**Teachers Study School Needs** 

The Lowell high school faculty met Wednesday, January 17, with representatives of the Beyster architectural firm to continue planning on the new proposed high school. The faculty met with Mr. Haberkorn, president of the firm, and Mr. Palmer, the area representative. The purpose of this meeting was to continue study and planning within curriculum areas. The faculty divided into areas of similar interests, exchanged ideas and visit to the Rockford school. Mr. Hagen, high school principal, set up the discussion sessions in order best coordinate the meetings with the school program,

Friday, January 12, Don Palmer met with Mr. Nisbet and looked over possible sites proposed by the are necessary to be taken into according to Mr. Palmer, this is important information, along with surveys of the size and type of nmunity, educational interest, and desires of the people of the district, as well as the need for the number of classrooms in planning a new school.

On January 4th, the high school teachers visited Rockford high people under the leadership of school, meeting with their teachfications suggested for a high school, were discussed. The reports submitted by the Lowell teachers, upon returning, have served as a basis for several meetings with the architects, the school administration and the heart of the served of t ers. The advantages and modi-

present, within a week, to the board of education, suggested bond proposals which can be presented to the voters. From these proposals the amount of tax necessary to build a high school can correctly be presented to the people.

**Make Plans For 'Box Social**'

C. A. Bradshaw, president of the Methodist Men of Lowell and Dan Wingeler, auctioneer chairman, announced Tuesday that George VanderMeulen, well known auctioneer, has been secured to auction the boxes at the old-fashioned "Box Social" being held Monday evening, February 12, at the Methodist church,

Proceeds of the event will be used to help the men pay their pledge on the building fund,

In addition to the auctioning of boxes and the resulting supper, Norton Avery will provide an illustrated travelogue on Michigan.

The public is invited. Ladies are expected to bring attractively decorated boxes containing lunch for two and the men their pocketbooks with sufficient funds to bid-in a box and with it its owner as supper companion. Six-thirty is the hour that has

been set.

The Arrows league record is now 5-1 while second place Cedar has a 4-1-1 record.

The Arrows had been waiting for this match ever since the Red Hawks upset them, and came through in fine style with many clutch victories.

Gary Kropf got the Arrows off to a five point lead with a pin, followed by Dan Walker and Mike Foss with dec. Jeff Bonn (120) picked up five more points for the Arrows as they built up an early 18-0 lead going into the middle weights, Junior Boes (138) picked up Lowell's only 3 points as they held on to a 19-12 margin with three weight classes left, Phil Sanders registered a dec. to increase the Arrows lead to 22-12 Lowell's Red Arrow Cagers who and assure them of at least a tie, and Tom Bigelow secured

This marked the beginning of a traffic in what became known as "Lipman's Postal Cards". Twelve years after Charlton's invention of the postal-card stock, the United States Post Office Department made this open-face mail orm available to the public with the introduction of the penny postal card, (It costs three cents now.) The speed, economy, and conenience of the postal card were juick to catch on with the public, and it became a major comnunication medium and profit-mak er for the paper converter, who

Artificial feeding "seems" like the easy out for hungry deer during Michigan's winters. But, what looks good in the "back yards" of hunting clubs and resorts, suddenly runs into big problems when applied to the sprawling winter range of whitetails in this state. First off, artificial feeding causes deer to "gang up" in feeding areas, promoting further overbrowsing on natural winter foods. Limited artificial feeding might be useful under some short-term emergencies, but on a large scale it could pyramid Michigan's deer-winter food problem unless surplus animals were harvested each fall. The only lasting solutions for a healthier harvested each fall. The only lasting solutions for a healthier harvested each fall. The only lasting solutions for a heather herd are regular and limited special seasons coupled with commercial tree cuttings and other range improvement programs; they can bring deer numbers and the carrying capacity of their range into balance to hold food shortage problems to a minimum. Besides doing more harm than good to the herd's winter range, a large-scale feeding program would face staggering costs even with the help of a new federal law which will provide surplus grain for deer and other wildlife during emergencies.--Mich, Dept. of Conservation.

## MICHIGAN IS INDUSTRY DIVERSIFICATION

Michigan is a good place for any industry. Here we have the ability to produce almost everything and we prove it daily.

It was Michigan which put the world on wheels when it developed the automobile and changed global economics. It was a Michigan-made Red-stone missile which boosted the first American astronaut into space. In between these great achievements is the romance of industrial development by which Michigan advanced the living standards of nearly all peoples and served as the Arsenal of Democracy in the protection of freedom. The nation starts each day with a cereal—generally from Michigan. It travels over highways built

with Michigan materials; protects its health with a Michigan-made pharmaceutical; enjoys the benefits of our research.

The skills, the knowledge, the brainpower which makes this possible is constantly available to industry-a new one or one which expands here. It makes Michigan a good place for industryany industry.

Help carry Michigan's message to the nation. Clip this ad and mail it to someone in another state with your comment. Let's talk up Michigan and its advantages for industry. Together we can assure a greater future for all of us.

MICHIGAN IS EVERYTHING FOR INDUSTRY

# TO OUR NORTH RURAL CUSTOMERS

As you know, the people of Lowell have voted to sell our North Rural Lines and thereby have granted your request to be served by Consumers Power Company.

On behalf of the people of Lowell, we want to thank you for your wonderful loyalty throughout the years. We know you are happy with our decision to sell the rural lines. Most important is the value we place upon your continued friendship. We are looking forward to seeing you frequently in Lowell.

### Just Who Is A Christian?

A Christian is a person who has come to see his sinfulness in the light of God's holiness, is sorry for his sin, has turned to Jesus Christ for forgiveness, and has put his faith in Christ as his Savior. At the same time he makes Jesus Christ the lord and king of his life, so that in all things he strives to please his Lord and

The Christian's testimony is expressed as the apostle Paul put it in Galatians "I have been crucified with Christ. So it is no longer I that live, but it is Christ who lives in me; and as for my present earthly life, I am living it by faith in the Son of God, who loved me and gave himself for me." (The Twentieth Century New Testament).

Such a person is a Christian, Are you one?-H. Buikema
