New Falcon Economical The Ford Falcon for 1963 emphasizes sports appeal with five new models, new styling and a host of new features.

Sharply reduced maintenance features new for 1963 include 36, 000-mile chassis lubrication interval (up from every 1,000 miles) elimination of the traditional 1,000mile new car inspection and selfadjusting brakes.

Mr. Buck said that, coupled with a 6,000-mile oil change interval, "This means that from the time a Falcon rolls out of the dealership, no routine maintenance is required for 6,000 milesabout six months for the average driver.'

NARRATED BY

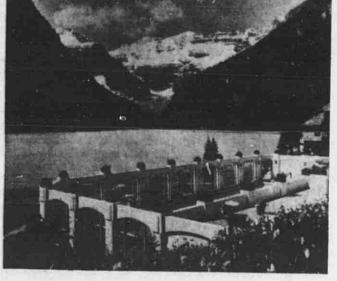

JULIAN GROMER

This film on Canada is packed with thrills, human interest and humor, and was per-sonaly filmed and edited by Julian Gromer. Besides being narrated by this versatile speaker, it will be enhanced by a hi-fidelity musical background. Some of the interesting highlights covered in this film will be treasure hunters digging for Captain Kidd's gold; Peggy's Cove, a gem for artist; New Brunswick, picturesque with covered bridges, Highland dances, and Magnetic Hill; Quebec's Gase peninsula, studded with najestic scenery. Cities of glittering beauty are Halifax, Quebec, Ottawa, Winnepeg and Vancouver. Niagara

Falls is a masterpiece and

Lake-of-the-Woods, a fisher-

man's paradise.

If it didn't say Chevrolet on the flanks of the superb automobile you see here, you'd have a hard time proving it's a low-priced car. It offers luxurious styling, extremely comfortable, spacious and silent interiors . . . plus a lot of invisible ways to keep it looking and running like new when a lot

of others have started to sag and sigh: new flush and dry rocker panels under the doors to guard against rusting . . . self-adjusting brakes . . . Delcotron generator for longer battery life. If you ever wondered why Chevrolet leads its field, a drive in this '63 should answer all your questions

GO CHEVY II for '63-IT'S EXCITING! GO CORVAIR for '63-IT'S EXCITING!

CHEVROLET

Change it? Calm yourself, pobody's going to mess with a winner like this one? We did add self-adjusting brakes and a more fully aluminized muffler; interiors and outside trim are refined a bit, but the rest is pure Corvair with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.

Ford's pace-setting Fairlane sedan series has been expanded to a complete line of hardtops, station wagons and sporty sedans for 1963. The five new models added to the line include secans for 1963. The five new models added to the line include two rakish new hardtops and three new family fun station wagons. The 1963 Fairlane incorporates many new engineering features, highlighted by elimination of the 1,000-mile inspection. Included in the service-saving items are 6,000-mile oil change and minor lube intervals, 36,000-mile major chassis lubrication and long-life self-adjusting brakes.

All nine Fairlane hardtops, station wagons and sedans will e introduced in dealer showrooms on Friday, September 28.
