Dr. Augenstein came to his present position as chairman of the MSU department of biophysics in 1962. Prior to that

his professional experience included service with the Control Systems Labs, University of Illinois, 1951-56, during which time he earned the Ph.D. degree from there; the biology department of Brookhaven National Laboratory, 1956-58 and 1960-62; the U. S. Atomic Energy Commission, 1958-1960.

In 1961, he was science coordinator for the U. S. Science Fair at the Seattle World's Fair.

Dr. Augenstein is now an adjunct professor at San Francisco Theological Seminary. He delivers about 120 public lectures and sermons each year on various aspects of science. He is also a research specialist for the MSU "Great Issues" television series.

Vote light on reorganization

The turnout was not particularly heavy in the voting Wednesday, May 25 on the K-12 School Reorganization for Kent County.

The Lowell Public School District had a total of 339 votes cast in both precincts. There were 47 yes votes and 24 no in precinct No. 12, the area around Alto, south of Cascade Road.

In precinct No. 11, all the area north of Cascade Road there were 205 yes votes and 113, no votes. This voter approval will result in the merging of Talbot, Mapes, Alton and Moseley with the Lowell District.

Although a few precincts in the county defeated the measure, the total county vote was large enough to insure its immediate effect.

Mueller accepts 4th M. O. A. post

At the 70th annual convention of the Michigan Optometric Association held at Boyne Mountain Lodge the last week of May, 1966, Lowell's own optometrist, Dr. Herbert R. Mueller was re-elected to the office of treasurer of M. O. A. This is the fourth consecutive year he has been accorded the honor.

Dr. Mueller has been very active in local and area civic affairs since moving to Lowell ten years ago to establish his practice. He served the Lowell Lions Club on the Board of Directors for several years, had a seven year perfect attendance record, and was president of the Lions Club in 1962-63.

For five years, he served the Showboat as chairman of the Talent Search and Talent Night committee, leaving this year only because of the pressure of other activities.

Lions Club grows in membership and enthusiasm

Phil Johnson, President of the Lowell Lions Club, congratulates his officers, past presidents, and members on the accomplishments of the club during the past year. A few short years ago the local unit of Lions Club was organized with a starting membership of thirty led by its first president, Bill Jones.

The present membership consists of 40 civic-minded young business and professional men who are willing and able to carry out the high aims and principles of the International Association of Lions Clubs.

Founded in 1917 at Chicago, the Association has grown from a local to a national to a worldwide force for good. The first objective of all Lions Clubs is aid to the blind and working toward the prevention of blindness.

Furnish Eye Glasses The Lowell Lions Club is doing its part in this work. Acting on recommendations by school authorities during the past year the Lions Club has furnished eye glasses for children who would have had to do without them; has made a worthwhile contribution to the Leader Dog and Welcome Home Program sponsored by Lions Clubs; and has participated with other civic groups in aiding Boys State, Youth for Understanding, Safety Patrol Picnic, School Trophies and the YMCA.

The club has joined forces with other groups to work for the success of the Lowell Showboat, a Christmas Contest, a Halloween Party, and to help families whose homes were destroyed by fire.

Club Officers Serving with President Johnson are Gary Rivers, First Vice-President; Carlen Anderson, Second Vice-President; Bernard Kropf, Treasurer; and George Day, Jr., Secretary.

Would you like to be a Lion? Gordon Marshall has color slides accepted for show in Kalamazoo

Gordon E. Marshall, En3, S.S.C.G.C. Kirkin stationed in Honolulu has had three slides out of four entries accepted in the May competition at the Kalamazoo Nature Center.

His grandmother, Edna J. Marshall, who has had much of her own work shown, entered the slides for him and was "ticked silly" with the acceptance of his work.

These slides will be part of a "Forces of Nature" show which will be given at the Center every Saturday and Sunday at 3 p. m. during the month of June.

Mrs. Marshall also had the thrill of talking to Gordon via ham radio on May 20. Although somewhere in the Pacific between Guam and the Marshall Islands, they were able to hear him as plainly as though he were in the room with them.

Three girls participate in exchange program

Participating in the Youth for Understanding Program, independently of the scholarship fund, are Lois Steffens, daughter of Mr. and Mrs. Ed Steffens, 609 West Main Street; Kay Jackson, daughter of Mr. and Mrs. Orville Jackson, 421 Elizabeth Street and Brenda Anderson, daughter of Mr. and Mrs. Donald Anderson, McPherson Road, Lowell.

Lois Steffens will be spending the summer in the Netherlands, in the province of Freisland, in the northern part of the country. Her family has written her several letters and sent pictures of their home. Lois will be living with Mr. and Mrs. J. D. Van DerWeg at St. Jacobi Parokkie, a small village, close to the sea, north of Amsterdam. In fact, their home is built on an old sea dike, and the canal runs in front of their house.

Their daughter, Dirkje Van DerWeg, sent a picture of herself and her 14-year-old brother in their canoe in front of their home.

The Van DerWeg family operate a farm.

Lois will be located about 15 miles from the town of Leeuwarden, where Candy Roth visited last year.

Her maternal grandmother came from the Netherlands when she was a girl of eleven, so Lois will be curious to see if she has any relatives living near her over-seas home. Perhaps she'll discover a raft of Dutch cousins.

Kay Jackson was one of the first of the Lowell Exchange students to receive any com-

munications from her adoptive family. She will spend the summer months in Stockholm, Sweden, at the home of Mr. and Mrs. Carl Olou Ask. Her summer sister will be Anne Marie Ask, 16, who plays a guitar as part of a quartette, with two vocalists. The girls have been playing together for over a year now. Anne Marie has two older sisters, one married and the other in England, on a trip that seems to be something like an exchange student program, however, she will be home this summer.

The family will spend at least part of the summer at their summer home at Kallstorp, on the Tors River which is one of the largest rivers in Sweden, so Kay's summer will be divided between a big city apartment and the country.

Brenda Anderson is planning on a summer in Denmark this year, although she hasn't as yet received any word from her family in that country.

She has been working at Amway in the afternoons, in the on-the-job training program, & plans to use the money earned to help finance her trip abroad.

Brenda had listed Switzerland and Austria as countries she would like very much to visit, but found that the supply of homes for exchange students in those countries was very limited; two homes being offered in Switzerland, & about the same in Austria.

Brenda is president of the Junior class this year, and is planning to run for office again next year, all of which will keep her very busy until departure time arrives.

To hold orientation program for Freshmen

If the pleasure of your home has lost its luster, a fresh coat of paint and some new lighting might be a remedy.

Once regarded as simply a tool to help us see, lighting has come to be regarded as one of the basic requirements for effective and beautiful interior design.

Relighting your home — as one project or a little at a time — can alter its personality.

Often the job can be done just by replacing old and perhaps inadequate fixtures with new fixtures that are both more attractive and provide better light.

Where local electrical codes permit, it is fairly easy for the man of the house to do his own relighting.

Of course, if you have to add some new outlets to design a flexible, well-balanced lighting system, it is best to hire a professional, recommends the American Home Lighting Institute.

A zone may be established only upon application by the owner of the property for special uses such as airport, hospital, extraction of natural resources, colleges, outdoor theater, race track, shopping center, intensive apartment development, trailer or mobile home park, or other uses not otherwise authorized by this Ordinance and which may require special treatment with regard to screening or setbacks and side and rear yards or which may generate special traffic or other police problems. This zone shall also be available for areas where the problem of terrain may require special treatment of matters of setback or side and rear yard or land area restrictions.

1102. USE REGULATIONS AND PROCEDURE. (a) The owner of any parcel of land which is not substantially fully developed or on fully developed land on which it is proposed to erect a building and develop may make application to the Zoning Board for a change of zoning in the Planned Development Zone. It shall also indicate all screening and other landscaping, all exterior lighting and signs. It shall also state in detail the proposed use or uses to be made of the land. It shall also include floor plans and elevation drawings showing architectural style of all buildings except where the Zoning Board and the Township Board shall expressly waive the requirements of floor plans and elevation drawings.

(d) The Board of Appeals shall not have jurisdiction to grant further variations with respect to the Planned Development Zone unless requesting such expressly provide therefor.

State-wide law requires first year school enrollees to be immunized

Parents were reminded today by Dr. W. B. Prothro, City-County Health Officer that a new state wide law now requires all children entering school for the first time in Michigan to secure a tuberculin test in addition to certain immunizations.

It is expected that by having this immunization check point at the time of entering school two things will be accomplished. First, children whose vital protection against these diseases has been neglected will be discovered; second, it will provide

another chance to focus attention on the importance for the younger brothers, sisters and the parents at home.

This check point plan will assure us that in a few years we will be able to concentrate our efforts to reaching pre-school children with the confidence that school age children have been protected already. For the first time in Michigan, we will be able to point to an age group in which we can say with confidence that we know immunization is at a maximum possible level.

Marriage vows unite couple in Friday rites

The marriage of Miss Cheryl Ann Forbes, daughter of Mr. and Mrs. Neil W. Forbes, 3142 Copley Drive, SE, Wyoming, & Terry L. Blough, son of Mr. and Mrs. Lester Blough, 13220 76th Street, SE, Alto, was solemnized Friday evening, May 27, in the Faith Reformed Church in Wyoming, with the Rev. John VanderMay officiating.

The former Miss Forbes selected a full length empire sheath gown of chantilly lace with scalloped lace train falling from the shoulders. A lace pillbox veil topped with silk roses secured her veil, and she carried a bridal English cascade arrangement of wedding white orchids, backed with lace white roses and trailing wedding heart ivy.

Her attendants wore chiffon empire styled A-line gowns in shades of avocado, trimmed with white and yellow embroidered lace with matching pillbox veiled headpieces. Their flowers were yellow gladiolas entwined with white sweet heart roses.

Linda Buchanan of Caledonia was the maid of honor. Bridesmaids were Diane Chaterdon of Lowell, Mary Roskamp of Wyoming, and Elsa Messelink of Grand Rapids.

A yellow chiffon floor-length dress was worn by the flower girl, Gwenn Marie Forbes, sister of the bride. She carried a lace parasol, holding yellow sweetheart roses and white pixie mums. Ringbearer was Ricky Johnson of Grandville. Jake Blough of Alto, brother of the groom, was best man. Ushering was Douglas Forbes, Dennis Fahrni and Kenneth Blough, jr.

A reception was given in the church parlors, with Mr. and Mrs. Edward Buchanan of Caledonia, aunt and uncle of the bride, presiding.

Ada Volunteer firemen proud of uniforms and equipment

Shown above is the Ada Volunteer Fire Department posing in their new uniforms, with the new piece of fire-fighting equipment recently supplied by the county. This gives the department a total of three pieces; two tanker-pumpers and one truck for fighting grass fires.

For the past two or three meetings, the men of the Ada Volunteer Fire Department have been attending in their new uniforms. Before this it was rather "come as you are."

The department looks very professional & polished in their uniforms, which they purchased with money earned by doing odd jobs around the community. They also had some donations made to the cause by different citizens of the community.

Pictured above at the May 16th meeting are: Bill Cramer; Stan Osmolinski; Len Washburn; Bill Muller; John Sytma; Don Belmers; Bill Blume and Ted Sytma. Also Ron Boersma; Howard
