# 10,000 gallon sewage spill discovered in Alto

Kent County Department of Public Works' officials said frost was responsible for pulling a pipe out of its joint, causing a sewage spill into Denny Hawk's comfield at 64th and Bancroft Avenue.

The 10,000-gallon sewage spill which was reported on Wednesday, Feb. 17, took 4-6 hours to clean up Thursday, Feb, 18.

"The pipe separated at the mechanical joint causing the spill, which drained into a low

spot of Hawk's corn field," Kent County Department of Public Works' utility worker James Welmarink said.

He adds that no streams, lakes or water tables were affected by the spill. "It (10,000 gallons) sounds worse than it is. It is probably no worse than a farmer dumping manure on the ground."

Hawk is not quite as comfortable with that summation. "I just want an answer from somebody knowledgeable." He adds, "I called the DNR Emergency Spillage Service in Detroit and was told that something would be done."

Ernie Jousma, an Environmental Quality Analyst from the Department of Natural Resources adds, "Ordinarily if we can recover what's spilled we do, but from my understanding, this is not recoverable,"

He continues, "The spill is well isolated from homes and there is no threat of exposure in terms of the ground water."

cavating, helped the Kent Works with the cleanup.

A sewage spill that was reported on Wednesday, Feb. 17, at 64th and Bancroft Avenue in Alto, according to officials was caused due to frost on the pipe. The spillage drained into a low spot of Denny Hawk's cornfield. The spill took 4-6 hours to clean up. However, some of the spillage that was labled unrecoverable, remains.

## Keiser's will rebuild at East Main location

Keiser's, coming as soon as the renovation work on the inside is completed.

The Lowell City Council approved a variance submitted by Keiser's Kitchen allowing the 20-by-60 expansion of the building previously occupied by Paul's Showboat Restaurant.

The property, located at the southeast corner of S. Division and E. Main, is zoned R-3 (residential and apartments).

Keiser's requested the variance to expand the building up to 2,000 square feet, allowing for extensive renovation. Their evential intent is to petition for rezoning the property to commer-

Cahoon adds that being on the quieter end of town, their shouldn't be the in-and-out of traffic problems that occurred at the corner of Amity and W.

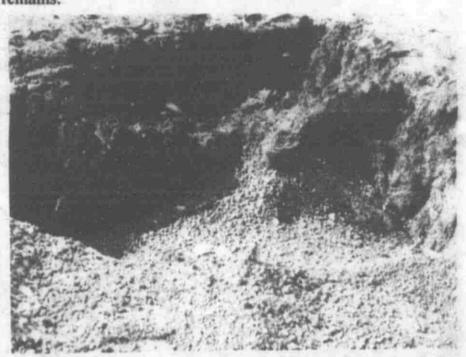

"We've already gutted the inside and are down to four walls, and ready to rebuild,"West said.

Keiser's deal with Paul Erickson, former owner of Paul's Showboat Restaurant, finalized on Friday, Feb. 5. Renovation was then started on Feb. 9, with May 1, the target date for Keiser's opening.

"We have a year's lease on the building we're currently in (109, Riverside Dr.). If we can generate enough money to keep it open and pay for the lease while works being done on the new location, we will," Blair Cahoon said.

STROKE

Dr. Paul Gauthier

Dr. Jim Lang

HEALTH

Stroke is the third leading cause of death in the United States behind coronary heart disease and cancer. In the next couple of columns we will be reviewing this broad topic.

It has been estimated that there are a half-million new cases of stroke each year in the U.S. In those that have experienced strokes, 1/3 to 1/2 will die within 30 days, 40% will require special assistance and up to 10% may have to be placed in extended care facilities. Stroke is a devastating occurrence in any family. Surgical and medical therapy is much more effective in preventing strokes than in limiting or reversing the effects of stroke, once it has occurred. Fortunately the incidence of stroke has decreased in the last 25 years.

Stroke is a syndrome of altered brain functions leading to varying degrees of neurologic deficits. Symptoms can range from local tingling and numbness to profound coma, depending on the amount of brain damage. The onset of stroke is usually quite rapid, from seconds to hours. Stroke is usually due to occlusions of blood vessels by blood clots or actual bleeding into the brain tissue.

Over a long period of time the arteries which lead to our brains can become narrowed by build up of placques along the walls of the artery. These narrowed arteries lead to irregular blood flow which can promote the formation of clots resulting in cerebral infarction or stroke. Abnormalities of the heart can also lead to small clot formation. A small piece from this clot can break off, travel down stream and wedge into the distal artery, effectively blocking blood flow to critical parts of the brain.

Several risk factors of stroke are reviewed below: - Age - The risk of stroke increases with age, over 80% of strokes occur in those over age 65

- High Blood Pressure - This is probably the greatest stroke risk factor. As blood pressure increases so do the chances of stroke. - Sex - Stroke is more common in men. However, women who use oral contraceptives and smoke also have an increased risk

- Heart Disease - As stated previously, clots can develop in those with abnormal valves, previous heart attacks and irregular

- Diabetes - Uncontrolled blood sugar damages blood vessels - Race - There is a higher mortality in blacks probably due to increased incidence of hypertension. - Heredity - You are at increased risk if one of your parents

has had a stroke. - Smoking - Smokers have twice the risk of suffering a stroke

as non-smokers. - Previous Stroke or Transient Ischemic Attacks - Next week we'll discuss this important risk factor and how it helps us intervene to prevent a full blown stroke.

With very few exceptions, I have rolled out early each Tuesday morning for the past twelve years. The purpose being, to write this stupid column. Tuesdays work well because it's "press day", and I'm under some pressure to get the thing written. Also, the early morning hour seems to work well because my brain isn't fully engaged, and some of my weirder than usual thoughts end

The system may work well, but, I wouldn't roll out at 4:30 a.m. every Tuesday if I didn't have to. I may be weird, but I'm no masochist. Every once in awhile, I run across a little tidbit of information that I can substitute for my original wit, and the following letter is just such an example.

I would first like to commend you for the excellent, "Friendly Hometown" type publication presented us every single week. Through past experiences, I have had a peephole insight pertaining to the rigorous task of gathering and assembling all of those words and pictures into a comprehensible piece of work.

As a subscriber since the day you took the helm of the Showboat City News, I eagerly await each new issue. When it arrives, the first order of business is searching for your "Cozy Corner" column. amazes me the way you take quill in hand and let the flow of ink carry us magically into your thoughts, your mind, your home, your personal life. For instance, in the column of Feb. 10, you shared with us the quandry the Brown household has with and inadequate supply of hot water. You are surely aware that we all have our problems, yours at present is a shortage of hot water. Mine pertains to a reference made in the aforementioned column. To be more specific, it's the appliance in question. You referred to t as a hot water heater. Hot water in my home is supplied by a water heater. It's function is to heat cold water up to a desirable emperature. You may want to search your basement to see if you o indeed have a water heater as well. I suspect that the elusive ittle feller may well be the true culprit. A hot water heater cannot e expected to perform properly if it has no hot water to heat. While you're at it, I recommend you check your dry clothes drier, nd the brewed coffee percolator or your cold water cooler.

Come on Rog, a slip of the tongue is one thing, but to repeatedly nake this same mistake in print is inexcusable. I hated to have to o this man, but we have to think of the rest of the family. Let's hape up and be more careful. Huh!

Item No. 1: Request a sign variance for Ye Olde Curiosity Shoppes (219 E. Main) to allow a projecting sign over the city right of way. The Public Hearing was opened by Chairman Thompson of the Zoning Board of Appeals. Helen Schaefer (as owner) stated she needed the sign to protrude so that east and westbound traffic can see it, mounting the sign on an existing bracket. Councilman Collins felt that the same request has been brought up once or twice before by previous owners of that particular store and it was denied. He also mentioned that this ordinance was put there for a reason. Once a sign has been taken down, another one is not to be put back up. Councilman Doyle said that other businesses have changed their signs since the ordinance has been in effect pointing to the Speerstra Agency and Sneaker's Sports Bar as examples. Chairman Thompson thought those fell under the Grandfather Clause. Doyle made the motion that

member of the Planning Commission said that the main reason for this ordinance was to clear the main street of all the different array of signs protruding over the right of way. He noted that the sign portion of the ordinance required more time to resolve than any other issue, and suggested that the Council carefully consider variances to it. Maatman suggested that the petition be postponed for two weeks so that staff could check into if there are signs that have been erected since the ordinance went into effect. The matter was tabled for the next meeting.

Item No. 2: Request for Keiser's Kitchen (521 W. Main) needing setback (front and both side yards) and parking space variances so that the restaurant may be rebuilt on the present site. The Public Hearing was opened by Chairman Thompson. Variances petitioned were: front yard set back requirement of 25 feet to be reduced to zero; side yard set back requirements of 10 feet east and 7 feet to the west, also be reduced to zero; and parking space requirements decreased from 53 spaces to 35 (reflecting the current lot size). Darlene Westcott asked permission to rebuild her restaurant, Keiser's Kitchen, on the same location that it occupied prior to a fire that destroyed it earlier this year. Councilman Thompson stated that he thought they fell under the Grandfather Clause. City Manager Pasquale said that with the demolition of the existing building and reconstruction of a new facility, the restaurant would fall under the current zoning ordinance, requiring the variances. It was asked are the variances valid for a similar business if Keiser's receives the variances and decides not to build there. Councilman Doyle states his understanding is that the variance would go with the property, not the individual. City Manager Pasquale stated that conditions could be tied to the variance.

Phil Johnson, as owner of Lowell Plaza, state he had no problem with the restaurant being rebuilt, but questioned why Keiser's should have a variance of 15 to 20 spaces, but his adjoining development was allowed only 5 parking spaces. He noted that Keiser's does not have the parking spaces available for a business of that size. Councilman Thompson stated the difference here is that the business was here. Public Hearing was closed. Fonger asked how close would the building be constructed toward Lowell Plaza. Mrs. Westcott said there will be an opening where the house was, they would not go any farther. It will be where it sat right before.

IT WAS MOVED by Councilman Collins and supported by Councilman Fonger to grant Keiser's variances requested for a period of one year, subject to site plan review for a restaurant structure of similar size.

this motion. Leonard Jackson (605 Birchwood Ct.) as a former quested a variance to expand a building up to 2,000 square feet previously occupied by Paul's Showboat Restaurant. The property is currently zoned R-3 (Residential and Apartments). The existing restaurant is a non-conforming use and cannot be expanded without a variance.

IT WAS MOVED by Councilman Fonger and supported by Councilman Collins to set a Public Hearing date for February 16, 1988, to consider a variance expanding the restaurant building at 700 E. Main on behalf of Keiser's Kitchen.

NAY: 0. MOTION CARRIED.

Item No. 4: The Council received a unanimous recommendation from the Planning Commission to approve three zoning ordinance amendments as follows:

A. The first allowed public facilities parking lots in R-1, R-2, and R-3 districts by special approval. Public facilities include such uses as churches, schools, and government buildings. This issue arose from the Congregational Church wishing to build a parking lot on two residential properties by Spring Street. Instead of rezoning, this amendment would require a public hearing and be more protective of the neigh-

B. The second amendment provided performance guarantees under site plan review insuring compliance for public improvements. The Planning Commission may require deposit, certified check, irrevocable bank letter of credit covering the estimated cost of improvements associated with the

C. The last amendement dealt with deleting the requirement for special approval for private swimming pools in residential districts. Swimming pools would be treated as permitted accessory uses without need of a public hearing.

During the time of Council discussion, Councilman Thompson stated that he wished to hold a public hearing on these amendments for further input.

IT WAS MOVED by Councilman Collins and supported by Councilman Doyle to approve the zoning ordinance. YEA: 4 (Collins, Fonger, Doyle and Maatman). NAY: 1 (Thompson). MOTION CARRIED

Item No. 5: The Council reviewed a unanimous recommendation from the Planning Commission concerning Lemmen Oil property (310 W. Main), to approve rezoning the parcel from C-3 (Central Business) to C-2 (General Business). Manager Pasquale mentioned that Wayne Lemmen, as owner, received permission through variance and site plan approval to construct a convenience store and gas pumps at the southeast corner of W. Main and S. Hudson. He wished to have a conforming zoning for his present and future development.

The Council decided to forego another public hearing on this

# Vennen wins fifth straight service award

Lowell's Vennen Chrysler Dodge and Plymouth was awarded the "Five Star Service Professionals" plaque for its sales, service and body shop. Above, front to back, Bob Vroman, sales manager; Denny Hawk, service manager; Daryl Kuiper, general manager; Irv Hall, office manager; Ed Stormzand, body shop manager; and Tom Russell, parts manager, average 15 years of service with the dealership.

Vennen Chrysler Dodge & Plymouth of Lowell was the recipient of the "Five Star Service Professionals" plaque in recognition of its sales, service and body shop for 1987.

This marks the fifth consecutive year the local dealership has been bestowed such an honor. There were 35 dealerships in the Detroit zone that won the award.

"It is a very prestigious award as far as Chrysler dealerships go," said Denny Hawk. "This award doesn't award a specific area, it judges the dealership as a whole, thus it requires all departments to work as a team."

The car dealerships were graded through customer surveys. They were graded in the following areas: customer satisfaction, courteous assistance, trained technicians, neat and clean service facilities, and upto-date service methods and equipment.

"Our dealership works to service our customers first, and if that's done properly then the awards follow," Vennen's general manager Daryl Kuiper said.

Kuiper adds that sales have grown because of its service, "to the point that we've added a new used car building," he explains.

Of the six managers at the local dealership, they have an average of 15 years of experience. The managers are Bob Vroman, sales manager; Denny Hawk, service manager; Irv Hall, office manager; Ed Stormzand, body

shop manager; Tom Russell, parts manager; and Kuiper.

"We treat customers with dignity and respect, and are willing to go the extra mile to earn the deal," Kuiper said.

shop, or a cold sandwich deli way we will shut it down a couple months before the lease runs out."

The original Keiser's Kitchen were being considered. "Either was scheduled to be torn down the week of 20-27. Cahoon added that maybe someday a retail business would be built in its spot.

> Greg Seeley of Olympic Buildings is the licensed carpenter and contractor helping Keiser's with the renovation.

"We intend to increase our menu back to what it was at the original location," West said.

### Lowell Women's Club offers driving program

55 Alive/Mature Driving, an innovative, classroom driver retraining program designed to help older persons improve their driving skills, is being offered on March 15 and 16 at 12:30 p.m. to 4:30 p.m. both days at the Schneider Manor sponsored by The Lowell Woman's Club and Ann Booth.

Developed by the American Association of Retired Persons (AARP), 55 Alive/Mature Driving is the first comprehensive driver retraining course geared to the specific needs of older motorists.

The course material covers the effects of aging and medications on driving, basic driving rules, license renewal, local traffic hazards, adverse road conditions, energy saving, and accident prevention measures.

Research shows that older drivers are involved in more accidents than their middle-aged counterparts when the record is based on actual miles driven. The physical changes of aging create difficulties for many older drivers when yielding the rightof-way, backing, turning, changing lanes, and entering and leaving expressways.

However, research also indicates that older persons can improve their driving abilities through additional training, attention, and practice, enabling them to maintain their driving licenses longer while driving safer. This is the ultimate goal of 55 Alive/Mature Driving.

Persons 55 years of age or older are eligible to participate in the program and may even qualify to become Instructors. The course fee is \$7.00. Send a check or money order, made payable to AARP, to: P.C.Lussmyer, 12950 Beckwith, Lowell, MI
