Student walks into car on Amity St.

The problem of students in the new high school walking in the road was evident this week when Tom Hagen, 15, son of Mr. and Mrs. Carl Hagen of 315 N. Jackson Street, stepped into a car driven by Mrs. Joh Wright, 29, 504 Amity Street. Hagen was walking on Amity Street near the intersection of

Spring Street about 3:30 p. m. on Monday afternoon. Mrs. Wright, going south on Amity, told police that he walked into her car. Hagen was hit by the headlight which broke on impact. He was taken to a local doctor's office, but according to reports Tuesday suffered minor injuries.

The lack of sidewalks on Amity Street has made the street a thoroughfare for students walking to and from school. Many drivers have complained that the boys and girls walk all over the road. Police said Tuesday that they cannot force students to walk off the roadway because there are no sidewalks.

It seems that the streets that do have sidewalks, also have a few lazy land owners when the snow begins to fall.

A Lowell man escaped with minor injuries Monday morning when his car went off the road way and over an embankment west of the M-21-Bellamy Road

intersection. Ionia State Police, who investigated the accident, said Wayne L. Hoag of 319 North Monroe Street, Lowell, was westbound at more than 60 miles an hour when he lost control of his car and veered off the highway.

The car lurched back and forth for over 500 feet before going into a sideways skid for 100 feet and striking six guard rails. The wagon then struck a tree, which came down on the rear of the car, and plunged down a steep embankment, the troopers said.

Hoag, who was slightly injured, was charged with driving under the influence of intoxicants and was lodged in the Ionia County Jail.

When he appeared before Arthur Fox, justic of the peace, late Monday morning, Hoag was sentenced to ten days in the Ionia County Jail beginning this

Not what my hands have done

Not what my hands have done Can save my guilty soul; Not what my toiling flesh has borne Can make my spirit whole.

Not what I feel or do Can give me peace with God;

Not all my prayers, and sighs, and tears Can bear my awful load.

Thy grace alone, O God, To me can pardon speak; Thy pow'r alone, O Son of God, Can this sore bondage break. No other work save Thine, No other blood will do; No strength save that which is divine Can bear me safely through.

I bless the Christ of God; I rest on love divine; And with unfalt'ring lip and heart I call this Savior mine. Tis He that saveth me, And freely pardon gives; I love, because He loveth me; I live, because He lives.

This song is truly scriptural. One scripture text which definitely teaches these truths is Galations 2:16 ... knowing that a man is not justified by the works of the law but through faith in Jesus Christ, even we believed on Christ Jesus, that we might be justified by faith in Christ, and not by the works of the law: because by the works of the law shall no flesh be justified.

You cannot be saved by so called "good deeds," by the reciting of repetitious prayers, or by the observance of rituals, but "by faith in Christ" as the text states

building. This building is very

old; and when we attempt to

use a plant of its age to satisfy

our needs for 1964, we are in

trouble. Superintendent Nisbet

recently prepared a notice to

all faculty members explaining

the problems which have in

many instances been mechanical. I enclose a copy for your

information. In fairness to the

personnel of the Lowell Area Schools I believe we should re-

member that our teachers are

hired to teach. They can't be

expected to understand the

mechanics of the heating plant.

They expect our Board and

Administration to provide the

proper facility which of course

means adequate heating with

adequate controls. This winter

has been most unusual and it is

most difficult to heat these

buildings. The Board of Educa-

tion and Administration will do

everything in their power to pro

vide for controlled heat in its

buildings. Constant attention has

been given this problem by our

Administration, and we hope

that when all mechanical prob-

lems are taken care of we can

report a reduction in operating

Again, I want to thank you

for the cooperation given the

Lowell Area Schools and especi-

ally your interest by your at-tendance at all of its meetings.

Yours truly,
