Mr.

for this family. It is hoped that a local 4-H club can be started in this community.

March 7, we assisted Carl with his conservation farm plan revision to include the new acreage. Inadequate tile outlets makes drainage difficult in some fields.

Carl really has had good crops with minimum tillage land preparation. He depends upon soil tests to get the best commercial fertilizer returns. Last year nitrogen fertilizer plowed down nearly doubled his corn yield. He expects to use rye grass sown at the last corn cultivation to reduce erosicn and to add organic matter.

With 25 acres of apples and pears, 115 acres of pasture and a dairy herd of 22 cows, Carl has to do good planning to get his farm jobs done at the right time.

Carl likes his occupation as a farmer. We believe that there will always be an incentive for young. May to want to keep on with the second with the loss of the commendation in the commendation has been a farmer. We believe that there will always be an incentive for young. May to want to keep on with the second with the loss of the commendation in the several amounts with the loss of the commendation in the commendation in the several amounts to the commendation in the lots, to plow snow from the sidewalks.

District directors-good represent- held several days this week in the because of the need for other more ative of the orchardists of Kent Bible church with a number of urgent equipment.

District officecors—good representative of the orchardists of Kent County.

Ralph Johnson, Cannon Twp., gets better results from "plow planting" each year he has used this type of seed bed preparation. Ralph plants one row of corn at the same time he plows since the planter is attached to the right side of his tractor.

Now he plans to use a four foot section of grain drill followed by an attached cultipacker attached to the side of his tractor. If the weight and side draft proves to be twelfight and side draft proves to be twelfight and side draft proves to be the helpfow.

Ralph is enthusiastic about nearly 50 acres of field strips he will be the search of the side of the results from "plow of the plow.

Ralph Johnson, Cannon Twp., guest missionaries and pastors as speakers.

NEW MICHIGAN LAW, AMENDMENT PASSED IN 1956,

(Compiled Laws—168.361, Act 104A, Section 361) Townships, Annual Meetings, Time, Notice, Abolition—There shall be an annual meeting of the electors of each township on the Satur-day preceding the first Monday in April of each year, between 1 o'clock and 8 o'clock p. m.; the time and place of such meeting shall be determined by the township board. The township clerk shall, at least 14 days but not more than 20 days before each such township meeting, post in at least 3 conspicious places in each precinct and publish at least twice in a newspaper of general circulation in the township, a notice designating the date, time and place such meeting shall be held.

Arvil Heilman, Clerk

WHAT'S "ALL NUMBER CALLING" It's the latest development in tele phone numbering. Now, in many communities throughout the country, you dial seven numerals to

example, KL 5-2368 becomes 555-2368—a true telephone "number." Why was this done? Simply because we're running out of usable letter-number combinations. If we're to continue to grow and provide good service, we need to use the more flexible "all numerals" system. Some Michigan communities already have it. More will begin to use it soon. You'll find this new system more accurate and we think you'll like it.

the motor center of the world. We've got drive-up banks and mail boxes, drivein restaurants and movies ... even a place where you can drive up to return a library book. Well, the telephone company is right upto-date, too. We're install-

MICHIGAN'S NATURALLY

ing new drive-up telephone are a welcome aid to the motorist who wants to make call in a hurry. They supplement the regular roadside telephone booths that are already a familiar sight along many of our highways.

A SLIMMER, LIGHTER yet stronger spring telephone cord has been developed by Bell Telephone Laboratories and Western Electric. One secret of its new, sleek strength is the use of nylon, instead of cotton, thread. Slimming a cord seems like a small change-until you realize that it will save more than half a

million dollars annually in cord costs! It's another instance of your telephone company's constant search for new ways to improve the

permanent aspects.

Thank God for those churches in Lowell that still preach what God in His word, the Bible, says about sin and salvation.

SIN: - 1 John 3:4 ". . . for sin is the transgression of the law." 1 John 5:17 "All unrighteousness is sin"

SALVATION: Ephesians 2:8 "For by grace are ye saved through faith . . ." Acts 16:31 ". . . Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house."

We invite you to a church that preaches what God says.
