possible with special DATA-PHONE sets, now under development at the Bell Telephone Laboratories. Transmissions of x-rays and electrocardiograms by telephone have already been tested successfully. Termed a major advance in medical communications, this system means, for example, that consulting specialists in distant cities could receive instant data on a patient's heart performance-even during an actual operation.

TAKE A TURKEY with all the trimmings, add the family 'round the table, and what do you have? A Happy Thanksgiving! But even if someone in the family can't be with you, there's one sure way to keep the day joyful. A Long Distance telephone call, of course. It's the next best thing to being together . . . spreads holiday cheer at both ends of the line. Rates are lower all Thanksgiving Day and, on calls within Michigan, Ic rest after 9 p.m. when you can call any place within the state for 50 cents or less, excluding taxes.

Eliminate "REFUSE RECEPTACLE RAGE"!

REPLACE THAT OLD GARBAGE CAN WITH A MODERN GAS INCINERATOR

The "Refuse Receptable Rage" is what you fly into every time you view that unsightly, unhealthy garbage can. Getting mad won't help though, unless you get angry enough to buy a Gas Incinerator. A modern, automatic Gas Incinerator doesn't just store garbage and trash-it consumes them. It consumes all garbage—bones, cerr. silk, onion skins, plus paper, cardboard, leather and other rubbish—without smoke odor, or noise. And it does all this indoors, so you're not a slave to the weather. See the new Gas Incinerators, soon!
