Since last fall, some \$1.3 million worth of new construction projects have been contracted under Michigan's parks permit-bonding program. Most of these are already underway and many more capital improvements are scheduled to start shortly as a result of a recent \$2 million bond sale. At some parks, projects have been completed and will be open for business during the 1962 season. The bulk of contracted improvements, however, will not be ready for use until 1963. Progress is being made however, to provide better facilities and more elbow room for the years ahead. Nearly \$850,000 has been spent to acquire key park lands under the permit-bonding program.

A behind-the-scenes battle is going on among the nation's merchandisers over the issue of Sunday retailing. Many retailers—indicated by the Bowne Center Methodist Church, Rev. Leslie Nevins, Methodist Church, Methodist Church, Methodist Church, Methodist Church, Methodist Church, Methodist Church, cluding discount houses, drug odist Missions Ambassador, with stores, sundry shops and gasoline stations—are already established Sunday sellers, and not eager to Orient, a part of Methodist missions. Sunday sellers, and not eager to be joined by others in the lucrative Sunday field. Many giant merchandisers, on the other hand, while opposed to Sunday retailing, are being forced to favor it because of competitive pressures. While most signs point to a grow ing trend to merchandise on Sun day, strong opposition to the prac-

tice is expected to continue.

Fathers teach your children the Bible by Precept and Pattern. "It Pays To Sin!" Satan has his own union and he will pay whatever wage you ask.

The only trouble with this fact is that he can only draw from the Bank of 'Eternal Suffering In Hell'. "For the wages of sin is death; but the gift of God is eternal
