great state? Here are a few facts we

hought you might find interesting: "INDUSTRIALLY YOURS" would make an appropriate sign-off for a letter to an out-of-state friend. Nearly all the different types of industrial operations in the country can be found right here in Michigan. Close cooperation among industry, our more than 200 industrial research laboratories, and our outstanding educational institutions has been a key factor in developing this industrial diversification. Working together, they continually explore new products, new ideas and new techniques—providing new

"SELF-SUFFICIENT" is the word for Michigan in food production. When it comes to variety of farm products, we're second in the nation. We're first in the production of navy beans, pie cherries and cucumbers for pickling. Michigan's modern farmers are busy farmers; more than 45% of our land area is agricultural. And agriculture is a big factor in Michigan's expanding economy. Our state's annual farm income is currently more than \$750 million!

MICHIGAN IS VACATIONLAND—year round. Our many resort and sport attractions make Michigan one of the leading vacation areas in the nation. There's something for everybody's vacation fun here: water sports at our 11,037 inland and four bordering Great Lakes, snowtime fun at our more than 80 winter sports centers...not to mention hunting and fishing, for which we issue more

licenses than any other state. More than \$650 mil-

Many people feel that because a law is old, or because certain truths are old, they are unimportant and irrelevant in this modern day. Recently some one wrote regarding the violation of a state law: "I for one feel this law is old and out-moded."

Because a law is old, is it therefore of little importance? The law "Thou shalt not steal" is thousands of years old. So, too, is the law "Thou shalt not commit adult-ery." Are they unimportant and irrelevant because they are old? That's the attitude

The same goes for basic truths of the Christian faith. Many want something new and novel. The old truths still stand, however, because they are so true and eternal.

It is characteristic of liberals in every sphere that they have little respect for the cld and proven ways. The prophet Jeremiah, regarding the spiritual and moral, put it this way: "Thus saith the Lord, stand ye in the ways, and see, and ask for the old paths, where is the good way, and walk therein, and ye shall find rest for your souls. But they said, We will not walk therein." Jeremiah 6:16.

At Calvary Chapel we proclaim the old paths, the good way, and we call upon people to walk therein and find rest for their souls. The heart of that good way is repentance for sin and faith in the Lord Jesus Christ,
