn't be happier with the way their new Corvair has worked out as a combination family and business car. On their newspaper distribution route alone they travel more they're so pleased with the gas mileage they've been getting -"at least twenty-three miles to the gallon with an autonatic transmission . . . and we've had no trouble with our Corvair." The Kahelins have equally good things to say about Corvair's easy-going comfort and unique conrenience features. They especially like the way the folddown seat doubles as a built-in baby sitter.

Our elders, living carefully, worry and fret over sickness. \$300.00 for prepaid health in surance bills is too much.

MICHIGAN BELL

THE LOWELL LEDGER, LOWELL, MICH., JULY 21, 196

DID YOU EVER hear of the MYSTIC? It might be a fortune teller with a towel wrapped around his head, but it's not. The MYSTIC is Michigan State University's robot computer, and the unusual thing is that this overgrown adding machine now has a secretary of its own! Yes, the MYSTIC is hooked up to an automatic telephone answering device so a trained scientist can check on the machine by phone. That's really a sign of the times, now machines have machines working for them!

THE PHONE RANG and a small boy answered. "I have a collect call here," said the Michigan Bell operator. "Is

there anyone older at home?" "Sure," answered the boy, "Michael's here. Do you want to talk to him?" "Well, how old is Michael?" asked the operator. "Just a minute," replied the boy. In a moment, the youngster returned to the phone: "Michael says he's seventy!"

MOVE OVER, Princess Margaret and all the crowned heads of Europe . . . we've got our own Princess-a wonderful, new addition to our family of telephones. The lovely Princess is the latest thing in telephones. Little enough to fit on the smallest night table, it comes

in five decorative colors. The builtin night light brightens when you lift the receiver. To order this new telephone, stop in or call your local business office or, ask

the man on the telephone truck.

Peter Kahle Departs From Montreal Friday

Lowell High exchange student Peter Kahle, having completed his day, July 15, on the first leg of his journey home to Germany,

Mr. and Mrs. James Drooger, Peter's American parents, drove him to Northville, outside of Detroit, Wednesday, There students from the Michigan-Washtenaw county Council of Churches exchange program had dinner with their families under the sponsor-ship of the Northville Rotary. Over 500 people were present.

From there Peter traveled to Montreal and boarded the Greek ship, Q. S. S. Arkadia, for the cruise down the St. Lawrence to

Where the Bible is received, and believed, and preached, as the word of man, but as it is in truth, the word of God,

A Christian Society A Christian society can be achieved only by a return to the historic Christian faith. Secular education cannot bring it about; new industries in a community cannot produce it; the so-called "social gospel" is powerless to accomplish it.

We need the saving gospel of Jesus Christ which trans-

forms individuals which, in turn, transforms and makes a

society Christian when the impact of that gospel is made to bear upon the community as a whole. COMING: **VACATION BIBLE SCHOOL** AUGUST 1-12
