Lowell receives share of vehicle highway fund

The State Highway Department has started distributing first quarter Motor Vehicle Highway Fund collections to Michigan counties and incorporated cities and villages.

State Highway Commissioner John C. Mackie said net receipts of the Highway Fund during January, February and March of 1964, amounted to \$91.938,815, an increase of \$4,627,070 compared to the same period of 1963.

Kent County's share totaled \$1,380,810 while Lowell received \$10.712.

All state gasoline and diesel fuel taxes and license plate fees go to the Motor Vehicle Highway Fund.

After deduction of collection costs and the Waterways Commission's share, the money is distributed under provisions of state law which provide that 47 per cent goes to the State Highway Department for use on state highways, 35 per cent to the State's 83 counties for use on county roads, and 18 per cent to 519 incorporated cities and villages for their roads and
